## Begin receptive to U.S. plan

JERUSALEM (AP) — Prime Minister Menachem Begin said Thursday he would accept a mutual defense pact with the United States, including American military facilities in Israel, but rejected stationing of U.S. troops in the occupied West Bank of the Jordan River.

Speaking to American fund raisers three days before leaving for a Middle East summit at Camp David, Md., Begin said if a defense accord were offered, "I will recommend to the government to sign such an agreement."

Referring to reports President Carter may suggest to him and Egyptian President Anwar Sadat that American forces police a peace agreement in the West Bank, Begin said, "We will not accept any troops in Judea, Samaria and the Gaza Strip, including American, or United Nations troops, or American troops as part of United Nations troops, because we do not want foreign troops to defend our people.

## No energy bill this year, Helms says

HIGH POINT (AP) — Republican Sen. Jesse Helms said Wednesday he believes the chances for a Senate compromise on the Carter administration's energy proposals are dead.

After addressing a group of campaign supporters, Helms said he had thought there would be a compromise on energy legislation until last Friday, when he said there were reports President Carter made a deal with Sen. James McClure, R-Idaho, for his vote on the measure.

He said the action "infuriated a lot of people on both sides, and I am doubtful at this point that the Senate will vote cloture on a filibuster. I am doubtful that there will be any energy bill this year."

## Three arrested in PCB dumping case

Three New York men have been arrested and charged in the dumping of thousands of tons of toxic PCB along 270 miles of roadway in North Carolina. Robert Burns and his sons, Tandy Burns, and Timothy Burns, all of Jamestown, N.Y., were taken into custody following an investigation by the N.C. State Bureau of Investigation.

The three were arrested on warrants drawn from three indictments returned by the Halifax County grand jury Wednesday. Each is charged in a separate seven-count indictment alleging that on or about July 28 they feloniously damaged public property, conspired to damage public property and created a public nuisance.

#### Kenyan cautions fellow countrymen

NAIROBI, Kenya (AP) — Kenyans mourning under a hot African sun Thursday buried the father of their country, Jomo Kenyatta. The presiding clergyman warned against "fierce wolves" who might try to destroy 15 years of peace and prosperity nurtured by the late president.

Kenyatta, known affectionately to his countrymen as the "wise old man," died Aug. 22 at his residence in the coastal town of Mombasa. He was in his 80s. "We can destroy it all in one day if we so wish," said the Rev. Charles M.

"We can destroy it all in one day if we so wish," said the Rev. Charles M. Kareri at the open-air funeral. "We also have the power to make it live and progress to greater prosperity."

# The Baily Tar Heel

On more than one occasion it has been stated that the ob-

ject of every article has been to pass on God's message to

man, old and young, found in the last part of the Book of Ec-

clesiastes: "And further, by these, my son, be admonished: of

making many books there is no end; and much study is a

weariness of the flesh. Let us hear the conclusion of the

whole matter: FEAR GOD AND KEEP HIS COM-MANDMENTS: FOR THIS IS THE WHOLE DUTY OF MAN.

For God shall bring every work anto judgment with every secret thing, whether it be good, or whether it be evil." "Re-

the above passage concerning "the whole duty of man" has

been quoted as much, if not more than any other one Scrip-

# UNC prof sworn in as circuit judge

From staff and wire reports

RALEIGH — UNC law Professor J. Dickson Phillips was sworn in Thursday as a judge on the U.S. 4th Circuit Court of Appeals, and N.C. Court of Appeals Judge David Britt took the oath of office as an associate justice on the N.C. Supreme Court.

Gov. Jim Hunt was among a throng of friends and state officials who witnessed Britt being sworn in by state Chief Justice Susie Sharp in the chambers of the state's

highest tribunal.

Hunt appointed Britt recently to serve the remaining four months of the term of Associate Justice I. Beverly Lake Sr., 72, who is retiring from his seat on the state Supreme Court.

Britt won the Democratic nomination to Lake's post in May but has no Republican opposition in the November general election. He leaves the N.C. Court of Appeals, where he has served since

Blocks away from the state Supreme Court building, U.S. Wastern District Courthouse, Phillips took the oath of office and assumed the federal circuit judgeship of the late Judge Braxton

#### J. Dickson Phillips

Craven of Asheville, who died in May

Phillips was confirmed for the post by a voice vote in the U.S. Senate last month. The professor's confirmation ended a year of political patronage haggling between President Carter and the state's U.S. senators, Republican Jesse Helms and

Democrat Robert Morgan.

Phillips joined the UNC School of Law faculty in 1960 after having practiced law with former Gov. Terry Sanford. Phillips was dean of the school from 1964 until 1974. In 1967, he served on the N.C. Courts Commission when that body recommended an over haul of the state courts system.

## Brice Street holds concert at campus party Sept. 9

By LAURA ALEXANDER Staff, Writer

Outdoor games, a barbeque dinner and live music all will be part of a campuswide party sponsored by the Carolina Union and Morrison dormitory Sept. 9 at Ehringhaus field.

Sack races, dodge ball, pyramid building and other events will be held from 1-5 p.m. Afterward, chopped barbeque, cole slaw and Coke will be served for \$2 per person, while the Jazz Mongers, a local band booked by the Carolina Union, provides dinner music.

At 8 p.m., the Brice Street Band will appear for an outdoor concert ending at midight

The Social Committee of the Union Activities Board and the Morrison Social Committee are coordinating the event, which officially will close Union Week activities, a week of contests and cultural events Sept. 5-9.

The organizations are expecting at least 1,000 students for the outdoor games, said Eddy Camp, social lieutenant

about. By God's Grace Christ came down and lived thirty-

three years here, kept God's Commandments perfectly; and

offers to bestow His Righteousness to every soul that

accepts it by Falth. Hebrews 11:1 says: "Now faith is the

substance of things hoped for, the evidence of things not seen." This tells us in plain language that "our faith is in what we want and hope for most of all. With the natural eye you

can't see a "hope" or a "want," but you can surely see the

evidences of what a man wants and hopes most for by look-

ing at his acts, words, conduct, etc. John Wesley said: "All

the enemies of Christianity are mere triflers in comparison

This column has told the story of how Charles the First of

England lost his head on the chop block! Doubtless his high

position, his pride and his ignorance, caused him to believe

"The Almighty was such a one as he was," and he had

"divine right" to do as he pleased. Puritans and other people

who had "true fear of God" in their hearts withstood Charles,

and God gave them a great victory, and the record says: "On

Jan. 30th, 1649, King Charles was led out to Whitehall to die."

Jeremiah 8:9 says: "They have rejected the Word of God,

what wisdom is in them? Surely the implication here is that

those who reject God's Commandments are sadly deficient

Did not Christ say it would be better for some if a millstone

were hanged about their neck and drowned in the depth of

the sea: and did not He say of one man: "Good were it for that

man, if he had never been born! "Forbear thee from meddling

governor of Morrison, and 500 persons for the barbeque. Dinner tickets are on sale at the Union information and Morrison desks.

Bill Steigerwald, chairperson of the Union Social Committee, said the two organizations will split the cost of the entertainment. He said they expect to break even on the food.

Camp and Morrison Gov. Steve Davis developed the idea last April and presented it to the Union for approval, Camp said.

In the event of rain, the games and the concert will be held in the new Tin Can, where alcoholic beverages are not allowed, and dinner will be served in Morrison's recreation room.

#### FOR THE RECORD

In a story last week about anti-nuclear power activists, the Daily Tar Heel incorrectly implied that protestors at the Seabrook, N.H., nuclear facility protested through non-peaceful methods.

The Seabrook activists advocated peaceful demonstration methods, even though several of their number were arrested at the sit-in protest. The Daily Tar Heel regrets the improper implication.
