WROCLAW, Poland — Pope John Paul II offered his countrymen "my solidarity" Tuesday in defense of the Polish workers' movement, words that again sent hundreds of youth marching off to a confrontation with police.

The demonstrators, shouting support for the banned Solidarity union, dispersed peacefully after they were intercepted by helmeted riot police backed by a water cannon.

The Communist authorities for the first time responded directly to the blunt papal statements that have stirred anti-government passions across Poland.

In a newspaper interview, Deputy Premier Mieczyslaw Rakowski alluded to the pontiff as an educator feeding Polish youths "myths, legends and half-truths" about Poland's history.

Meanwhile, a spokesman for Lech Walesa in the northern seaport of Gdanak said the

Solidarity leader would meet with the pontiff in Krakow today, the last day of the eight-day papal homecoming.

CAPE CANAVERAL, Fla. — Commander Robert Crippen turned Challenger's cargo hold toward Earth on Tuesday to avoid the overheating — or freezing — of an experiment array that will become the first satellite ever released from a spaceship and recaptured.

On the ground and in the air, Friday's land-

ing weather became a concern.

The West German-built satellite, locked in the cargo bay, is called SPAS — for Shuttle Pallet Satellite. Early Wednesday, astronauts Sally K. Ride and John Fabian grasped the 3,300-pound package with the shuttle's 50-foot robot arm, released it overboard and snatched it back.

Rehearsals had already begun for Friday's first-ever shuttle touchdown at the Kennedy Space Center, with a NASA pilot tracing Challenger's approach path across Florida at dawn.

RALEIGH — Republican senators said the Appropriations Committee's failure to cut state government spending resulted in the need for the \$208.1 million tax package tentatively approved by the state Senate Monday night.

"The Appropriations Committee did not have the courage this Senate Finance Committee did," said Sen. Donald Kincaid, R-Caldwell, during debate on the package. "The cuts that we've made are a joke. The next General Assembly is going to have to pay off the debt."

He said while private industry met the recession with cutbacks, state government has lagged behind.

Campus & area briefs

From Staff Reports

Students were forced to leave the Student Union and the Undergraduate Library Tuesday night when a power outage took place forcing the closing of these and other campus building in the mid-campus area.

A work crew from the Electrical Distribution Division was called to investigate a power problem in Davie Hall at 6 p.m. Tuesday. While the workers were attempting to correct the problem "a circuit line dropped out which feeds power to the new Walter Davis Library, the Cobb Dorm

Area, and the Student Union," a division source said.

Technicians worked on the lines until 12:30 a.m. and were able to restore power to all buildings except Davie Hall and the Walter Davis Library.

Back Street's Restaurant of 151½ E. Rosemary Street has closed and will not reopen until this fall. The restaurant's co-owners Chuck Fry and Jon Childers said they hope to be back in business before the end of the first semester next school year, but Fry said, "I don't see mid-fall as a like-

ly possibility."

The Chapel Hill building inspector ordered the building's owner, John Kates of Chapel Realty, to renovate his structure by building a fire wall on the back of the building. Blackie's Steakhouse, that had been attached to the rear of Back Street's burned last June.

Fry and Childers said that instead of renovating their present building Chapel Realty is going to build a new office building on the property. Back Street's Restaurant is going to get a new, longer lease in that building.
