

Fetter, Robinson seek senior class offices

By JANET OLSON
By Staff Writer

Steve Fetter, a psychology and criminal justice major from Ft. Lauderdale, Fla. and Laquetta Robinson, a junior psychology major from Mount Olive, have announced their candidacy for senior class president and vice-president.

Fetter said his first priority, if elected, would be to make commencement special, and he would like to acquire a nationally prominent speaker. He said he and Robinson were willing to work toward simplifying the process of obtaining a speaker. One way to do this would be to set up junior class officers who could begin addressing the speaker problem a year ahead of time, he said.

Already, Fetter said he secured an agent from American Talent International in New York who would help with obtaining a prominent speaker. The agent would offer money for speaker fees and would provide movies for use as fund raisers, Fetter said.

If elected, Fetter said he would also like to work with Carolina Annual Giving to secure a more valuable class gift.

"We'd like to present a gift of the Class of '85 could really be proud of," Fetter said.

Robinson said she and Fetter also supported the idea of a senior class trip, but would like to make trips more economically feasible.

"We like the idea of the cruise," Robinson said, "but we also feel that it's so expensive that a lot of participation isn't feasible."

In addition to a major senior class trip, Robinson said she would like to see the class take several minor trips. Trips to hockey games and skating rinks and holding pig pickings and parties seem more feasible for most seniors, Robinson said.

Fetter and Robinson said they would like to publish a senior newsletter in conjunction with the Job Placement Center on a monthly basis, Fetter said. The

Steve Fetter (left) and Laquetta Robinson

newsletter would publish deadlines, interviews and trips and would ask for senior feedback.

Fetter is a member of both the executive and the customs board of Sigma

Phi Epsilon and is a member of the Phi Ea Sigma and Psi Chi honor societies.

Robinson is the on-campus coordinator for the Black Student Movement and is an orientation commissioner.

forums

Manuel said she would institute an ombudsman at the paper to handle complaints and suggestions.

"The main thing I want to do are increase university news and student input," she said.

Winstead said he thought there were a lot of things wrong with the DTH.

To increase the diversity of the editorial page, Winstead said he would "divide the back page up into liberal, conservative, and off-the-wall."

CAA presidential candidates Mike Barnhill, Jeff Byrd, Will Conner, Jennie Edmundson and Winstead stressed more student involvement in the CAA.

"I'd like to see students get all the seats behind both benches in the student activities center," Barnhill said.

"My main thing is homecoming," Byrd said. He stressed the unity of faculty, town and students in planning homecoming.

RHA presidential candidates Mark Stafford and Winstead outlined how they would improve housing for students on campus.

"I think the biggest problem is 12,000 of us on February 27 are going to be looking for a place to live," Stafford said.

Edmundson said she would create a newspaper with a brief description of the sports offered at UNC. She said it would be financed with local advertising.

Edmundson also proposed a major entertainment event during Homecoming Week, such as a concert in Carmichael Auditorium.

Winstead said, "I'm for a fun homecoming. Let's have some fun." If elected, he said he would work to

get a life-size bronze statue of Dean Smith outside the SAC.

In his campaign for RHA president last year, Winstead sought the removal of all resident assistants in the dorms. However, when addressed with the issue Monday night by Ehringhaus RA David Riddle, he said he had changed his ways.

"Last year we had a different director of housing," Winstead said. "Under the present administration, I say keep the RA's."

State and Nation

The Associated Press

WASHINGTON — The Federal Reserve Board on Monday joined the president's embattled chief economist, Martin Feldstein, in sounding a warning about the dangers posed to the economy by the high budget deficits projected in the administration's new budget plan.

Meanwhile, the stock market fell sharply in a slide that analysts attributed to concern over the deficits and high interest rates. The Dow Jones average of 30 industrials took its biggest one-day pounding in more than a year and tumbled to its lowest level since the summer.

The renewed worries about the deficits were sparked by last week's official unveiling of President Reagan's spending blueprint for the upcoming 1985 fiscal year which starts Oct. 1. The plan projects deficits of about \$180 billion over the next few years. The red ink hit a record \$195.4 billion in 1983.

Co., which built the satellite and its twin, Westar VI.

"Two similar failures after 18 successful firings obviously suggest a common technical problem may have existed with these two (rocket) motors," Brandes said.

EUREKA, Ill. — President Reagan celebrated his 73rd birthday with thousands in his hometown Monday, then told students at his alma mater that America has emerged from "an era of paralyzing self-doubt" that enabled some nations to threaten the United States without fear of consequence.

"We've changed this," the president declared. "We're trying to see to it that American citizens — and it doesn't matter whether they are Navy pilots in the Gulf of Sidra or medical students in Grenada — can no longer be attacked or their lives endangered with impunity."

The president addressed students at Eureka College after being feted at a community birthday celebration, complete with parade, in his hometown of Dixon, Ill., about 100 miles from here.

CAPE CANAVERAL, Fla. — The space shuttle astronauts launched a satellite for Indonesia on Monday, but it ended in a useless orbit, just like its twin Westar VI launched three days earlier.

The North American Aerospace Defense Command located the Palapa B2 satellite about seven hours after its ejection from space shuttle Challenger. The satellite was in an elliptical Earth orbit so low that it "cannot perform its mission," said Richard Brandes of Hughes Aircraft

RALEIGH — Democratic Gov. Jim Hunt and a dozen supporters battled through a snowstorm Monday morning to pay the filing fee to challenge Republican Sen. Jesse Helms' re-election bid.

Hunt said the filing at the state Board of Elections was "a pledge by Gov. Jim Hunt to get more things done for North Carolina in the U.S. Senate."

He said the major themes of his campaign will include jobs, protecting family farms, improving education, protecting the elderly and saving the environment. He said he'll begin issuing major position papers on six or eight vital issues later this month.

Winstead

From page 1

it affects the election. The (DTH) policy is consistent for all candidates."

Since Winstead's appeal to the Elections Board Monday was verbal, he is entitled to make the appeal to the board in writing, Sutherland said. Winstead could instead appeal directly to the Student Supreme Court, he said.

case to the Student Supreme Court, Winstead said: "You will know in 48 hours."

"I will continue this process until I am treated fairly," Winstead said earlier in the day.

During the Elections Board meeting Monday, DeRochis said she would cooperate with the board on the issue.

"I want to work with you because I don't want Frank Winstead to go to the Student Supreme Court and say this (DTH coverage) influenced the outcome of the elections," she said.
