

Chancellor approves summer appointments to Honor Court

By Jennifer Williamson
Staff Writer

Chancellor Paul Hardin's approval of summer appointments to the Undergraduate Honor Court will allow the court to begin hearing summer cases, said Jeffrey Cannon, assistant dean of students.

The court was prevented from sitting after Mark Bibbs, chief justice of the

Student Supreme Court, ordered the Summer Student Congress not to meet until he ruled on a challenge to its composition. Congress was to have confirmed summer court members.

Court members met with Hardin last week to get the appointments approved.

The court members for the summer have been trained and certified, Cannon said. Student Congress will consider the new members for formal confirma-

tion in the fall, he said.

Nancy Zucker, student attorney general, said last week that a case scheduled for last Thursday was postponed because of the congress closure.

But Jason Kaus, vice chairman of the Honor Court, said Monday that no cases were postponed last week. The Thursday case was not postponed because it had not been officially scheduled, he said.

"Everything is on go," Kaus said. Zucker said the court was hearing cases this week but refused to comment on Hardin's approvals.

Susan Ehringhaus, assistant to the chancellor and senior University counsel, said Hardin had the power to approve court members under the authority of the Code of the UNC Board of Governors. Congress receives its traditional confirmation role by delegation from the chancellor, she said.

Kaus said the court also faced problems getting started last summer. "The chancellor stepped in then and exercised his authority," he said.

Bibbs issued a restraining order May 28 shutting down congress indefinitely after Reps. Andrew Cohen and Mike Kolb brought a case against Speaker Tim Moore. The order challenges the legality of Moore's appointment of 11 students to the summer congress without prior approval from fall congress.

The order disrupted several student programs by preventing congress from disbursing student fee money to them, including the UNC Pauper Players.

Danton and crew
Danton's Death will be performed at the ArtsCenter in Carrboro from June 13-16 and June 20-23. Written by Georg Buchner, the play centers around the French Revolution and a man named Danton, who is an idol of the masses. See story, p. 9.

increase would be allocated for financial aid.

"When there are differences in bills between the House and the Senate, legislators from both form a conference committee to reconcile the bills," Heyd said.

Once a compromise bill is produced, the conference committee votes. Hall said a compromise bill should appear by the end of next week.

"These packages are moving very quickly in the House and Senate," he said. "They're in such a hurry to get the packages completed that they're not paying attention to what they're doing."

The problem with the last round of cuts is that UNC-CH students will be more affected than students in the other system schools, Hall said. The increase

Rams

wanted to build parking decks for its own use, it would have selected sites closer to the Kenan Stadium.

"Our critical parking needs are for football, not basketball," he said. "We would like some more quality parking. In football, we have seats on the north side (of Kenan Stadium), and that's where we would want parking."

But Wallace said he questioned the foundation's motives.

"Look, I don't like having these doubts," he said. "If you gave Hardee's a chance to do transportation planning, you'd find Franklin Street going through their drive-through window."

Corrections

In the June 6 article, "Arboretum rich in history — natural," the quote attributed to Molly Morkoski should have been attributed to Eve Morkoski.

David Biggs' June 6 column "University's woes result from skewed priorities," should have stated that the mission statement for the University is available at the humanities reference desk in Davis Library and the Campus Y. Although the Chancellor's Office has a copy of the statement, it is available to the public at the Davis and Campus Y locations. Also, the Campus Y has copies of the University's land-use plan open for public use.

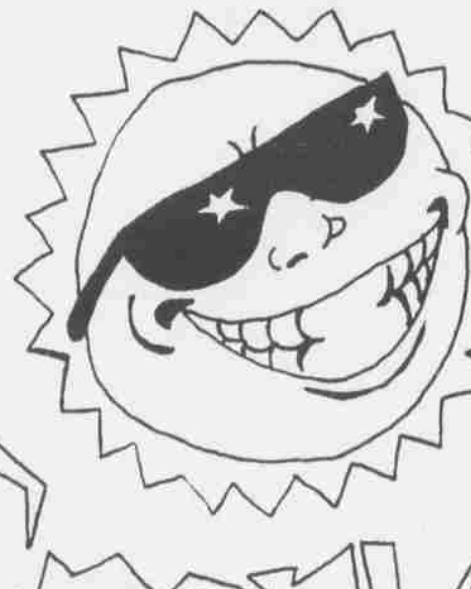

In the article "Lesbian Thespians take alternative approach to Cinderella fable," the correct name of the theater group should have been Lesbian Thespians.

The Daily Tar Heel regrets the errors.
