

# WE'RE READY TO HELP YOU SCORE HIGH!

The **LSAT, GMAT, GRE and MCAT** are the tests you'll be facing as you get ready to enter Law School, Business School, Graduate School or Medical School. Before you start classes, **The Ronkin Educational Group**, will give you a **FREE Diagnostic Test** to determine your strengths and weaknesses. Then, one of our "hands on" counselors will help you develop your individual "plan for success," a step by step program designed to help you achieve your academic goals.

The Grad School Application Assistance program is designed to help you explore careers which are commensurate with your skills and interests and to determine the most effective methods to achieve your goals. After you have taken the **LSAT, GMAT, GRE or MCAT** we'll assist you with the application process. We know the ins and outs of Graduate Admissions. We'll find the school that best meets your needs, assist you in completing applications and essays, identify scholarships and grants, and help you apply for them. **The Ronkin Educational Group** is with you each step of the way.

Our Test Preparation is different. We treat you as an individual and guarantee personal attention from a top-notch instructor. Classes are small, no more than ten students. **We'll Make Sure You Make It!**

**DON'T YOU OWE IT TO YOURSELF  
TO CALL NOW ?  
932-9400**
