Appeal to Employers

People Are Asked to Give Servants Time Off for Clinic

Chapel Hill people employing Negro servants who have children are asked to let them off one day next week so that they may take their children to the pre-school clinic.

Mrs. Paul Green, chairman of the Parent-Teacher Association's health committee, said yesterday:

"We do not yet know the exact day on which the clinic will be held, for the physicians from ton Fish, Republican member of the Lincoln hospital, who are to conduct it, have not told us when they can come. But we will inform employers about this early next week.

"This clinic is for small children who are to enter school in the fall. Last year many of the children had to come by them- speak at a dinner tonight. selves, and the physicians could not get the information they needed for their examinations householders will be giving valu- ably be launched in June. able aid if they will give their servants the necessary time off."

> "The Adventures of Oz," the Pendleton Harrison-Helen Dortch dramatization of the Oz books, will be presented at 4 o'clock. This play has a specially strong appeal for children.

> Dion Boucicault's melodrama of Wall street, "The Streets of New York," will be presented at 9:15, so that it will not conflict with the Weil lecture. The play opens with the panic of 1837 and closes during that of 1857. It will be produced here just as it was produced in the old Wallack theatre in New York in December of 1857, with the contemporary gay songs and tearful ballads and with dances and choruses between the acts.
