Ricci Will Open 1956 Concert Series In Memorial Hall Thursday Evening

Gugliero Ricci, concert violinist who was acclaimed by New York critics for his Carnegie Hall concert this year, will open the 1955-56 Chapel Hill Concert Series with a concert in Memorial Hall here Thursday night at 8 o'clock.

Both season and single concert admission tickets will be on sale at the door, it was announced yesterday. The New York Times has

RUGGIERO RICCI

called Mr. Ricci "one of the world's greatest violinists." Equal praise came from other New York critics and the Cleveland News said he "possessed a wealth of technique, a tone that had its golden moments, an engaging style, clarity and brilliance." The Chicago Sun-Times and the Indianapolis Star also have said he "ranks at the top of the artistic scale."

Single concert admission tickets will be available for \$2, \$2.50 and \$3, depending upon the section in which the seat is desired. It will be advantageous, according to James Davis, chairman of ticket sales, to purchase season tickets. Then one is assured of the same seat at each concert. The season tickets run from \$5.50 to \$7.50 and will entitle holders to attend not only the Ricci concert but also the Bach Aria Group, the Mozart Piano Festival and the Hilde Gueden concerts later in the season.

The proposed new million gallon water tank for the University will be erected on the site that accommodates the present tank, it was disclosed yesterday.

That will be good news to residents of Country Club Road, who last year protested a proposal to build the tank on a site near the new Institute of Government building.

C. E. Teague, business manager of the University, made the change-of-site disclosure in conversations about allocation of funds by the Council of State for the water tank.

Mr. Teague said the committee on buildings of the University Board of Trustees had recommended that the tank be built on the site of the present 250,000-gallon one, and that University engineers had concluded that it could be done.

The Advisory Budget Commission Friday authorized the University to spend \$375,000 from its utility earnings for the new overhead tank. It will not replace the present one, which will be used as a supplementary reservoir.

Fashion Show Will Be Thursday Night

The public is invited to the annual Law Wives fashion show Thursday night at Hill House, 210 Cameron Avenue, at 8 p.m. Admission will be 50c.

Chosen from members of the Law Wives, an organization of wives of University law students, the models will be outfitted by the Robbins House of Fashion. Samples of each facet of a complete fall wardrobe will be shown, and refreshments will be served.

Paper Bags Wanted

The Student Council of the Chapel Hill Elementary School is sponsoring a paper bag drive for the P.T.A.'s Thrift Shop. Persons willing to contribute paper bags are asked to leave them at the school or the Thrift Shop, both of which are on West Franklin Street.

Jenny McClamroch Gives Party

Exciting Clash Between Chapel Hill and Oxford Winds Up in a 13-13 Deadlock

By Clyde Campbell
Chapel Hill High School battled Oxford High to a 13-13 tie in its fifth conference game of the season at Carboro Lions Park Friday night.

Jimmy Turner scored the first Chapel Hill touchdown in the first quarter to cap a 45-yard drive which featured the running of Tommy Goodrich, Ruffin Harville and Gene Smith. Goodrich kicked his first and only conversion of the night.

Oxford came back strong in the second quarter to score twice on drives of 45 and 50 yards. Tommy Clayton banged over from two yards out for the first score. Clayton's try for the extra point was in vain.

Later in the quarter Jimmy Crawford pushed across from the one to score the second and last Oxford TD. Clayton made his second extra point try good. Oxford led at half-time, 13-7.

Teachers' Meeting Set for Wednesday

The Chapel Hill unit of the North Carolina Education Association will hold its first fall meeting at 3:45 p.m. tomorrow (Wednesday) in the auditorium of the Elementary School. The program will include a skit, "St. Peter's Gate," in which the characters will be St. Peter, an angel, and five teachers who want to be admitted to heaven. Miss Helen Wells, field secretary of the N.C.E.A., will be present and will bring greetings from the National Association.

Mannings to Be Here

Commander and Mrs. W. J. Manning and their sons, Billy, Tommy, and Robin, have returned from a two-year tour of duty in Cuba and will come to Chapel Hill soon for a few days' visit to Mrs. Manning's mother, Mrs. Margaret Barbes of McCauley Street. Beginning about November 15, they will settle down for a two-year stay in Washington, D. C., where Commander Manning is to be stationed.

Carol Mana Is Four

Carol Mana, daughter of Mr. and Mrs. Robert W. Mana, celebrated her 4th birthday Sunday afternoon, October 16, with a party at the Mana home on Old Mill Road. Twelve boys and girls attended the party, which had a circus motif. The table was decorated with a miniature merry-go-round, and the cake was iced with cream circus animals. Carol's little brother, dressed as a clown, gave out balloons.

Dental Dames' Meeting

The Dental Dames will meet at 8 o'clock this (Tuesday) evening at the Victory Village Nursery.

Danger on Sunday

Shane Liston Finds a Hand Grenade, But He Has a Hard Time Proving It

Ten-year-old Shane Liston found a hand grenade, but for a while it looked like nobody would believe him.

Shane located the deadly weapon—a standard Army high explosive fragmentation-type grenade—in a ditch near his home on Pritchard Avenue on Sunday morning. He told his mother, who called the police.

Meanwhile, some other children tossed the grenade back into the water-filled ditch. The police hunted and probed and felt for the thing, and finally gave up, a little dubious as to whether there really was a grenade there or not.

Five-year-old Michael Mason found it the second time, after the police had left. The law officers returned and confiscated the weapon.

Sergeant Jack Merritt and Officer W. F. Hester disposed of it by dropping it down a deep abandoned well outside of Chapel Hill.

Sergeant Merritt said he thought most of the explosive—flake TNT is usually used in weapons of this type—had escaped through a small hole at the bottom of the grenade. However, the touchier explosive used in the fuse of the

weapon, locked in a plastic vial, would still be capable of blowing someone's hand off.

The discovery of the weapon was the second grenade incident which has occurred in recent weeks. On September 27 a green smoke signal grenade was set off in the East Franklin Street business district by an unknown person.

Open During the Summer

Two Children's Libraries Are Aided by Community Chest

Children in Chapel Hill are fortunate in that residents are sufficiently interested in their literary interests and development that they provide through the Community Chest added library facilities available through the summer months as well as during the school year.

Two of the nine agencies in the 1956 Community Chest are the Mary Bayley Pratt Children's Library and the Peter Garvin Memorial Library. The first is at the Chapel Hill elementary school and the second at the Glenwood School.

Established as a living memorial to Peter Garvin in 1951,

Request

Chapel Hill residents who work in other towns are being requested to contribute fully to the 1956 Community Chest.

"However," said drive chairman J. A. Branch yesterday, "if the wage-earner is asked or expected to contribute to the United Fund drive in another town, we hope that he will remember his home community at least to the extent that he divides his contribution evenly between the two towns."

The local Chest drive will be conducted November 1-9 with a goal of \$25,733.

Captains Appointed For Two Divisions In Chest Campaign

Two Community Chest division chairmen yesterday announced names of their captains in the 1956 fund drive to be held November 1-9.

Mrs. Walter Spearman, residential division chairman, listed 19 captains to lead the house-to-house campaign in residential areas. The names of lieutenants will be announced later.

Campus captains in the drive to raise \$25,733 to support the nine Chest agencies were named by Roy Armstrong, campus division chairman.

The residential captains and the areas under their direction are: Mrs. Nestore di Costanzo, Mt. Bolus-Airport Road; Mrs. W. J. A reader has written to complain about a headline the Weekly had over a picture of four University coeds. The girls in the picture were Judith and Joan Wender, twins, and Shirlee and Barbaree Prestwood, twins. The headline was as follows: Two New Sets of Twins Add to the University Scenery This Fall.

The letter from the reader, who signs his name but asks that it not be published, says, "Twins are two, so if you have a set of twins you have four people. If you have two-sets of twins it seems to me you have eight. How many do you count?"

The letter writer says the headline should be: Two New Twins Adds to the University Scenery This Fall, or New Set of Twins Adds to the University Scenery This Fall.

I don't know which is correct, the reader or the Weekly. Anybody interested in this will have to make his own choice of headlines.

A letter from another subscriber complains because Louis Graves' letter from England was begun on page one and continued on page two.

"I wanted to clip Mr. Graves' letter to mail to a friend," the subscriber says, "but I couldn't do it because to cut out the part on page one I would have had to mutilate the continuation on page two."

This is a complaint I can give an answer to. It's tear off and mail the entire sheet on which pages one and two were printed. It's easier and quicker than making a clipping, anyway.

No Increase Noted In Persons Paying Late Parking Fines

The Police Department's action in serving warrants on persons who have refused to pay for three or more parking violations does not seem to have caused any appreciable increase in the payment of fines by persons who may be arrested in the near future, Town Traffic Clerk Mrs. Fred Howdy said Friday.

Mrs. Howdy also said she has not noticed any increase in the number of persons paying for less than three violations since the warrants were first issued last Tuesday.

The warrants were served after Judge William Stewart gave permission to Court Clerk B. J. Howard to allow the violators to settle out of court. The Judge made the condition, however, that the violators would be required to pay \$7.80 in court costs in addition to paying fines specified for the tickets.

Mrs. Howdy said that as of Friday only one violator had been required to pay court costs.

Warrants issued last week were for parking violations on campus, except one for downtown parking. Eighteen unpaid tickets were the largest number held by any of the violators for whose arrest the warrants were issued. Warrants for the arrest of persons with more than 18 unpaid violations were expected to be served this week.

Violators who refuse to pay the fines and court costs were supposedly required to put up \$25 bond for their appearance in court. Last week, however, none of the violators sought to take his case to court, Mrs. Howdy said.

For the month of October, more than \$775 in parking fines had been collected by Mrs. Howdy as of last Friday. In September more than \$1,400 was collected.

State Employees Vote On Retirement System In Balloting Tomorrow

Faculty members and employees of the University and other state agencies in Chapel Hill will vote tomorrow (Wednesday) on coordination of the Teachers and State Employees Retirement System with the Old Age and Survivors Insurance provisions of the Federal Social Security Act.

The polling places on the campus will be open from 8:30 a.m. to 6 p.m. tomorrow, and all ballots except absentee ballots must be cast during those hours, according to James A. Williams, University elections official.

The polling places have been located in various departments and buildings to the end that all employees may be able to vote with a minimum loss of time from their duties. Eligible to vote will be employees who were contributing members of the retirement system on June 8 and who are contributing members the date of the referendum.

Lists of eligible voters will be in hands of associate election officials in each department, and they must vote at the designated places. In the event a person's name is not on the list where he elects to vote, he will be sent to the Personnel Office, where a master list of all eligible voters will be kept.

Retirement Arrangements Group Says Voters Should Approve New System

(Editor's note: The following article, which presents reasons why University employees should vote on Wednesday for the proposed change in retirement system for State employees, was prepared by the University Committee on Retirement Arrangements.)

Features of the Present System

The present State Retirement System has several serious deficiencies. One must work for the State for a period of 20 years before he acquires an "equity" in the system. This means that if he leaves State employment before his 20 years are up, he loses the money which the State has used to match his own contributions. Also, the state ceases to match his contribution at age 60 whether he retires or not.

Furthermore, the present plan has no insurance features. That is to say, if one dies prior to retirement (and retirement is not possible before age 50 unless one has 30 years of service or is completely disabled), his family receives only the money which he has paid into the system plus a small amount of interest.

There have been many tragedies in past years under this system. Several years ago in Chapel Hill a young librarian was killed in an auto accident after only a few years in the

system. His wife and five children received a few hundred dollars, his contributions. Under the proposed new plan, his survivors would have received a substantial amount in Dependent's and Survivor's Benefits until the youngest

On UNC Time

D. D. Carroll, chairman of the Information Committee appointed by Chancellor Robert B. House in connection with the retirement system referendum, said yesterday that all University employees would be authorized to cast their ballots during working hours and on University time.

"The referendum," said Mr. Carroll, "offers an opportunity for state employees to provide larger benefits, survivor benefits, disability benefits and a lump sum payment at death. It is important that all eligible voters vote. Failure to vote will count as a negative ballot."

child had reached 18 years of age. (Actually over \$200 monthly the first 10 years.)

Features of Proposed New System
The combined new system which the State employees have a chance to adopt provides both pension and insurance features. That is to say, it has all the advantages of a sound pension plan, plus the added advantage that if an employee dies prior to retiring, there are substantial benefits for his survivors.

Furthermore, the insurance features begin after only 18 months of service. Also, these insurance features last for 18 months after leaving State employment, a point of considerable importance for the "temporary employee."

It is important to note that "equity" in the new plan is established after only 10 years. The longer the period of employment, the larger the pension, but no employee who works for at least 10 years will be without a pension.

Zoning Ordinance On Agenda Tonight

The Board of Aldermen, the Planning Board and the newly formed Board of Adjustment tonight to hold a joint meeting to consider procedural aspects of the new zoning ordinance enacted last March for Chapel Hill and surrounding areas.

Mayor Oliver K. Cornwell said the meeting was called to close up "loopholes" in the new ordinance and "clearly define" what procedure persons are to go through in obtaining building and other permits.

The Board of Adjustment was created with adoption of the new zoning ordinance with power to hear and decide, among other things, appeals from orders of the building inspector.

Play Tryouts Today

Tryouts for the Carolina Playmakers' production of M. C. Kurer's "Even the Gods" were held yesterday (Monday) in the Playmakers Theatre and will be held there again at 3 p.m. today (Tuesday). The author of the new full-length play, to be given November 18 and 19, is a student in the University's drama department. All townspeople, as well as students, are eligible to try for parts. Copies of the script are on reserve at the University Library.

Week of Prayer Being Observed

The Women's Society of the University Methodist Church is holding its annual Week of Prayer and Self Denial observance (October 23 through October 29). In this connection, the society will hold a "Quiet Day" service and program meeting from 10:30 a.m. to 2:30 p.m. Friday, October 28.
