Integration Group

To Meet Tomorrow

AAUW DELEGATES - Dr. Margaret Swanton, left, and Mrs. George Holcomb prepare a capsule report of the work and activities of the 1963 semi-annual convention of the American Association of University Women, which they attended in Denver recent-

ly. Dr. Swanton represented the University at the convention, and Mrs. Holcomb represented the Chapel Hill branch of the AAUW, of which she is president. Their report of the convention will be presented to the Chapel Hill AAUW tomorrow.

## **Business Forecasting Tricky**

Forecasting business conditions by projecting statistical trends into the future can be dangerous, according to University Professor Dudley J. Cow-

In a recent pamphlet entitled, "The Perils of Polynomials," Dr. Cowden gives three reasons for the danger:

1. The mathematician doesn't know exactly what kind of equation to use, and he may choose the wrong one.

2. Although a forecast may be valid at one time, conditions change constantly, and the forecast may not hold true.

3. There is bound to be some statistical error in any estimate. Dr. Cowden's paper is valuable in business research where

the relationship between two variables is being studied. The computed trends can be used by "enyone who can add, substract and multiply," said Dr. Cowden. He claims it isn't necessary to know how to "fit a trend statistically" to use his tables.

'The Perils of Polynomials" -part of a larger work, Weights for Filling Polynomial Secular Trends." It was reprinted from the July issue of Management Science," a trade journal of the Institute of Management Sciences in Ann Arbor,

Other reports in the four-part series which have been written by Dr. Cowden are "Direct Measurement of Cyclical Trend," and "Tables of Polynomial Hoving-Average Weights." The fourth volume is still in the form-

Dr. Cowden is also working on a book which will be on the analysis of economic time series. The book will include the material already completed, but will go far beyond the present reports, said Dr. Cowden,

Dr. Cowden joined the UNC faculty in 1935. He received his A.B. from Grinnel College, his A.M. from the University of Chicago, and his Ph.D. from Columbia University.

He is the author of "Statistical Methods in Quality Control," co-author of "Applied General Statistics," and "Practical Business Statistics," and coauthor of several books of problems in business statistics.

# Lincoln High Ransacked; Seventh House Is Entered

Lincoln High School was broken into Monday night and partially ransacked, but the breakin does not appear to be part of a recent wave of seven house break-ins in Chapel Hill.

The seventh house break-in occurred yesterday in daylight. The Fannie Snipes residence at

Citizens United for Racial

Equality and Dignity (CURED)

will meet tomorrow at 8 p.m. at

the First Baptist Church to elect

The group met last week and

ganization's disbanding late in

employment effort.

break-ins, and a total of about \$700 worth of items was stolen. Victor Lewis Jones, 20, of Chapel Hill, has been arrested and charged with burglary and

Detective Pendergraph said he

Jones was in jail at the time the second group of three break-

entry was made through unlocked windows or doors. Detective Pendergraph said the break-ins appeared to have been committed by more than one person. A pattern of method appeared in all six, he said.

Police Chief W. D. Blake said the current wave of break-ins is the worst in Chapel Hill since the summer of 1957. A wave of break-ins last winter was also severe, but those were confined to stores and other businesses.

ORANGE METHODIST The Rev. David B. Lewis's sermon topic at the 11 a.m. serv-

larceny of an automobile. He has been released under \$2,500

was not sure whether Jones was responsible for any of the break-ins. He was charged with burglary after the car Detective Pendergraph said he admitted stealing turned out not to have contained a shotgun also found in Jones' possession. Detective Pendergraph said that Jones claimed the gun was in the car, but the owner of the gun, when found, said it had come from his bedroom.

ins was committed.

Three of the house break-ins occurred about two weeks ago. The other three occurred Satafternoon during the UNC-Virginia game when three student apartments on North Street were entered and radios and clothes taken. In the first three break-ins, cameras and guns were taken. All the homes broken into

were unoccupied at the time, and

gine performance that was proved in the Indianapolis 500. The 1964 models go on display Friday at Crowell Little Motor Company in Chapel Hill.

## ROTC Applications Are Now Available

Captain Rex Warner, USN, Professor of Naval Science at the University, has announced that applications are now available for the Navy's 18th annual NROTC qualification Test The examination will be given throughout the nation on December 14. All eligible male high school seniors and graduates may apply.

On the basis of this test, personal interviews, physical examinations, and other factors, over 2000 young men will be given college educations as midshipmen in NROTC units in 52 colleges and universities throughout the country.

Registrations for the test will close November 22. Informational bulletins and applications are available from Department of Naval Science at UNC or the nearest U.S. Navy Recruiting

A successful applicant receives financial aid for four years of college. This includes tuition, books, uniforms, miscellaneous expenses, and a \$50 monthly retainer fee. After successfully completing college degree requirements and naval science training, NROTC midshipmen become commissioned officers in the U.S. Navy or Marine Corps.

During their training, Regular NROTC midshipmen enjoy three summer cruises with various naval units, including visits to foreign ports. These cruises help them learn more about the variety of interesting and challenging opportunities available to them as naval officers.

Male citizens of the United States who will be over 17 but not yet 21 on June 30, 1964, and who are now high school seniors or graduates, are eligible to apply for the December NROTC qualifying test. Those who attain qualifying scores will be interviewed and given physical examinations next February.

#### CORRECTION

Contrary to information published in the September 18 Welcome Student edition of the Chapel Hill Weekly, the Chapel Hill Choral Club holds no auditions or tryouts. Anybody is welcome to join the Choral Club. The Club will go into rehearsal in October. Information as to time and place of rehearsals will be an-

Use the Weekly's Classified advertisement section regularly. They get you good results.

# Chapel Hill-Carrboro Church Directory
