

Fraternity Banquet

The Piedmont Carolina Alumnae Club of Kappa Kappa Gamma Fraternity will hold its annual Founders Day Banquet Thursday, October 10.

The dinner will be at 6 p.m. in the Garden Room of Schraff's Country Club Inn on the Durham-Chapel Hill Boulevard.

Any interested Alumnae in the area are asked to contact Miss Frances C. Patton before tomorrow for further information and reservations.

MONEY FOR RESEARCH — The University School of Business Administration research fund was fattened with the presentation of a \$5,000 check from the North Carolina Motor Carriers Assn. Shown above during a recent ceremony at Pinehurst are, from left, John M. Akers, NCMCA president; Clyde Carter, professor in the School of Business Administration; Gov. Terry Sanford; and Dr. J. C. D. Blaine, professor of transportation at UNC. The check completed a pledge of \$25,000 for research at the University.

AAUN Meets, Makes Plans For UN eek

The first meeting of the American Association for the United Nations was held last week at the home of Mrs. Richard E. Day, president of the group.

Present at the meeting were Mrs. D. H. Pollitt, membership chairman; Miss Elizabeth Henderson, vice president; Mrs. William Rarity, publicity chairman; and Mrs. D. P. Costello, secretary.

After the regular board meeting, Mr. August Kuhlmann, who was appointed U. N. Week Chairman by Mayor Sandy McClamroch, gave a report concerning plans for this year's U. N. Week. Mr. Kuhlmann is planning TV and radio programs and information booths.

Mrs. John Jones, representing the World Federalists, gave a report on their plans for U. N. Week and Mrs. D. P. Costello, representing the League of Women Voters, told of their plans.

Any group or individual who would like to participate in U. N. Week, October 21-26, is asked to contact Mr. Kuhlmann at 942-2424.

The County Agent's Column

CATTLE TO BE TESTED

Dr. J. F. Basque, Federal veterinarian from Henderson, will be testing all cattle other than grade A Dairy cattle in Orange County for Brucellosis clean state. This makes it possible to sell and buy animals much easier than a state that is not modified. Farmers are urged to cooperate with Dr. Basque and his helpers. If any farmer desires to have his herd tested at a particular date or time, please contact the County Agent's office or Dr. Basque.

ALFALFA SEEDED

Excellent stands of alfalfa have been obtained this fall in Orange County. On most farms the alfalfa was seeded just before or just after rains and in most cases the stand looks very promising. Alfalfa is still our best and most economical hay crop. We are very glad to have a number of farmers continuing to grow alfalfa even though alfalfa weevils are present in the county. Those seeding alfalfa are Snipes Brothers, L. R. Cheek & Sons, Teer Brothers, and Glenn Caruthers.

CONTROLLING ALFALFA WEEVIL

Apply Heptachlor October 15 to November 15 to control alfalfa weevils. 30 pounds of 2-1/2 per cent granular Heptachlor per acre has constantly given the best control. Heptachlor impregnated fertilizer is approved for North Carolina this year.

WOOL INCENTIVE

All producers who have not filed application under the Wool Program for payment are urged to do so at once. The final date for filing these applications under the 1963 Program is December 31, 1963. If you have sold either wool or lambs since April 1, 1963, you are urged to bring your bills of sale to the ASCS Office and file application for this Incentive Payment.

NICKELS FOR KNOW-HOW

A farmer determines what his cattle, chickens, or other livestock get to eat. But how does he know they like what he gives

THE CLASSIC Maincoat
