

Pete Ivey's Town & Gown

(Continued from Page 1)

1958. Outstanding players in this section are Herman Greene, of University Methodist Church, and Raymond Perry of Carrboro Baptist. Sidney Barker of Carrboro Baptist is also an expert. Carrboro holds the lead at this time in the Orange Dart-Board League.

How is it that dart-boards are the means of creating togetherness? The goal of obtaining good fellowship is understandable. Perhaps a simple game, in which all can be pretty good, and none too much better than others, is a channel for comradeship.

It is well-known that pubs in England are places where dart-board competition is strong. Every public house has its dart board, it seems.

The success in Orange County will prove that mild refreshments and a religious atmosphere can also be the proper scene for throwing darts and talking up the competition.

Speaking of competitive sports, plans are in the offing for a reunion here of alumni who used to be on the varsity boxing team in the University.

Such boxers as Noah Goodridge, Archie Allen, Norment Quarles, Max Novich, Joe Murnick and others will be invited. Members of the local recep-

tion committee would include such former Carolina pugilists as Obie Davis and K. O. Wilson.

It's all Maxie Novich's idea. Max is now an orthopedic surgeon in New Jersey, and is an adviser to Olympic teams. When he was in North Carolina in September, Dr. Novich visited Crayton Rowe in Charlotte. Coach Rowe trained Carolina boxers for years in the 1920's and 30's. He's now with the Charlotte office of the U. S. Bureau of Internal Revenue.

Max conceived the idea of honoring the old coach. Bring Crayton Rowe back for an evening of dining and talking about the rugged days in the ring at the Tin Can—that was Maxie's notion.

Ringmaster Novich also has come up with a main speaker—a former rival of UNC boxers, one Mortimer Caplin who boxed at the University of Virginia.

Mr. Caplin now is director of the Bureau of Internal Revenue in Washington, the organization for which Crayton Rowe works.

It's a fine idea to get all those boxers back in Chapel Hill again for an evening. But who's going to referee?

Bicyclist Hurt

(Continued from Page 1)

about as hazardous as any we have around here . . . Unless something is done about that location I feel we will have a fatality there in the near future."

He said most of the accidents occurring on that stretch of road "involve local people who travel the road daily." He said he did not know what could be done to make the road safer, unless motorists educated themselves to the danger of the Airport Road and its intersections.

He said that the Sparrow accident might have been fatal had circumstances been slightly different. "An accident shows no partiality. I have investigated accidents where somebody was killed and \$100 damage was done to the car, and I have investigated accidents where the car was a total loss and nobody was hurt. Motorists are not making themselves aware enough of the danger on that road."

COMMENCEMENT SPEAKER

Dr. R. S. Winslow of Chapel Hill will deliver the Commencement address at the awarding of graduation certificates to about 25 per cent graduates of the Realtors' Institute here, at the largest gathering of North Carolina realtors in the history of the State next week. The gathering will be the 42nd annual convention of the North Carolina Association of Realtors, to be held October 24-26 in Asheville.

Paul Green Attacks Gag Law

(Continued from Page 1)

free. . . Nothing is to be forbidden for study and inquiry by the free intelligence. For thus the intelligence grows strong, affirms itself a witness to the truth and the true opponent of error and evil. . .

"Take the recently enacted North Carolina gag bill, HB1385. This was an error in law-making. How can the students have a chance to know the truth, to examine and see the world as it really is if they are to be denied the chance to hear points of view from all sides.

"A great many of the legislators who voted for this bill were graduates of this University. . . But what did they do really? They didn't hurt the communists, say, but they did hurt the university. . .

"I am not afraid of communists coming to lecture on this campus. I think they should. We need a chance to hear the Marxists talk, hear the communists speak out their palaver. That is a good way in pointing out the errors of Marxism, of finding what it's all about. Thus our students can develop their own strength and belief in our own democracy. Anyone know that the way to weaken a child is to shelter it too much. It must have exercise, stretch its muscles, and its mind also must have exercise. A great disservice then was done to us when this bill was passed and I am surprised that though our administration registered strong objection there has been little outcry from our faculty."

Estes Hills Traffic Hazards

(Continued from Page 1)

ardous situation have been received.

A recent traffic count on Estes Drive in the neighborhood of the schools showed that Estes carried 1016 cars per hour in peak periods. Mr. Peck said that other means of improving traffic safety in the area would also be discussed, including establishment of a 20 mph school zone in front of the schools, and a lower speed on the northern portion of Estes Drive.

In other business the Aldermen will discuss annexation of land for the Town's low-cost public housing project, a site for which has received tentative approval. The site is partially outside the Town limits, however, and a resolution calling for a public hearing leading to annexation will probably be requested by the Town's Housing Authority. The Aldermen will also: View plans for remodeling

the Town Hall to expand Police and Town offices. Plans for the \$40,000 project are now complete.

Discuss establishment of Yield signs for Westwood Drive east and west-bound traffic at the intersection of Westwood and University Drive and at the western intersection of Westwood with Dogwood Drive.

Formally adopt an amendment to the personnel ordinance including Recreation Department personnel.

Act on a request from Human Relations Committee chairman Mrs. George V. Taylor for an appropriation of the Committee.

Designate a depository bank for the account of the Town Clerk of Court.

Adopt an ordinance requiring off-street parking in the Central Business District for all new businesses.

Martin Given Honorary Degree

(Continued from Page 1)

of Davidson College and alumnus of that institution in the class of 1932, first served his alma mater as alumni secretary, and, after a successful career as a business executive, returned to Davidson to become first, business manager and later, president.

"Vigorous, forward-looking, and public-spirited, he has continued to foster in our sister institution the high ideals of academic excellence which have placed his alma mater in the forefront of American colleges.

"North Carolina is justly proud of the college of which Dr. Martin is the chief executive, an institution which, through the years, has nurtured sound scholars, men destined to become famous in religion, in the arts and sciences, in business, in the academic world, and in government. In recognition of this remarkable achievement, and in the light of his dynamic leadership, the University of North Carolina is delighted to bestow on Dr. Martin the degree of Doctor of Laws."

Born in Covington, Ga., Dr. Martin attended Davidson College from which he graduated cum laude in 1932 with a B.S. degree in history. He did graduate work in history at Emory University and then became alumni secretary and publicity director for

Davidson College, serving in this capacity from 1933-1936.

Dr. Martin has served in managerial capacities with Campbell Coal Co., Atlanta, Ga., and with Grey Hosiery Mills, Bristol, Va. He attended the Harvard Business School, War Adjustment Course, and graduated with high distinction in 1944. He served as a Lieutenant in the U. S. Naval Reserve during 1944-45. He returned to Davidson College as treasurer and business manager in 1951 and became president of Davidson College on May 15, 1958.

Fatal Wreck

(Continued from Page 1)

the road, flipped in mid-air, and landed right side up about 155 feet off the road. Mr. Albright, who was thrown from the car in the flip, was crushed when the car landed on him. Trooper Lacock said a full can of beer was embedded in the underside of his head. Over 300 feet of skid marks were found on the road.

The four had left a party at the Sigma Alpha Epsilon Fraternity house here, Patrolman Lacock said. Mr. Martin, he added, had been drinking.

The accident was reported by Miss Lena Pendergraph, whose residence on the Old Lystra Road is about 50 feet north of where the car landed. She called the Chapel Hill Police Department at 11:25 to report having heard a crash and screams.

PHARMACEUTICAL AUXILIARY

The Chapel Hill Woman's Pharmaceutical Auxiliary will meet Wednesday at 8 p.m. at the home of Mrs. W. L. Sloan, 212 West University Drive. Mr. and Mrs. W. J. Smith will show slides of the Scandinavian countries.

For guaranteed results, use the Weekly classified ads. They work around the clock for you.

The Chapel Hill Weekly, issued every Sunday and Wednesday, and is entered as second-class matter February 28, 1923, at the post office at Chapel Hill, North Carolina, published by the Chapel Hill Publishing Company, Inc., is under the act of March 3, 1879.

Howard Wins Kiwanis Post

Ralph Howard of Chapel Hill was elected Lieutenant-Governor of the Imperial Fifth Division of the Carolinas Kiwanis District at the District convention in Durham last week. The Division comprises 15 Kiwanis Clubs. Mr. Howard will hold the office for 1964.

Mr. Howard is a plant fieldman for Long Meadow Farms. He has been a member of the Chapel Hill Kiwanis Club for 11 years, during which time he has been president, chairman of several club, division, and district committees, and has attended several district and international Kiwanis conventions.

He is a member of the University Methodist Church, where he has served on the Board and as chairman of the Church's Commission on Education, president of the Methodist Men's Club, and as a Sunday School teacher. He has also been a Scoutmaster and was chairman of the Chapel Hill Red Cross fund drive in 1958. Last year he was president of the Chapel Hill chapter of the American Field Service.

Mr. Howard also belongs to several professional organizations. He is a graduate of the University of Illinois. He and his wife, also an Illinois graduate, have three children, a son and a daughter at the University, and a daughter in Chapel Hill Senior High School.

HUAC

(Continued from Page 1)

place) or the visit by 59 college students to Cuba this past summer.

Gumpert, 30, is a veteran of the Air Force. He first entered the University in 1951, withdrew in 1955 and re-entered school in 1959, graduating near the top of his class in 1960.

Since then he has been engaged in graduate studies leading to a Ph.D. in social psychology.

He said he had paid a courtesy call to Chancellor William B. Aycock Friday, in order to permit the Chancellor to "ask any questions" about the affair he wished.

Bateson had not previously been a focus of attention in inquiries and accusations concerning the two political clubs. He is known to have participated in the activities of the New Left, which ex-members described as a discussion group. The New Left reportedly disbanded after conflicts caused by the participation of Jake Rosen, an advocate of the Progressive Labor movement. Rosen was at the time a newspaper reporter for the Sanford Herald. He now lives in Atlanta.

Bateson was one of the charter members of the local Progressive Labor Club, an 11-member group which advocated social and political action "along Marxist-Leninist Lines."

The Club reportedly disbanded last summer after sponsoring the appearance of two defendants in the Monroe Kidnap Trials at the University.

Reports of the Club and its activities triggered a demand for investigation from Col. Henry Royall, chairman of the local American Legion post's Americanism committee. American Legion demands for investigation by University Administration have been claimed as a factor in the passing of the Communist Speaker ban by the General Assembly at the close of its last session.

Both Bateson and Gumpert participated in the formation of CURED, the integration group which replaced the old Committee for Open Business.

Sertoma Club Hears Col. Howard Henry

Col. Howard Henry, director of Graham Memorial and an Air Force Reserve officer, was guest speaker at the Chapel Hill Sertoma Club meeting Tuesday. Colonel Henry discussed the Air Force Reserve program.

Visitors at the meeting were W. R. Inman, George Willingham, Arnold Capps, Richard J. Corcoran, and Ed Gill.

The club inducted two members, C. A. Richey and Ansel Mewborn.
