Commission Gets Social Room Offer

The Chapel Hill Recreation Commission discussed a proposal Wednesday night to provide Chapel Hill's Teenagers with a social

room at the All-Star Bowling Lanes in Eastgate Shopping Center.

Only four voting members of the Commission were present so no action could be taken on the proposal.

Gary French, manager of All-Star, has offered the social room plus possible bus transportation from school in the afternoon. The room would have chaperones, a juke box for dancing and, in agreement with the adjoining restaurant, short order snacks at prices lowered for teenagers.

There is no social program of this kind at the present for teenagers in Chapel Hill.

The room is presently being used for meetings and private parties. Mr. French made the offer hoping the teenagers could use the room to its fullest extent, possibly even adopting it as a "hangout."

No definite decision on the proposal was reached by the Commission and the offer is now under consideration.

The Commission also appointed a committee to review its present bylaws. The committee will consider a possible rewording and clarifying of certain clauses and a revision of inactive standing committees mentioned in the bylaws.

The Commission also agreed to hold a future meeting with the old Commission to discuss background information and to receive advice on the direction and decisions the present Commission should take.

Plans were made for inspection of present facilities, but no date has been set for the inspection.
