Town Is The Topic

League of Women Voters.

Gordon Cleveland, County

Commissioner; Howard Thomp-

son, Superintendent of Schools;

and Joe Augustine, Executive

Secretary of the Chapel Hill Mer-

chants Association, spoke for the

benefit of new residents, giving

less well-known facts about

Chapel Hill, notably about its

taxes, its schools, and its serv-

ices. Mrs. Robert H. Wettach,

of the League, introduced the

speakers and various city of-

ficials present, and directed ques-

tions and discussion which fol-

Mr. Cleveland's talk on tax-

es came back repeatedly to the

problem of tinancing the school

system, though it covered all

important county and city taxes,

from dog taxes to recorders

fees. Ironically enough, out-of-

town visitors to football games

and other events indirectly con-

tribute substantial sums to the

ing program abreast of the in-

creases in population, and with

more recent attempts of the

school system to meet the needs

of the community and county for

more effective vocational train-

ing. He painted a relatively

cheerful picture of the current

situation — building capacity is

time in many years - and end-

ed with a plea for the continu-

ance of the special school tax.

Mr. Augustine spoke with hu-

mor and insight about the com-

munity in general - in particu-

lar about its three important

"industries," - Retirement,

Youth, and Education. He refer-

red to the town as a place which

is "unique, if not utopian," and

which, because of its peculiar

atmosphere, at once lively and

relaxed, continues to draw

numbers of the more vital and

active of the "young retired"

as well as the many young peo-

ple whose company they find

MRS, MARY HOLLINGSWORTH Phone 942-6270

John Tripp was discharged from Memorial Hospital Saturday after undergoing tests and treatment for several days.

H. D. Maynard visited his brother, C. C. Maynard of Apex Sunday. His daughter, Mrs. Peggy Cronham, Mr. Cronham, and children of Roseboro visited Mr. Maynard over the weekend. Mr. Cropham is bandmaster at Roseboro High School.

Mrs. Ken Ray Riggsbee is a patient at Watts Hosiptal and will remain until a series of tests is completed.

Mr. and Mrs. Barry T. Winston of 114-B Todd Street are natives of Chapel Hill, but have been residing in Carrboro for the last year and a half. They have three children. Asked how they liked Carrboro, Mr. Winston said he liked it fine. Mr. Winston is an attorney with his office located at 101 E. Rosemary.

Mrs. Elizabeth Pickett of Rocky Mount was a recent visitor of Mr. and Mrs. J. D. Hol-

Say what you will, but automatic washing machines are much better than scrub-boards.

Mr. and Mrs. Ernest Neal and children visited Mr. and Mrs. S. C. Wilson Sunday.

I called to see how Mr. and Mrs. John Williford are getting along. For 31 years Mr. Williford was half-owner of the Carrboro Barber Shop with Jesse Hackney as partner. Upon his retirement Allen White brought his share, and is now with Mr. Hackney. For the past several years Mr. Williford has been in declining health, but is able to walk about in the yard and even went to town three times this year. He is now in his 79th year. Recent guests of Mr. and Mrs. Williford were Mr. and Mrs. R. H. Tate of Richmond California; Mr. and Mrs. Ronald Short and son Paul of Springfield, Mass., and Mangum Upchurch of De-

Mrs. Hattie Hobby, who has been in ill health for some time,

is also on the "improving" list, as is Clarence Poe who suffered a stroke last winter and was critically ill for several weeks. Now convalescing in a rest home, he is much improved.

In prayer meeting the other night Rev. Calvin Rains was explaining a concept of Freudsaying the mind has three levels. In the top layer are all the good motivations which make people behave in an acceptable manner. The lower level contains all the primitive instincts urging us to do and think all kinds of evil things. But the middle layer of the mind acts as a guardian angel, sholding back the bad things trying to escape to the upper level. During sleep something like a trapdoor opens from the lower level which lets some of the bad things escape—hence bad dreams appear in which we do things we wouldn't dare do in real life. As a result of the talk I believe I've discovered what's wrong with me: my trapdoor broke years ago.

Among those attending the UNC-USC football game last Saturday at Columbia were Mr. and Mrs. C. H. McFarland of Carrboro; Mr. and Mrs. Everette Lloyd, Mr. and Mrs. Sam Huff, Mr. and Mrs. Coy Durham, Mr. and Mrs. Wallace Williams, Mr. and Mrs. George Spransy, all of Chapel Hill.

Little Miss Linda Shambley, daughter of Mr. and Mrs. Richard Shambley of Rt. 2, Chapel Hill, is out again after an illness confining her to her home.

Mrs. Sara Spinks and daughter Lori Ann spent the weekend with Mrs. Frankie Brite of Fayetteville.

The Carrboro Baptist Church will hold a baptismal service this Sunday night at 7:30 for those who are awaiting baptism.

Mr. and Mrs. John McLaughlin attended the wedding of Miss Patricia Susan Tulis and Mr. Robert Roger Vallie of Franklin, Mass., Oct. 12th. Mrs. Vallie is the grand-niece of Mr. and

Wardlaw-Barrett Vows Are Spoken

The marriage of Miss Winston Closs Wardlaw of Chapel Hill to Joseph Robert Barrett, Jr. of Chapel Hill took place Saturday afternoon in the Chapel of

The bride is the daughter of Mr. and Mrs. Frederick Colman Wardlaw of Estes Drive. She is a graduate of Plainfield High School, N. J. She attended Denver University where she was a member of Alpha Chi Omega.

The bridegroom is the son of Mrs. Joseph Robert Barrett of Barclay Road, and the late Mr. Barrett. He is a graduate of Chapel Hill High School and attended the University here. He is employed as an electronics technician at the Naval Air Station at Oceana, Virginia Beach,

Given in marriage by her father, the bride wore a streetlength gown of white peau de soie and re-embroidered Alencon lace fashioned with a controlled bell skirt. three-quarter length sleeves, and a portrait neckline. Her headpiece was a small Juliet coronet with shoulder-length veil of pure silk illusion. She carried a bridal bouquet of gardenias and stephanotis.

Maid of honor was Miss Char-

The Way To Build Your Compost Pile

By M. E. GARDNER

I am again giving instructions for the preparation of a compost pile because it has so many uses and is the best and cheapest source of organic matter, if properly prepared.

Another reason for repeating is due to the fact that leaves continue to accumulate, and, in the city, are piled in the streets and clog the storm drains before they are picked up. While many materials can be

used, I am going to be practical about it so that whether or not you live in the city or the country, you can have a good compost pile for mulching, potting plants, renewing bad spots in the lawn and incorporating with soil in your garden, border or flower bed. We will use leaves. old sawdust. 8-8-8 fertilizer and dolomitic limestone.

The location should be near a water supply because it is

Lunches to be served in Chapel Hill schools during the coming week:

MONDAY

Pig-in-the-blanket, blackeyed peas and tossed salad, cornbread and butter, apricots and milk.

TUESDAY

Meatloaf with Spanish sauce, buttered potatoes and yellow hot rolls and butter, upside-down cake and

WEDNESDAY Turkey a la king on rice, green lima beans, fruit jello,

cheese biscuit and butter, almond cookie and milk. THURSDAY

Pizzaburgers, green beans and cole slaw, hot gingerbread with lemon sauce and milb. FRIDAY

Tuna-egg salad sandwich, peanut butter sandwich, carrot sticks and celery sticks, potato chips, strawberry shortcake and

necessary to wet the leaves as you pile the layers and keep the heap moist at all times. When finished, the heap should be 4 or 5 feet high, about 6 to 8 feet wide and any length. It is best to confine the sides if you This can be done with rough boards. If you have wall space, you could use a corner with walls on two sides and build other walls to contain the heap. A corner in a wire fence could also be used.

Start the bottom layer with about four inches of old sawdust. On this layer apply three pounds of 8-8-8 fertilizer per 100 square feet of area, and a liberal sprinkling of dolomitic limestone. If the sawdust is moist, wetting will not be necessary. If it is dry, sprinkle with water until wet.

Next, add leaves so that the layer will be about one foot deep when packed down with the feet. Add the same amounts of 8-8-8 and limestone to this layer and sprinkle thoroughly with water.

Continue to add layer on layer, as above, until the pile is as high as earlier suggested. The top layer should be of leaves so that rain water will be readily absorbed. Clean grain straw or old hay could also be used for the top layer.

It is highly desirable that the pile be turned after it has settled for one or two months. This will aerate the entire heap and promote more rapid bacterial action for complete decomposition of the sawdust and leaves.

If these instructions are followed, you should have a good, rich source of organic material in 6 or 8 months. Let the pile decompose thoroughly before us-

Saunders To Go To Water Meet

Members of the North Carolina Section of the American Water Works Association and the N. C. Water Pollution Control Association will hold their 43rd annual convention in Charlotte Nov. 11-13. The Queen Charlotte Hotel will be convention headquarters. Max D. Saunders, superintendent of the University water

plant, is the secretary-treasurer

of the joint associations.
