Umstead dominated the first half as Tosteson ripped open the South line for several long runs. But the closer Umstead got to the South goal the tougher they became. The game was a scoreless tie until late in the first half when Pete Allen threw a pass that was deflected by a South player, but Tor Tosteson grabbed the ball in the air and raced for a touchdown. The play covered 25 yards. The sharpshooting, Allen then fired a pass to Jeff Umplett for the all-important extra point.

Some people think it never needs service.

It's easy to get that impression. How many other makes have been driven 60,000 miles with the original pistons and cylinders intact? How many ordinarily get 40,000 miles on the same tires? That doesn't mean the Volkswagen never needs service. It does.

To get the most out of it, have your VW serviced regularly. We call it preventive maintenance. We'll give you a book on preventive maintenance for the first 30,000 miles you drive. And every 30,000 miles after that.

In the book for new VWs, for instance, coupons start you off with two free maintenance services. One at 300 miles. One at 3,000 miles. After that, the coupons remind you to bring your VW in for specified services at regular intervals. It's the best way to keep your VW in top shape.

Service is so important that Volkswagen won't sell cars where they can't be properly handled. By factory-trained mechanics like ours.

Parts are economical and quickly installed. There isn't a Volkswagen made that you can't get parts for easily. Most are interchangeable from year to year. (You can have a 1963 fender put on your '58 model with 10 bolts. It fits perfectly.) We pride ourselves on this fact. Our service is as good as the car. Ask anybody.
