VOL. XXXIX. No. 1.

WINSTON-SALEM, N. C., THURSDAY, APRIL 18, 1895.

Death Was Preferable

To Prostration After the Grip
Hood's Sarsaparilla Built Up and Gave Perfect Health.

This is a well-known merchant at Key West, Florida. His account of his condition after the grip, and how it was cured, should be read by all.

Death was preferable to prostration after the grip, and how it was cured, should be read by all.

Hood's Sarsaparilla Cures
not taken Hood's Sarsaparilla I should not be dead and buried.

Hood's Pills become the favorite cathartic with everyone who uses them.

MRS. Z. B. VANCE COMING.

SHE WILL ATTEND THE ACADEMY COMMENCEMENT.

Mr. J. C. Buxton to Make the Address at the Formal Presentation of the Vance Memorial Window.

We have already given an account of the approaching commencement, but as the arrangements had at that time not been fully completed, we now give the programme in full:

COMMENCEMENT PROGRAMME, 1895.
Saturday, May 25th, Opening Concert, 7:45 p. m.

Sunday, May 26th, Baccalaureate Sermon, by the Rev. J. B. Chesire, D. D., 11 a. m. Evening service by the Rev. W. Rondthaler, D. D., 8 p. m.

Monday, May 27th, Seniors' First Evening, 7:45 p. m.
Tuesday, May 28th, Art Exhibit, 2:30 p. m.

Tuesday, May 28th, Seniors' Second Evening, 7:45 p. m.
Wednesday, May 29th, Class Reunion, 7:45 p. m.

Wednesday, May 29th, Alumnae Meeting, with Presentation of the Vance Memorial Window by Hon. J. C. Buxton, 9 p. m.

Wednesday, May 29th, Grand Concert, 7:45 p. m.
Thursday, May 30th, Commencement, James Beck, Esq., Orator, 9 a. m.

In an interview with the school authorities we ascertained that they have been unusually successful in carrying out their plans for the year.

The following points have been gleaned in regard to the exercises:

The school is to be congratulated in having secured Bishop Chesire to deliver the sermon for Sunday morning.

AVERAGE TEMPERATURE

For 1893 and 1894 as R-corded at the Academy Station.

The temperature is regularly recorded at the Academy station each day. The SENTINEL herewith gives the average temperature for 1893 and 1894, as furnished by Principal Clewley.

The first column gives the average lowest point reached during the night, the second column gives the highest average for the month. The instruments used are self-registering, made by Green, and the same as are used by the U. S. Government.

1893. 1894.

January. Low High Low High
February. 31 53 32 55
March. 26 62 40 61
April. 47 72 45 72
May. 52 82 52 82
June. 63 87 61 90
July. 68 94 66 90
August. 68 95 65 92
September. 58 89 61 85
October. 48 71 45 75
November. 25 58 25 57
December. 20 52 21 51

The total averages for the years are as follows:
Lowest average for 1893 was 48.5-24.
Lowest average for 1894 was 47.1-34.
Highest average for 1893 was 70.5-12.
Highest average for 1894 was 71.1-2.

The warmest day in 1893 was Aug. 23d, when the thermometer reached 95 degrees.
The warmest day in 1894 was Aug. 10, when 92° was reached.

The coldest day in 1893 was Jan. 20, when the thermometer dropped to 64 degrees below zero.
The coldest day in 1894 was Dec. 11, when it was 11 above zero.

The warmest day in 1893 was Aug. 23d, when the thermometer reached 95 degrees.
The warmest day in 1894 was Aug. 10, when 92° was reached.

The coldest day in 1893 was Jan. 20, when the thermometer dropped to 64 degrees below zero.

LARGE FLOURING MILLS.

WINSTON CAN GET THIS ENTERPRISE IF SHE WANTS IT.

A Caravan to be Made Next Week for the Organization of a \$25,000 Company—Wachovia Milling Co.

A movement is now on foot to organize a company to be known as the Wachovia Milling Company.

The site selected for the mill is an admirable one, east of Langha & Co's wholesale house, on the Southern Railroad. All of the grain, etc., will be delivered directly to and from the cars, while the fuel will be unloaded immediately in front of the boilers.

A satisfactory lease has been made to F. H. Fries for a number of years, and this lease, with their milling business, will be transferred to the new company.

The capital stock of the company is fixed at \$25,000 and the shares are \$100 each, payable in monthly payments of 25 per cent.

The mill will have a capacity of 75 barrels of flour, and will have also a mill for stone on meal and feed. There will also be erected in the mill eight large bins with a storage capacity of 15,000 bushels.

The matter has been discussed by our merchants for a long while, and some time ago the matter was referred to a committee for action. As a result of their report the company will be submitted to the business men of the community within the next week.

It is the intention of the promoters of the enterprise to break ground as soon as the stock is subscribed and every effort will be made to have the mill in readiness to handle the new crop of wheat.

A large number of our prominent merchants are interested in the movement and THE SENTINEL feels assured our manufacturers and our citizens generally will push this matter to a speedy conclusion.

CIGARETTE MACHINE CASE.
Postponed on Account of Judge Simonton's Absence.

At the recent term of the Federal Court at Greensboro the case of the Bousack Cigarette Machine Co., et al. vs. W. F. Smith & Son, of Winston, was continued on account of Judge Simonton's inability to be present during the term.

All other cases of the Bousack Company were postponed for the same reason.

Mr. John F. Reynolds, of Forsyth, was foreman of the grand jury, which returned a bill for the protection of the people of the State against quacks and incompetents. It is a good law and we are heartily in favor of it, and we are glad that this county was not made an exception to its operations.

We think it should be amended so that the law should allow the grand jury to operate in their own interests. If necessary to punish offenders let them be fined and let the fine go to swell the school fund and not to swell the pile in the pocket of a grasping Solicitor.

STATE EXECUTIVE COMMITTEE.
Democrats From All Sections Bring Glad Tidings.

The State Democratic Executive Committee held a meeting in Raleigh last week.

The News and Observer says that the members of the committee present brought encouraging news from all sections of the State. They represent the Democracy as in the highest spirits, earnest, hopeful and confident of winning at the next election.

The meeting was largely given up to an informal talk, in the nature of an exchange of views. The members told of the changed sentiment in their respective sections, and all the talks showed that the Democracy was never in better condition.

A letter was read from Mr. Walter R. Henry, of Vance, tendering his resignation as a member of the committee. His resignation was accepted, and Mr. G. S. Bradshaw, of Randolph, elected to succeed him. Jas. H. Lott, of Forsyth, was elected a member to succeed Chas. D. Blanton, deceased.

Maj. Chas. M. Stedman and Dr. Blanton were added to the Central Committee.

The committee adjourned with a feeling that there is only need of an opportunity to redeem the State from Fusionism.

Judge Starbuck Will Hear It.
The suit of Elias Carr (Governor) as citizen against Secretary of State Coke will be heard on the 22d of April before Judge Starbuck.

Secretary Coke told the News and Observer yesterday that he couldn't tell yet what he would say in his answer. He was told that he had better publish a card explaining the matter, as it was said that people were really asking what he had done to deserve to be sued by the Governor. Capt. Coke said laughingly that some don't seem to understand that the attempt was being made to restrain him from doing his duty in publishing the mortgage law on the ground, as claimed by the State side, that it was fraudulently passed.

The Only Tax Reduced.
From the News and Observer.
A study of the new Revenue Act discloses the fact that the only article upon which the tax was reduced by the General Assembly was billiard tables.

The Democrats put a tax of \$75 on billiard tables. The Fusionists reduced this tax to \$25.

This is Reform!

WINSTON TOBACCO MARKET.

The Tobacco Journal's Review for the Week Ending April 13th.

With bright, clear weather the receipts on the Winston leaf market this week were full nearly every day.

The character of the offerings get worse and worse, and the proportion of common stock this week was large, that at an time before during the present season. Wrappers, like calls from those who unbolt the celestial sphere, were few and far between, and only a small per cent remains in the hands of the farmers. Manufacturers who have not already supplied themselves will find trouble in obtaining a stock.

Wrappers are bringing the last cent they are worth and few are doing anything more. Good fliers bring good value, but nondescript tobaccos are low.

Shipments of manufactured tobacco continue good, and there is a better feeling, with the belief that the worst is over and that a better year will improve from this on. So far this month the shipments exceed those of the same period last year.

FIRED IN THE WINDOW.

A COWARDLY ACC PERPETRATED LAST WEEK.

Mr. Hugh McAden Makes a Narrow Escape—One Lady Struck With a Piece of Glass.

At the residence of Mr. T. J. Ferguson, on Liberty street, Salem, about 9:30 p. m. Apr. 11th, some one went to the parlor window (the blinds being open) and placing a pistol against the glass, sent a ball through the same.

Three of Mr. Ferguson's daughters, Mr. Hugh McAden were in the parlor and the ball just missed striking the latter, who was standing near the window. Fortunately no one was injured, though one of the young ladies was struck in the face with a piece of glass knocked out of the window by the pistol ball.

Mr. Ferguson who was in an adjoining room, rushed to the front door with his pistol but the fellow who had been shooting had gotten out of the yard and was running up Liberty street. The latter's speed was quickened by a ball from a 38 calibre pistol, which means playing into the hands of the Democrats.

Mr. Ferguson says that he does not know the name of the guilty party. However, he requests THE SENTINEL to state that if the cowardly act is repeated there will be a first-class funeral in Salem and no mourners.

SENSATION IN ROANOKE.
A Negro Family Passed Themselves Off as Whites.

A telegram from Roanoke says: "Some time ago the family of William Halley, purporting to be wealthy Crookes from Louisiana, moved to the most respectable locality of Melrose. There was a son named Joe, who with his big nose and well filled purse, soon succeeded in getting into the swim. He joined the First Baptist Sunday school, and was mentioned in the church paper as a valuable acquisition. He became a lion among the aristocracy of the city, and was soon reported that he was to wed a young lady of accomplishments and good social position. Then a letter came from Winston, N. C., to the effect that a negro family by the name of Halley had left that place and were understood to be passing as whites. As the result of the investigation the family has quietly departed. The affair has caused quite a sensation."

A MOUNT IN TRAGEDY.
Two Men Killed and One Fatally Injured at a Dance.

MURPHY, N. C., April 11.—In a fight in the lower end of Cherokee county, two brothers named Cross were killed and Neal Newman was dangerously wounded. A dance was in progress at the Cross home. Neal and Mac Newman were among the guests. Oscar Cross, the head of the family, ordered the Newmans out of the house. They went out and were followed by Jim and Will Cross, brothers. Jake Cross also went out and attacked Neal Newman, who stabbed Jim Cross fatally. Mac Newman was killed and Will Cross, Neal Newman was shot in the back, but was able to escape with his brother across the Tennessee line.

Frightened to Death.
The Newbern Journal tells of a death, which occurred at that place, under unusual circumstances, on the night of April 6 about 12 o'clock. Miss Taylor, aged 68, who lived alone and did tailor work, screamed for help about midnight, and Mr. J. C. Green, who lived next door answered and went over. Miss Taylor said she had had come on her porch and she had raised the window and asked who it was. He grasped at her, she dropped the window, and he left. Mr. Green told her to come to his house and she remained the remainder of the night, and was supposed to be preparing to do so, but hearing nothing more of her for some time Mr. Green looked in the window and saw her lying on the floor. He was summoned and she soon died. The coroner's jury decided she had died of fright.

Large Sale of Stamps.
Postmaster-General Wilson says that the sale of stamps for the last quarter of 1895 amounted to \$19,463,571, which was the largest in the history of the Government for a like period. He considered this a barometer indicating the revival of business. The total receipts from other sources of the Postoffice Department for the last quarter of 1895 were \$1,165,297 more than the corresponding period of 1893.

Railway Progress.
The Railroad Commission reports that work now in progress on three railroads in North Carolina—one between Hendersonville and Brevard, twenty-two miles; one between Watauga and Troy, twenty miles, this being an extension of the Aberdeen and West End railway. The third under construction is the Moore county railway, from Aberdeen to Fayetteville, thirty miles.

Delinquent Tax-Payers.
In this week's issue of THE WEEKLY SENTINEL, Sheriff McArthur announces the names of delinquent tax-payers, giving names of delinquents, location of property, value and amount of tax due. The time of sale is Monday, May 6th. Let all interested take notice and govern themselves so as to save their property.

New Railway Lines.
The Railway Age authority for the statement that the Great Northern companies are preparing to build 20,517 miles of new lines. As this equals the aggregate mileage of all the railroads in the world, it looks as if there is to be a boom in railroad building.

Has Two Wives.
In speaking of the arrest of William Hedrick, the Lexington Dispatch says: "He has a wife in Forsyth and was married to wife No. 2—a woman named Carry Snider—in Maryland some time ago."

The J. Merson Davis Monument.
Richmond, Va., April 11.—At a meeting tonight of all of the board of directors of the Jefferson Davis monument Association it was decided to lay the corner-stone of the monument in the spring of 1896.

U. S. COMMISSIONERS.

Trouble Among the Brethren of the Republican Faith.

Senator Pritchard is in Greensboro looking after the appointment of U. S. Court Commissioners. It seems that Judge Dick has called for the resignation of all the commissioners in the district. One of the best lawyers at the bar says this course of Judge Dick is illegal; that a commissioner cannot be removed except for cause. Asking for resignations is but a sly way of coercing simple-minded men to get out of the way.

The Record says Senator Pritchard does not hesitate to severely criticize Judge Dick for what he regards as partisan conduct about the commissioners. The Senator asked Judge Dick to appoint some men because they were in every way qualified and good Republicans. Judge Dick said he would not listen to any application made on political grounds. This rather displeased Pritchard, and he is reported to have said: "What do you think Gen Grant would have said if he had been asked to appoint you because you were a Republican?" Pritchard says he is tired of this partisan Republican position of Judge Dick, which means playing into the hands of the Democrats.

Mr. Ferguson says that he does not know the name of the guilty party. However, he requests THE SENTINEL to state that if the cowardly act is repeated there will be a first-class funeral in Salem and no mourners.
