## WILLIAM JENNINGS BRYAN GIVEN AN OVATION IN CITY OF LONDON

MAKES ELOQUENT ADDRESS BEFORE INTERPARLIAMENTARY PEACE CONFERENCE.

Eloquent Remarks Largely Responsible For Adoption Of Important Resolution—After His Address Business Is Suspended For A While And The Delegates Given An Opportunity To Meet And Talk With The American Statesman—Notable Reception Accorded Him.

(By Publishers' Press.)  
LONDON, July 24.—William Jennings Bryan was one of the principal speakers at this morning's session of the interparliamentary peace conference. He was instrumental in inducing the delegates to adopt a resolution endorsing the extension of arbitration to the settlement of international disputes. Bryan was the recipient of a ovation and following his address there was an impromptu session of business of the conference. The delegates crowded about the speaker to congratulate him.

Speaking on the subject of arbitration Bryan said:  
"If we are able to separate questions of fact from questions of international disputes and to apply to them deliberate, impartial judgment we shall be able to settle facts with honor when great questions arise. We want time for deliberation, time to mobilize public opinion for peaceful settlement."  
Pointing dramatically to a painting illustrating the death of Nelson, Mr. Bryan exclaimed: "There is as much inspiration in a noble life as in a heroic death. Permanent peace can only be established on the foundation of the Brotherhood of Man."

## WINSTON-SALEM'S SPLENDID RECORD DURING THE PAST SEVEN MONTHS

Within This Time The Amount of Money Invested in Manufacturing Enterprises Here Has Been Increased By Nearly Four Millions of Dollars Or Nearly Forty-Three Per Cent.—Wonderful Progress in Other Lines.

During the first seven months of the present year the capital invested in manufacturing enterprises in Winston-Salem has been increased by about four million dollars or 43 per cent. This is an amount greater than the total manufacturing capital invested in Greensboro, Wilmington, New Bern, Asheville or Raleigh at the beginning of the present year and nearly as much as Charlotte's total manufacturing capital at the same time. In other words Winston-Salem's increase in about seven months has represented more manufacturing capital than any of these cities, with the exception of Charlotte, had altogether seven months ago.

The first seven months of the present year have indeed been notable ones in the industrial history of the Twin-City. Not only has there been a remarkable increase in the amount of capital invested in manufacturing enterprises, but in other lines the forward movement has been no less noticeable. Scores of new houses have been constructed here during this time, among them some large and handsome business structures, and work has been begun on other buildings; more charters for new local enterprises have been granted than for a long time past, while at least ten concerns have made notable increases in their capital stock.

Winston-Salem's record for the first seven months of 1906 is one of which much larger cities might well be proud. Certainly it would be difficult, if not impossible, to find a city of like size in the entire United States that has made a better showing during the period under consideration.

## CZAR PREPARING TO MAKE POPULAR POLITICAL MOVE TO PREVENT TROUBLE

MAY GRANT CONCESSIONS TO OFFSET DISSOLUTION OF THE RUSSIAN DOUMA.

It Is Believed He Will Make Notable Concessions To Jews And Peasants In Order To Keep Down Popular Resentment Of His Action In Dissolving National Assembly—Although That Act Has Not Yet Created Open Revolt Trouble Is Brewing In Different Parts of Russia.

(By Publishers' Press.)  
ST. PETERSBURG, July 24.—It is reported this morning that the Czar is preparing another coup with the end of discrediting the Douma by issuing a manifesto giving many reforms to the country. It is prophesied he will particularly favor the peasants and Jews in the reforms to be granted. The general attitude of the nation remains quiet and it is believed here there is little danger of a general strike for the present.

**Two Are Arrested.**  
VIBORG, Finland, July 24.—Two members of the Douma have been arrested and thrown into dungeons. The arrest of others is expected.

**Martial Law Order Withdrawn.**  
VIBORG, Finland, July 24.—The government has withdrawn the order declaring martial law here as the result of Douma returning to St. Petersburg. Military control, however, is still maintained over railroad from Finland to St. Petersburg. It is believed that the permanent standing committee appointed by the Douma before its adjournment to carry on the work of liberation, which is headed by Prince Paul Beigoroukoff, vice president of the house, will make its headquarters in Viborg and that all appeals to the people will be issued from that city.

**Trouble Brewing in Finland.**  
HELSINGFORS, Finland, July 24.—Workmen throughout Finland are becoming bellicose as a result of the troubles which have risen in Russia following the dissolution of the Douma. Numerous meetings of workmen were held in various parts of the country last night at which the men pledged themselves to come to the assistance of their Russian brothers in case of a general strike order.

**Trouble at Odessa.**  
LONDON, July 24.—The Central News says private dispatches have reached London, stating that anti-Jewish program has commenced at Odessa. There has been a heavy destruction of property. Massacres are inevitable.

## NOW THE LEADER BURGLAR ENTERS A HOME IN WEST SALEM

The home of Mr. S. A. Pfaff, on West street, West Salem, was entered about 9:30 Saturday night by an unknown party. Mr. Pfaff was at his store at the time. Mrs. Pfaff was in her sitting room. She heard a man walking through the dining room. She asked who it was, but there was no response. Mrs. Pfaff thereupon jumped up, closed the door between her room and the dining room and locked it. The stranger attempted to break the door open. Mrs. Pfaff called to her sister-in-law, who was upstairs come with a loaded shot gun but the intruder fled when he heard the "gun" mentioned. Mrs. Pfaff does not know whether the man was white or black.

## SHOOTING AFFRAY AT DURHAM. Negroes Use Pistols in Three Instances But No Fatalities Result.

DURHAM, July 23.—There were two shooting affrays in the country yesterday and today officers are looking for those who tried to take life. All of the parties in these affairs are colored. Their names have not been learned here as yet, as the officers who have warrants are in the country looking for the violators of the law.

One of these shooting escapades occurred near Holloway Station, some ten or twelve miles from Durham. The report is that one negro went to another for the purpose of buying another for the purpose of whiskey. He was accommodated, but after the glass was filled the intending purchaser discovered he did not have any money and said he believed he would not take it. This caused the seller to get mad and there was a "cussing" match, which finally resulted in the one who sold whiskey going into the house, securing a gun and firing two shots at the would-be purchaser, now thoroughly frightened, and who ran away. No damage was done.

The other shooting affair was some six or seven miles from the city and grew out of a fuss between two negroes, both tenants for the same landlord. A pistol was used in this case. Another shooting case was aired in the police court this morning. Eugene Saunders was charged with shooting and wounding a negro by the name of Lonnie Sears. This occurred some time since and Saunders skipped out only to be captured at Wilson and brought back here for trial. He was sent to the grand jury under two warrants, one for carrying a concealed weapon and the other for shooting.

## ELEVEN KILLED IN COLLAPSED BUILDING

(By Publishers' Press.)  
SOUTH FRAMINGHAM, Mass., July 24.—The body of a painter named McGuire was recovered from the ruins of the building which collapsed yesterday afternoon, making the total number of dead eleven. The injured at the hospital are all doing well. It will be sometime before the building can be thoroughly searched for more victims thought to be in them.

Captain Montgomery, who conducted the excursion to Roanoke yesterday, says there was some drinking and a few fights on the train. It is understood that the conductor and his flagman were compelled to adopt strenuous methods to quiet some of the passengers.

## MORE JEWS KILLED TODAY IN ODESSA

(By Publishers' Press.)  
ODESSA, July 24.—Anti-Jewish outbreaks, which it was feared would occur, have begun. A half dozen Jews already have been killed and greater disorders are feared as Black Hundreds are distributed incendiary proclamations in the streets. Cossacks are continuing their plunder of houses and shops in Jewish quarters. Three Jews were killed and three wounded while defending their property from attack.

## SAGE WILL FULL OF SURPRISES. Opinion Expressed by Former Business Associate, Who Puts Estate at \$100,000,000.—Executors Confer.

NEW YORK, July 23.—Col. J. J. Slocum and Charles W. Osborne, brother-in-law and confidential man, respectively, of the late Russell Sage and co-executors of his estate with Mrs. Sage, were in conference with the legal representatives of the Sage estate today. Mr. Sage's will probably will be probated shortly after the funeral. A former business associate of Mr. Sage expressed the opinion that the estate would aggregate well beyond \$100,000,000 and that the will would contain many surprises. Counsel for the estate of Russell Sage today applied to Surrogate Thomas for permission to carry on Mr. Sage's business pending the admission of the will to probate. The surrogate said he would sign the order later.

## IS SING FUNDS. American Federation of Labor Preparing For Political Campaign.

The Thirty Thousand Labor Organization of the United States to Be Called On for Contributions for Campaign Purposes.—President Gompers to Establish Campaign Headquarters in Washington.

(By Publishers' Press.)  
WASHINGTON, July 24.—The American Federation of Labor wants money to carry on its political campaign. Appeals are being sent out to 30,000 labor organizations, asking for contributions and setting forth reasons for the appeal. An intelligent campaign looking to the election of members of the state legislatures and national congress friendly to the interests of labor cannot be effected, it is argued, without incurring some expense. Contributions from one dollar up are solicited. It is intended that President Gompers shall maintain regular political headquarters here, modeled after the organizations of the two great parties. He will be in personal charge of the campaign and will direct the operations of speakers and organizers.
