

## THREE DEMOCRATS TO COMPOSE THE ROAD COMMISSION

The Forsyth Road Commission will be composed of three Democrats. Mr. J. C. Buxton, State Senator-elect, who will have a bill passed by the next General Assembly creating said commission, had intended making it non-partisan, but as the public knows, the Republicans opposed the plan and Mr. J. T. Benbow, Mr. Buxton's opponent, argued against it in perhaps every speech during the campaign.

"I am opposed to putting the execution of the new road law in the hands of men who are against it," said Mr. Buxton, who stated that he realized that only friends of the measure could make it a success. "Our party went back into power on the proposed road bill and I am willing for the party to be responsible for its execution."

### Man Robs Train Alone.

**SLATER, Mo., Nov. 9.**—In real old-fashioned style, alone, a small-sized train robber went through the Chicago, Alton and Kansas City fast train No. 144 at 11:50 p. m. Thursday near here. The fellow went through the cars awakening sleepers in Blue Cat, the big ditch made famous by operations of the James boys. From probably two dozen passengers, he got only about \$50 for he worked rapidly and took what was offered him from trembling but saving passengers. He took little jewelry, being in too great a hurry, completed the job and left the cars. Conductor Joseph Smalley says the thief left the train on the outskirts of Mexico, making a flying leap in the dark. Smalley stopped the train immediately and backed up to where he left it but no trace of the thief was found. Descriptions of the robber were wired at once from Mexico to dozen surrounding towns and his escape will be difficult.

## PARTY HELD UP NEAR MOUNT AIRY

**MT. AIRY, Nov. 10.**—While Mr. "Jack" Turner and Misses Bethenia Ashby and Minnie Burke were returning from a social gathering at the home of Mr. B. M. McGees', they were held up by several unknown parties near a tough section known as Catesville. One man attempted to pull Mr. Turner from his buggy, but was knocked down. Mr. Turner then laid whip to the animal and drove off. One of the gang fired upon the parties in the buggy several times. One ball took effect in Miss Ashby's back and one lodged in the neck. Another cut off one of her fingers. Miss Ashby was reported to be resting very well today, though her condition is regarded as serious.

This morning a young man named J. Alva Brim was arrested. A large pistol was found in his possession. It contained blank cartridges of the same calibre of the balls fired upon Mr. Turner and his two lady companions. A load of whiskey was also found at Catesville. It was seized and brought to Mt. Airy.

## NEGRO WHO SHOT MR. HOLT IS ON TRIAL

**GREENSBORO, Nov. 10.**—Henry Walker, the negro who shot and dangerously wounded Col. L. Banks Holt last Tuesday night, is on trial at Graham. A true bill was found Wednesday afternoon, and the case was called for trial yesterday morning. Jury was soon secured and the taking of evidence was begun. Several witnesses for the State, including Mrs. Holt, were examined, and the evidence is very strong against the negro. He offered no evidence. The argument of lawyers began this morning. Walker is being tried for burglary in the first degree. The facts in the case, it is believed, sustain the charge and the people of Graham are confident that the defendant will be convicted, and, if so, he will be hanged.

## SAYS THAT TUBES WERE NOT DEFECTIVE

**WASHINGTON, Nov. 10.**—Rear Admiral Charles Rae, engineer in chief of United States navy, does not believe defecture tubes were put in boilers of the battleship Louisiana or other ships of the navy. "Tubes," says the admiral, "have many of them been in the boilers as long as four years. We never had the slightest trouble with them. Boilers on Louisiana, Tennessee and Washington have never shown slightest weakness. I cannot see how the government suffered in any way from the alleged attempts to put bad tubes on any vessels."

### Famous Strike Breakers.

The most famous strike breakers in the land are Dr. King's New Life Pills. When liver and bowels go on strike, they quickly settle the trouble, and the purifying work goes right on. Best cure for constipation, headache and dizziness. 25 cents at Thompson's drug store.

## Leaf Tobacco Sales on the Local Market This Season

### Sales Recently Have Been Comparatively Light. Following Enormous Breaks In October--Tobacco Considerably Damaged by the Unfavorable Weather--Notes About Local Leaf Tobacco Market.

The leaf tobacco sales on the local market have been comparatively light recently following the immense breaks in October, which were among the biggest in the history of the market. The light breaks recently are largely accounted for by the fact that the weather has not been favorable for big sales.

It is estimated by many that two-thirds of the tobacco crop will be sold

probably be a little less. The unfavorable weather has damaged the crop to a considerable extent.

The amount of tobacco raised in North Carolina this year is hardly more than half what it was five years ago. The decrease is especially heavy in eastern part of the State, owing to the fact that the raising of cotton has become most profitable.

The two pictures printed in connection with this article are from photographs taken during the enormous breaks in October. It is estimated that a thousand wagons loaded with tobacco were here on one day during this heavy break. During the week of the heaviest sales about 1,800,000 pounds of weed were sold on the local market, this distributing among the farmers of this section over \$125,000.

SCENE ON TRADE STREET DURING BIG TOBACCO BREAK RECENTLY

by Christman. The crop is largely composed of common tobacco though connoisseurs in such things say it makes a pretty good chew. Very little fine tobacco has been offered on the local market, the supply of good wrappers being small.

The local market last year sold something over 17,000,000 pounds and the amount sold this season will

## MAY MAKE CHANGE

### Two Factions Fighting Hard for Control of New York Mutual Life Co.

If International Policyholders' Committee Controls Stuyvesant Fish Will Probably Succeed Peabody As President of the Company in The Near Future.

**NEW YORK, Nov. 10.**—Stuyvesant Fish is to become president of the Mutual Life Insurance Company if present fight for control of the company is successfully waged by the international policyholders' committee. Much secrecy is being observed by those conducting the fight against Rogers-Harriman domination of the Mutual Life but insurance circles heard today an excellent authority that when proper time comes Fish's name will be presented to succeed President Peabody, who retires next spring. The election of Fish to presidency of Mutual would be complete triumph over Harriman and others who ousted him from the presidency of the Illinois Central Railroad.

## CASE AGAINST THE NEW YORK CENTRAL

**NEW YORK, Nov. 14.**—Testimony was heard in the United States court today in the case against New York Central Railroad, charged with giving rebates to the sugar trust. The railroad is alleged to have given rebates on sugar shipments from New York to Cleveland by the trust.

## JUDGE PEEBLES' CHARGE.

His Honor Has A Tilt With a Raleigh Lawyer.

In Wake Superior Court last week Judge Peebles, in charging the jury in a certain case, told the jurors that Mr. S. B. Beckwith, an attorney in the case, had argued to them a certain case which was not in point and that the attorney would argue that a thing was the law when he would not swear to this being so.

The jury decided against Mr. Beckwith. Thereupon Mr. Beckwith lodged a motion for a new trial and to set aside the verdict for a misdirection in the charge of the court to the jury, and for an expression of opinion from the court as to the weight of the evidence, and for that the court stated in the hearing of the jury that if defendant's attorney had made the motion in time he would have non-suited the plaintiff.

In arguing his motion, which was over-ruled, Mr. Beckwith referred to the statement of the judge as to his use of the law and stated that, while he himself would be loath to swear as to what the Supreme Court would say the law was, he would like to know if the court was prepared to swear that the law contained in the case was not the law.

Judge Peebles did not take the stand and the plaintiff took an appeal.

### Lashed To A Tree.

A dispatch from Spencer to the Raleigh News and Observer says that A. L. Lingle, while making a Democratic speech at Crescent, near Salisbury, was taken from the stump and lashed to a tree in the woods, where he was left until Sunday morning. Lingle was once a Democrat, later a Republican, and in this campaign supported Hackett.

Rev. C. D. Crouch attended the Moravian conference at Kernersville today.

## ELECTION FIGURES. TROUBLE BREWING.

### Additional Information About the Democratic Vote in Forsyth County.

Majorities Range From 104 to 394—It is Certain Broadbay Wins Beautiful Banner Offered By Mr. E. H. Wilson To Township Showing Largest Gain in Democratic Vote.

The Democratic majorities in Forsyth range from 104 to 394. The county commissioners, upon whom a big fight was made, fell behind. One or two errors were made in the vote published yesterday. The official figures for commissioners are as follows: Dr. E. F. Strickland lead, receiving 2,371 votes. Chairman M. D. Bailey was second, his vote being 2,351. D. W. Harmon's vote was 2,242. The vote for the Republican candidates was as follows: Ex-Judge Starbuck, 2,238; Light, 2,218; Shore, 2,160.

Mr. R. E. Transou, for clerk of Superior court, led the Democratic ticket, his majority being 394.

Franklin McNeill, for corporation commissioner, defeated Robt. M. Douglass 308 votes. Geo. W. Ward, for Superior Court Judge, had no opposition. His vote was 2,470. Judge O. H. Guton's majority over Julian F. Dawson was 352; Judge Oliver H. Abben defeated A. J. Loftin 327 votes; Chatham Calhoun led David S. Lewis by 331 votes; James Crawford Biggs' majority over W. D. Merritt was 326, and James L. Webb over John H. Spence, 333.

The canvassing board announced the total vote received by the various candidates from the west side of the courthouse at 3:45 this afternoon.

A canvass of the returns shows that about 65 more Democratic votes were cast in the county last Tuesday than at the election two years ago. The Republicans suffered a loss of about 24 votes this time, compared with the former election.

### Banner Goes To Broadbay.

The committee decided that Broadbay township had won the beautiful banner offered by Mr. E. H. Wilson to the township making the largest Democratic gain, compared with the vote for governor in 1904. The banner will probably be awarded one night next week at which time it is proposed to hold a reunion of the voters in Waughtown. Chairman A. H. Eller will likely make the presentation speech.

## NEWS ITEMS REPORTED FROM GREENSBORO

**GREENSBORO, Nov. 9.**—Gariand S. Ferguson, Jr., an attorney and W. L. Brewer, an architect of this city, had a difficulty in front of the court house yesterday afternoon that attracted a large number of people. A man who had a claim against Mr. Brewer had placed the account in the hands of Mr. Ferguson for collection, who instituted suit against Mr. Brewer. When the summons was issued Mr. Brewer went in search of the attorney and met him in front of the court house. A few words were passed before Mr. Brewer intimated that Mr. Ferguson was not a gentleman. Hardly had the words gotten out of the architect's mouth before the lawyer struck him in the face. Mr. Brewer tried to defend himself, but the lawyer got the advantage of the difficulty, and Mr. Brewer went away with a bloody face and bruised nose. Both were cited to appear before the mayor this afternoon.

The Rev. Melton Clark, of Conover, S. C., has formally notified the clerk of the session of the First Presbyterian church of the city that he will accept the call to become the pastor, succeeding the Rev. Dr. Egbert W. Smith, who sometime ago resigned to become pastor of the Second Presbyterian church of Louisville, Ky. Mr. Clark and wife are expected to come to Greensboro in a few weeks to reside. Mr. Clark preached here last Sunday and made a fine impression on his congregation. The transfer from the Pee Dee Presbytery to the Presbytery of Orange will be made as soon as possible.

The Guilford County Teachers' Association will hold the first quarterly meeting here tomorrow. An interesting program has been arranged. The association was organized at the suggestion of the late Dr. Melver and has for its purpose the abolishment of illiteracy from Guilford county. County Superintendent Fouss is the president of the association.

Complete returns from all the precincts of the county indicate that the average Democratic majority in Guilford is 1,611. The average majority of the county candidates is 1,512, or 313 more than it was two years ago.

### A Year of Blood.

The year 1903 will long be remembered in the home of F. N. Tackett, of Alliance, Ky., as a year of blood, which flowed so copiously from Mr. Tackett's lungs that death seemed near. He writes: "Severe bleeding from the lungs and a frigid cough had brought me to death's door, when I began taking Dr. King's New Discovery for Consumption, with the astonishing result that after taking four bottles I was completely restored and as time has proven completely cured." Guaranteed for sore lungs, coughs and colds at Thompson's drug store. Price 50 cents and \$1.00. Trial bottle free.

## Liberals in Cuba May Try to Cause Another Disturbance on Island.

They Seem To Be Anxious To Get Political Offices and May Attempt To Embarrass Governor Magoon If They Do Not Succeed In Their Efforts To Do This.

**HAVANA, Nov. 9.**—That predicted storm in Cuba may break out soon. A certain committee was appointed last night by Liberal office-seekers to call on the governor and force an answer as to whether the liberals can expect to succeed the moderates in offices the latter hold. If the committee is convinced that no hope for the liberals exists steps will be taken to annoy the administration. The outcome will probably be that American troops stationed will be stationed throughout the island to maintain order. The liberals are in an ugly humor.

## MAN ATTEMPTS TO SHOOT HIS WIFE

Mr. John J. Nevins, of Cincinnati, Ohio, attempted to shoot his wife in city today and was only prevented from committing the deed by the prompt arrival of the son, who snatched a pistol out of the hand of his father and then knocked him down. Mr. and Mrs. Nevins, it appears, separated a year or more ago, and the wife has been in Asheville for some time, conducting a boarding house. The husband and wife met here at the earnest solicitation of the son, who hoped for reconciliation between his father and mother.

Mr. Nevins was arrested and locked up. He was intoxicated and admitted to the officer that his intention was to kill his wife. Mrs. Nevins, who is intelligent and appears to be a lady in the truest sense, told the policeman that this was not the first time her husband had attempted to kill her and that she was forced to leave him in Cincinnati on account of cruel treatment. Mr. Nevins and his son, who travel for a northern firm, have been in the city for a week or more.

Mrs. Nevins does not wish to appear against her husband and it is likely that carrying a concealed weapon will be the only charge against the husband when the case comes up before the mayor.

## POPE'S HEALTH IS GROWING WORSE

By all precedents since 1870 the Pope is required to never venture outside the Vatican grounds.

**ROME, Nov. 9.**—Unable to stand the confinement in the Vatican Pope Pius is slowly wasting away. This is the opinion of Dr. Lippold expressed to a correspondent of the Publishers' Press and is first official announcement in regard to the pontiff's health. "His Holiness' condition is only relatively satisfactory," said the physician. "He is also suffering from gout and from nostalgia, caused by remaining confined in the Vatican precincts. This is wasting his health. My belief is the pope will die like an eagle, unable to accustom itself to the cage."

Sixth tract, conveyed by E. Scheinlitz, lying on the waters of Muddy Creek, and on the Germantown road, adjoining the lands of Grubbs and others, containing 11 acres and 20 poles, more or less.

Seventh tract, bought of E. Scheinlitz, lying on the waters of Muddy Creek, and on the Germantown road, adjoining the lands of Grubbs and others, containing 11 acres and 20 poles, more or less.

Eighth tract, bought of N. G. Day and others, containing 11 acres and 20 poles, more or less.

Ninth tract, bought from the Provincial Elders, etc., lying waters of Muddy Creek, adjoining the lands of Marshall and others, containing 11 acres, more or less.

Tenth tract, bought from the Provincial Elders, etc., lying waters of Muddy Creek, adjoining the lands of Marshall and others, containing 11 acres, more or less.

Eleventh tract, bought from the Provincial Elders, etc., lying waters of Muddy Creek, and Germantown road, adjoining the lands of Thomas Grubbs and others, containing 11 acres more or less.

The above tracts of land, which join each other, will be sold as entire tract, subject to the water, which has been duly advertised.

This Oct. 2, 1906.

J. W. CAUDLE, Comptroller.

**WANTED—**District managers to signs, advertise and distribute. Salary \$18.00 weekly. \$2.00 day for expenses. State age and employment. Ideal Shear Co., Randolph st., Chicago.

**WANTED AT ONCE—**50 men in chair factory, finishers preferred but work for everybody. We pay good wages. Work every day at or write Forsyth Chair Co., Winston-Salem, N. C.
