

State News

The organization of a Rockingham and Caswell Fair Association is contemplated.

Saluda has been enveloped in smoke for several days. Forest fires on three sides presented a magnificent spectacle at night.

The board of stewards of Central Methodist Episcopal church at Concord will ask the coming Western North Carolina Conference to return Rev. Plato Durham to the pastorate of that church.

Rev. Dr. R. C. Beaman has resumed his work in Newbern as pastor of Centenary church. He has been disabled and unable to work for over a month on account of severe illness.

The Greensboro Daughters of the Confederacy are still adding to their monument fund in various ways.

The Rev. R. G. Kendricks, who recently accepted a call to the pastorate of the Forest Avenue Baptist church at Greensboro, preached his first sermon Sunday.

The second annual convention of the North Carolina drainage association, to be held at Newbern November 10 to 12, promises to be one of considerable value.

Fifty Trinity students Saturday night went upon a long promised possum hunt, carrying six guides and sixteen hounds.

Dr. C. A. Schenck, formerly in charge of the forestry department of the Biltmore estate department of the Biltmore estate of George W. Vanderbilt, has filed suit for damages against Mr. Vanderblit in Buncombe superior court.

What is expected to be the biggest district meeting of the Junior Order United American Mechanics ever held in North Carolina convenes in Salisbury on Wednesday evening, the 17th.

The location of the Southern Lutheran Theological Seminary, an important institution now located at Mt. Pleasant, North Carolina, is to be changed, and Charlotte is making a bid for it.

Mrs. Wagner, mother of Mrs. W. L. Dawson, of Moravian Falls, died Monday after a long serious spell of sickness.

Mr. E. B. Hendren died a few days ago at his home near the old Cline postoffice, Wilkes county. The reports are that Mr. Hendren had gone to the barn to feed his stock, and while at the barn was attacked with heart failure and died very suddenly.

Thanksgiving Day the Lexington council of the Juniors will present a flag and a Bible to the Arcadia High School at reada. There will be speakers in behalf of the Juniors and in behalf of the school.

Messrs. Harmon and Reed, of Kernersville, have received the electric dynamo that is to furnish lights for their roller mill and it is being installed. The machine is of 125 light capacity and one of the latest types.

An involuntary petition in bankruptcy was yesterday filed by R. O. Everett, attorney, for R. H. Adams, a merchant of Durham. The liabilities are about \$1,800; the assets about \$1,000.

Monday afternoon an automobile carrying Mr. C. E. Sawyer, of Michigan, and Mr. and Mrs. Deal, of Greensboro, ran over a small dog belonging to Miss Nona Sink, in front of the Sink residence in Lexington and "killed it dead."

Mr. Cline E. Baird, who is working with the steam shovel on the Southbound near Lexington met with a painful accident last week. One of the dinky engine got off the track and he and his engineer went over to help get it back.

The Seaboard Lumber Company, of Carthage, has filed a certificate of incorporation with the Secretary of State. The authorized capital stock is \$50,000, but the company will begin business with \$20,000.

Earl Hedrick, of Lexington, was tried before Squire John H. Moyer Monday on charge of attempted criminal assault, Mrs. John Ford being the complainant. After a rather lengthy hearing the defendant agreed to plead guilty of a charge of simple assault.

Officers Harkins, Miller, Reynolds and Haynes, with Deputy Sheriff Comer of Surry, captured Rae Killin at his home at Murphy's Gap on the Blue Ridge last week. He has the "rep" of being a blockader and bad man generally, and has long been sort of a terror to the whole country-side.

G. R. Starnes and S. K. Stowe have given notice to Guilford county that unless a check for \$750 is forthcoming they will sue for damages because, according to their claim, Guilford has appropriated the idea of portable convict camps which these men perfected.

Mrs. S. M. Lipe who resides just south of Mooreville one day recently saw a huge hawk light upon a plump chicken, thrusting its talons into it and killing it almost instantly.

Unless all signs fail the Twin-City will secure several important manufacturing enterprises the coming year.

ATTEMPTED TRAIN ROBBERY.

Bold Robbers Were Frustrated by Clever Work. SYRACUSE, N. Y., Nov. 10.—An attempt to rob New York Central train No. 24, the American express between Lyons and this city, tonight was frustrated and two men were arrested at the point of guns. A third is believed to have fallen under the train and been killed.

The two men arrested are now locked up in this city charged with attempted robbery. They said they were George Williams, aged 18, and Frank Brown, aged 16, and that they resided in Buffalo.

The American express generally is laden with silks and other valuable goods consigned by shippers in New Orleans and other cities to New England merchants. Tonight there were ten cars.

A car on the train was looted of several hundred dollars' worth of silk four weeks ago, and two weeks ago New York Central detectives, William Hennessy and Frank Boquard were ordered to ride the train between Buffalo and this city. Both were well armed.

When the train stopped at Lyons at 9 o'clock this evening the detectives and Express Messenger Beard noticed three men with a large electric flash lamp walking along the tracks examining the cars. When they reached the car in which were the officials, they mounted the steps and waited for the train to pull out.

Two men entered the car and were quickly covered by the officers' guns and ordered to throw up their hands. No trace of the third man could be found.

NEGRO REPRIEVED FOR THE THIRD TIME BY GOVERNOR.

RALEIGH, Nov. 10.—Gov. Kitchin today granted the third reprieve to Walter Morrison, the negro under sentence in Roberson county for criminal assault and destined to be the first victim of the electric chair in North Carolina. Each of the three postponements of the electrocution has been on account of the delay in completing the electric equipment of the death chamber in the penitentiary.

Sales of Leaf Tobacco.

The report of the state department of agriculture of sales of leaf tobacco on forty-five North Carolina markets in October shows 27,099,158 pounds total sales at first hand for growers and 29,218,363 as a grand total, including resales for dealers.

Death of a Good Man.

The funeral service of Mr. Nelson Campbell, who died at his home on North Liberty street at 4:35 yesterday afternoon, was conducted from the residence at 2:30 this afternoon by Dr. H. A. Brown and Rev. J. E. Abernethy.

Woman Suicides.

Miss Maggie Poe, 25 years old, a daughter of Mr. and Mrs. W. L. Poe, of R. F. D. 2, Siler City, committed suicide Tuesday by drowning herself in the lake at Guilford Battleground, 6 miles northwest of Greensboro.

Expelled From Church.

Whiteville News-Reporter. Conference was held at Sweet Home Church No. 1 on the 9th inst., and the only business of interest transacted was to exclude Brother R. I. Batten from the church. It will be remembered that the Holy Jumpers, who took possession of the church about a year ago, never could get ginger enough in Brother Batten to make him "Jump Jim Crow." I will write him some more next week. R. I. BATTEN.

Boy Is Torn to Pieces.

CONCORD, Nov. 9.—A twelve-year-old son of R. L. Overcash, of this county, met a horrible death at the ginery of the Kindley Mill, at Mount Pleasant, nine miles from here, at 9 o'clock this morning. While his father's cotton was being unloaded the boy was playing about the gin and was caught in the shafting and literally torn to pieces. The body was severed completely at the waist line and one limb torn from the body. The boy's body was gathered by pieces from the floor. Burial took place this afternoon at Mount Pleasant.

Durham Contractor Missing.

Mr. J. T. Brooks, a contractor of Durham, mysteriously disappeared from his home in Mangum woods last Wednesday and despite all efforts his whereabouts are completely unknown. The officers have been notified of the affair and are doing everything in their power to find the missing man. He has a wife and three small children and they are very anxious to learn something.

Humanity borrows its wit and steals its ideas.

Deafness & cannot be cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever. Also cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists & Dealers. Take Hall's Family Pills for constipation.

Over fifty Hungarians arrived here Wednesday in a special coach to work on the viaduct across the Salem creek for the Southbound railroad.

WHY TURKEYS ARE SCARCE.

Science Has Discovered That They Are Killed by Appendicitis.

Boston Dispatch to New York Press. Science has at last discovered why the turkey is so scarce that its price has become prohibitive for many a Thanksgiving table—the big bird has been literally wiped out in New England by appendicitis. More than this, the disease has spread as far south as Virginia, and is already invading Michigan, which, up to the present time, has for years been the chief breeding place of turkeys.

So serious is the danger of a virtual extinction of the "national bird" that a thorough investigation of the causes of the disease and its possible prevention is being made and its possible prevention is being made by such well known scientists as Dr. Theobald Smith and Dr. E. E. Tyzzer, of the Harvard Medical School, and by Dr. Phillip B. Hadley, of the state experiment station of Rhode Island.

The same disease which has decimated turkeys has of late spread to game birds, such as partridges and quail, and the investigation in this special line is being prosecuted by Dr. George W. Field, of the Massachusetts fish and game commission. The finding of all these men have agreed that the old-fashioned "turkeyd" or "backhead," which thousands of farmers have bewailed as the bane of the valuable flocks of Thanksgiving birds, is only the outward sign of a disease, which starts from a small living organism, and which produces in the intestines of the turkey or partridge an inflammation similar to that of appendicitis in man.

The organism which infects the doomed birds has been variously identified simply as an amoeba and more specifically termed the "coccidium avium," but under either name it has done its work and the experts unite in saying that once the disease has attacked a partridge or a game bird there is no hope. Although the disease is almost exactly the same, and in the same location as appendicitis in man, nobody had thought it worth while to perform an operation of appendectomy on birds.

Some Hog to These.

Madison county is the first in the field with a host of her big hogs. Others will follow in line as hog killing time comes on, but it is doubtful if any will be found as big as Thos. J. Murray's prize porkers. In the last issue of The Madison County Record he challenges the county in the following advertisement:

"I have two of the finest hogs in the county of their age. Will kill and weigh with any man in the county and J. J. Redmon will tell any one their age. I bought them of him. Either one of them will outweigh the old lady Lucindy Hensley on the head of Little Creek in Madison, and she is so large that not a single sheriff of the county for the last ten years has been able to put her in a wagon to transport her to Marshall court to answer the charge of selling likker."

Mules Chase Auto.

It is a common thing to hear of a horse or mule running from an automobile, but it is something new under the sun for a pair of mules to run an automobile down and cause it to take to a swamp. That's what happened near Lumberton the other day, last Thursday, to be exact, about three miles from town, on the Fayetteville road. Dr. N. A. Thompson, of Lumberton, drove up in his automobile behind Mr. M. J. Barker, of Renner, who was coming to Lumberton, and presently a pair of mules hitched to a wagon came tearing up like mad behind Dr. Thompson's machine. Dr. Thompson tried to keep out of the way of them and fought at them with his hat for awhile, but those mules seemed bent on eating up that automobile in spite of everything so Dr. Thompson headed the machine for the swamp and jumped out. The automobile came to a stop shortly, having received no damage. Nobody was hurt and nothing damaged. But Mr. Barker said it was interesting times for awhile and his position was not enviable.—Lumberton Robesonian.

"Our President."

This is the way a Franklin county poet proposed that President Taft be toasted when he entered North Carolina: "Here's to the land of the long leaf pine, Where they chew virgin 'rosom' and make turpentine; Where the Rubos all say, I made a mighty fudge When I couldn't find a Radical 'fitten' for a judge."

FARMERS ASK FOR FOUR NATIONAL HIGHWAYS

A reduction in the mileage allowance of members of congress from ten to five cents a mile in the South was one of the features of the resolutions adopted by the Farmers' National Congress in Raleigh Monday.

Legislation to establish four national roads from the Atlantic to the Pacific, the strengthening of the "Oleo" law, a law prohibiting railroads from charging a full trip mileage rate in excess of the rates of the states through which the trip extends, the enactment of a postal bank law, increasing the franking privilege to state agricultural schools and colleges for the extension of publication work, were urged in other resolutions.

The congress also placed itself on record in favor of the enactment of a law modernizing parcels mail system, urged congress to appropriate money for denatured alcohol distilleries at selected agricultural experiment stations, and favored government aid to public roads.

Benefits of Inland Waterways.

Representative Small, of this state, in addressing the congress, told how the agricultural interests of the South would develop through the establishment of inland waterways. Clarence H. Peh, editor of the Progressive Farmer, of Raleigh, pointed out the great advances made in Southern agricultural methods; Dr. P. L. Stevens, bacteriologist, of the North Carolina Agricultural and Mechanical College, told of the efforts to get rid of plant diseases.

That the unrest of women in farm homes is due to a lack of modern improvements, to colorless monotony attending isolation and to a lack of independent earning power, was the opinion expressed by Mrs. Alice E. Whitaker, of Washington, D. C., in a paper read before the congress.

The condition of women would be vastly improved, Mrs. Whitaker declared, if home industries could be introduced on the farm to make use of its products and to furnish an income from congenial employment. The making of rugs, coverlets, patchwork and basketry were some of the lines of activity that had within recent years been revived with such success that considerable money had been brought into isolated communities with the result of greatly adding to the comforts of the people and the activities of home life.

MR. BAILEY'S SERMON TO THE NATIONAL FARMERS CONGRESS

One of the many striking features of the Farmers' National Congress held in Raleigh was the religious service held in the Academy of Music in the Capital City Sunday afternoon.

Josiah William Bailey was the speaker, says Col. Olds, and his address was in fact a powerful sermon, delivered in his best style and adding to his already high reputation as orator and thinker. His theme was the contract between the conservation of our national resources and the conservation of our spiritual interests. America's chief concern is not maintenance of industrial progress so much as preservation of those principles which control in a proper appraisal of the interests of the soul. Jesus was concerned for the soul's welfare and with regard to property he placed no valuation whatever upon it as compared with His valuation of the soul. His chief concern about property lay in the peril it offers the soul in its passage through time. A people who forget the interests of the soul will lose the great fundamental rights of free government. Soul liberty made the way for personal liberty. Our national hymn is national and abiding because it is true. It speaks of God as the author of liberty. The sovereignty of God is the basis of all sovereignty, whether republic or king dom.

Are You Regular?

If you are not, it is a sign of disease, a sign of some hidden female trouble that may be undermining and weakening your constitution, and making up for you much future suffering. Many thousands of weak, irregular, suffering women have, in the past 50 years, been greatly benefited or cured by the use of that well-known, successful, purely vegetable, female tonic and curative remedy

WINE OF CARDUI

WOMAN'S RELIEF. Apple G. Barnes, of Alto, Tex., writes: "I caught cold, which made me irregular and gave me pains in my shoulders and sides. For almost 2 weeks I could not lift a chair. Cardui brought me all right again; I have no more pains and am in very good health."

PRESIDENT'S VISIT TO THE CITY BY THE SEA

WILMINGTON, N. C., Nov. 9.—Governor Kitchin and staff, several companies of militia, regular troops, a battalion of Confederate veterans and thousands of citizens of Wilmington and vicinity joined in the reception and entertainment of President Taft on the occasion of his visit to this city today.

The President began the day's program by taking breakfast at the colonial residence of British Vice Consul James Sprunt, overlooking the Cape Fear River and Brunswick Bay. At 10 o'clock the Presidential party boarded the revenue cutter Seminole for a twenty-mile trip down the river to historic Fort Fisher, the ruins of ancient St. Philip's Church and Fort Caswell, where the government is constructing magnificent fortifications at a cost of several million dollars. On the return trip luncheon was served aboard the revenue cutter.

The afternoon program included a civic and military parade, a public address by the President, delivered at the city hall and a second address to the colored people assembled at St. Stephen's church. The President concludes his visit this evening with an automobile ride about the city and suburbs and a supper at the Masonic Temple.

FARMERS REFUSE TO CONSIDER AN ANTI-SALOON RESOLUTION

RALEIGH, Nov. 9.—The Farmers' National Congress elected Joshua Strange of Indiana, president to succeed Col. Benjamin Cameron, of North Carolina.

A sensation was started by the refusal of the congress to consider a resolution of T. A. Merritt, of Maryland, against saloons. Merritt left the hall in disgust.

Creditable Industrial Issue.

Mr. John E. Hart, editor and manager of the State Dispatch, a weekly paper published at Burlington, has just issued a very attractive industrial edition which would be credit to a much larger place than the progressive little town from which the publication is issued. This industrial number is profusely illustrated, showing the buildings of the leading manufacturing industries, stores, etc., in that town. Editor Hart is entitled to congratulations and the very best support for the paper he is giving the people of that county.

Mr. Scott Fillman, cashier of the Citizens' Bank at Reidsville, has tendered his resignation to take effect the first of January.

DESIGNED BY SPERO, MICHAEL & SON NEW YORK

You Will Be Satisfied With Every Suit You Buy If You Get It At This Store

We sell Spero, Michael & Son's New York Made Clothes and that means we sell clothing that satisfies. Coats that retain their shape and good appearance.

Clothes with style and finish that are astonishing when the price is mentioned. If you want real clothes satisfaction come here and make your choice from the wide assortment of styles, fabrics and colors, we have ready for your eyes.

S.S.S. THE REMEDY FOR SORES AND ULCERS

There is but one way to cure an old sore or chronic ulcer, and that is to remove the cause that produces and keeps it open. No matter where located, any sore that remains until it becomes chronic does so because of impure blood; the circulation constantly discharges its polluted matter into the place and it is impossible for nature to heal the sore. S.S.S. heals sores and ulcers by purifying the blood. It removes every trace of taint or impurity from the circulation, and thus completely does away with the cause. No local application reaches below an infected flesh at the spot, and for this reason can have no curative effect on a sore or ulcer; while such treatment is being used alone, the germs and impurities are constantly increasing in the blood and the sore is bound to grow worse. When S.S.S. has cleansed the blood and enriched and purified the circulation the place begins to take on a more healthy appearance; the different symptoms show improvement, the flesh around the ulcer gets firm, new skin and tissues are formed, and aided by pure, rich blood, nature provides a perfect and lasting cure. Under the tonic and blood-purifying effects of S.S.S., the system is built up, and those whose health has been impaired by the drain and worry of an old sore will be greatly benefited by its use. Book on Sores and Ulcers and any medical advice free to all who write.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

"BABY MINE" MOTHER'S FRIEND

Becoming a mother should be a source of joy, but the suffering incident to the ordeal makes its anticipation one of dread. Mother's Friend is the only remedy which relieves women of much of the pain of maternity; this hour, dreaded as woman's severest trial, is not only made less painful, but danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea, and other distressing conditions are overcome, and the system is prepared for the coming event. "It is worth its weight in gold," say many who have used it.
