

# THE BOARD OF ALDERMEN

Mr. Bennett again got the floor and said he did not mean to attack the honesty of purpose of the board, but Alderman Dalton informed him that if he did not do that very thing then he would like to know what he did do.

A delegation, headed by Rev. Mr. Stanley, appeared and requested that lights be placed on Mineral street; also some provision be made to take care of the water from other streets that now floods Mineral street. He stated that the people along that street were very desirous of securing relief and if the city would make improvements desired the citizens would do their part toward making Mineral one of the best residential streets of the city. The petitioners asked especially that the lights be placed at once and the matter was referred to the light committee with power to act. The street work was referred to the street committee for investigation.

Alderman Dalton said a light was needed on East Fourth street near the N. & W. trestle and the same was ordered placed.

Citizens on Balsley street requested that a six-inch water main be laid on that street. Referred to the water committee.

A request for curbs on Hickory, between Fifth and Seventh, was referred to the street committee, as was also a similar request from Highland Avenue residents between Seventh and Eighth streets.

Salvator street, in North Winston, on which is located the Mengel box factory and the great storage sheds of the Reynolds Tobacco Co., was ordered paved with Belgian blocks. The distance is about 640 feet.

A request from citizens of Brookstown Avenue, Fourth to Shallowford, for pavement, was referred to the street committee.

The following petitions for street work passed their second readings: Glade street, from Clover to Boulevard; West End Boulevard, from Sixth to Spring, Poplar, from First to Second; East Seventh, from Southern Railway to Highland; Depot, from Fifth to Liberty.

Mr. Fred Sheets asked that the petition for paving Spruce pass third reading. The aldermen did not concur with the request last night.

It was decided that the city should purchase the private sewer line in West End, provided the same could be purchased at the actual cost of construction, somewhere in the neighborhood of \$500.

An ordinance was passed making it a misdemeanor, punishable by a \$25 fine, for any one to loiter about the schools of the city either night or day, or in any way to interfere with the students. Alderman Maslin, who presented this ordinance at the request of Supt. Latham, pointed out that soon Salem College would be a part of Winston and it was necessary that such an ordinance be passed, as Salem had for years had such an ordinance on its statute books.

Alderman Maslin made a report for the special committee that has been investigating the question of allowing merchants to use the sidewalks as show places for the merchandise. The committee recommended that two feet only be allowed merchants for this purpose, and the report was adopted.

Alderman Webb reported that the new pump at the water plant would soon be in operation. Another large clear water basin is needed and until this new basin is put in the water will be muddy every now and then.

Chief Hopper appeared before the board and asked what he must do with several buildings that had been condemned by the fire department, and which the owners refused to demolish. He got no satisfactory information.

The city auditor has sold about twenty tons of tankage, the city receiving \$20 a ton for same.

The attention of the board was called to the change in the city charter regarding the issuing of building permits. Under the amendment to the charter before a building permit can be issued notice of same is required to be published in a newspaper for several days. It was decided to take the matter up with the city attorneys before any further action was taken in this matter.

Mr. Bennett was asked much of the last \$400,000 spent in East Winston. The negative, and was in about \$156,000 of the same to that section.

Charges. Webb, Dalton and Maslin

Mr. Bennett was asked much of the last \$400,000 spent in East Winston. The negative, and was in about \$156,000 of the same to that section.

# THE TARIFF BILL BEFORE HOUSE

Washington, April 7.—The removal of all tariff from many articles of food and clothing, broad reductions in rates of duty on all necessities of life, and an income tax that would touch the pocket of every American citizen, whose net income exceeds four thousand dollars annually, are striking features of the new Democratic tariff revision bill, presented today to the House.

**Sugar Free in 1916.**  
Sugar would be free in 1916, the bill proposing an immediate twenty-five per cent reduction and the removal of the remaining duty in three years.

Raw wool would be free at once, with a correspondingly heavy reduction in the tariff on all woolen goods.

**On the Free List.**  
All the following articles are put on the free list: Meats, flour, bread, boots and shoes, lumber, iron ore, milk and cream, coal, harness, saddlery, potatoes, salt, swine, corn, corn meal, cotton bagging, agricultural implements, leather, wood pulp, sewing machines, steel rails, fence wire, cotton ties, nails, hoop and bar iron, fish, lumber products, including broom handles, clapboards, hubs for wheels, posts, laths, pickets, staves and shingles.

**Taken From Free List.**  
These principal items are taken from the free list and taxed: Diamonds and precious stones, furs, coal products, 10 per cent; volatile oils, 20 per cent; spices, from one cent to two cents per pound.

**Reduction of Revenue.**  
The new rates are estimated to reduce the customs revenue approximately \$80,000,000 a year. This is expected to be made up by the income tax.

**Endorsed by President.**  
Endorsed by President Wilson, the measure represents the efforts of the president and the House tariff makers to carry into effect Democratic pledges of downward revision and of concessions to the American consumer.

**Cut in Protection.**  
Protection to the farmer would be cut by more than 50 per cent. In an effort to reduce the cost of food.

Protection to the steel and implement manufacturers would in turn be cut by fully as wide a margin.

Heaviest reductions fall upon food stuffs, agricultural products, woolen and cotton clothing.

**Severe Fight Expected.**  
The free wool proposal, backed by President Wilson and accepted by the House committee, is expected to provoke a severe fight within the Democratic ranks of both houses. It had not become clear today whether the Democratic opponents of free wool and free sugar in the Senate would be able to force a compromise on one or both of these provisions.

**Income Tax.**  
The income tax, which will transfer indirect taxes levied through the tariff into a direct tax upon incomes of individual citizens and corporations, exempts all sums below \$1,000. Incomes in excess of that amount will pay one per cent tax up to \$20,000; two per cent, from \$20,000 to \$50,000; three per cent, from \$50,000 to \$100,000; and 4 per cent, above that figure.

**Would Be Retained.**  
The present corporation tax levying one per cent on corporation incomes above \$5,000 would be retained as part of the income tax.

To encourage trade with foreign countries, the bill would reverse the maximum and minimum provision of the present tariff law. The new tariff rates would be the maximum tariff and the president would be given authority to negotiate reciprocity treaties and make concessions to countries that grant favors to American exports.

**SEASONAL TEMPERATURES IS THE WEATHER FORECAST.**

Washington, April 7.—Temperatures near or slightly below the seasonal average in northern and eastern states and near or above the normal in the gulf states, the middle west and far west districts are promised in a bulletin issued by the weather bureau tonight.

The precipitation during the week will be generally below normal except in the northwest, where rains will be frequent according to the bulletin.

"A disturbance that now covers the Rocky Mountain region will drift slowly eastward, preceded by a rise in temperature attended by local rains and followed by cooler weather and cross the great central valleys Tuesday or Wednesday and the eastern states about Thursday. Another disturbance will appear in the far west Tuesday or Wednesday, travel eastward attended by local areas of precipitation and cross the middle west about Friday and the eastern states at the close of the week."

**GIRL IS LOST FROM SOUTHERN ASYLUM.**

Mobile, April 7.—Sixteen-year-old Ula Wood has mysteriously disappeared from the Protestant Orphan Asylum of this city. No clew has yet been found to give even the vaguest suggestion as to where she went, and foul play is feared.

The police department and many citizens are searching the city and its environs in an effort to locate the girl, who was last seen Friday on her way to school. She came to the asylum when very young and was pretty and attractive.

It is not believed she ran away from the institution since she was always contented with her surroundings.

**Married Here—**Mr. C. G. Wade and Miss Ethel Leigh Bennett, of Roanoke, Va., arrived in the city on the delayed train from Roanoke Thursday afternoon and as soon as the license could be secured the happy couple were united in marriage, the ceremony being performed by Col. J. C. Bessent, in his office.

# A Great "Pump" Season is Now On

We have a large number of the leading styles of Pumps and Oxfords for Spring 1913, all in clean, new goods, manufactured by Krippendorf-Dittman Company.

Be sure and visit our store when in need of anything in nice Footwear for any member of the family.

Nice White Buck Pumps . . . . . \$1.95  
\$3.00 Grade Black Satin Pumps for . . . . . \$2.00, \$2.25  
\$2.50 and \$3.00 Value Pumps for . . . . . \$1.95

WE HAVE JUST MADE SPECIAL ARRANGEMENTS WITH SEVERAL FACTORIES to make and furnish us Shoes and Oxfords in LARGE QUANTITIES. We are in position to save our customers from 35c, 50c, 75c and \$1.00 per pair on these Shoes and Oxfords, when quality is considered. When it comes to saving our customers money on Shoes the public can "set" up and TAKE NOTICE FROM NOW ON. We are going to do the Shoe business.

# SUFFRAGISTS WITH PETITIONS AT CAPITOL

Washington, April 7.—Women suffragists descended upon congress again today with petitions for a constitutional amendment for equal suffrage.

After a mass meeting in a downtown theatre, the petition bearers, numbering over five hundred, marched in a body to the Capitol. At the foot of the Capitol steps the marchers divided, one party going to the Senate side and the other party to the House. Both parties eventually joined in the Capitol rotunda when members of both branches were bombarded with petitions. The petitioners represented every congressional district in the United States.

While the galleries in the Senate were especially reserved for the marchers and their adherents, no bands or banners were admitted to the Capitol.

**Over 500 Marchers.**  
In striking contrast to the disorderly scenes attending the suffrage parade March 3rd, when the marchers were swamped by surging crowds which completely overpowered the police, the women marchers today swung briskly along to the bare of bands, over pavements completely cleared and between lines of police. The police were lined along the route, practically a dozen feet apart, and as the marchers passed the policemen turned and marched along with them.

A squad of mounted police preceded the procession. Another brought up the rear.

There were three attempts at disorder. The marchers numbered over five hundred.

# SATURDAY'S GAME BETWEEN GUILFORD AND THE TWINS

The three hundred or more fans who journeyed to Prince Albert park Saturday afternoon had the pleasure of witnessing a hard-fought and, taken as a whole, a splendid exhibition of baseball. It was somewhat of a swat-fest, 'ts true, yet that is just what a large percentage of the lovers of the game want to see.

The Guilford quakers are the best aggregation of college players seen here this spring. They play fast and snappy and Coach Doak, who has had charge of athletics at Guilford for several years, is to be congratulated upon being able to turn out such a promising bunch of youngsters.

The score was 7 to 5. Coach Doak, who is a member of the Greensboro Patriots and who, every season, is permitted to twirl in a few professional contests, was on the mound Saturday for a few innings, retiring when Putrell, the backstop, was hit on the finger by a foul ball, causing him to retire from the game. Doak then became a catcher and McLain, a south-paw, proceeded to perform the heavy act.

Smith and Shumaker featured the game in stick work, the former smacking out three, one being a homer, while the latter swatted to the tune of one thousand, his record being a home run, a three-sacker and two two-baggers.

Tiny Stuart's brother took care of the short position for Guilford and his work was about the fastest and classiest that has ever been put up on the local diamond.

Score by innings: R. H. E.  
Guilford . . . . . 100 310 000—5 10 2  
Twins . . . . . 201 290 100—7 13 2

Summary: Two-base hits, Stuart 2; Smith, Gates, Futrell, Shumaker; three-base hits, Shumaker; home runs, Shumaker, Smith; sacrifice hits, Jackson,

# GOOD SERVICE DONE BY CHEMICAL APPARATUS SUNDAY

The chemical apparatus of the auto steamer came in mighty well Sunday, the company being called out four times and the chemical apparatus being used in every case.

At 3 a. m. the first alarm came in from Box 81, located on Green street, in West Salem. Fire had broken out in a house owned by Mr. Walter Hege and occupied by two families, whose names were not learned. The truck made good time to the scene and the damage was very slight.

The second alarm came in at 11:30 from Box 32. This was caused by the trestle across the Old Town street catching fire. The damage consisted of a few ties being burned. Later the company was called to the same place; the fire having broken out anew. No damage was done the trestle, however.

The fourth alarm came in from Box 12 shortly after 3 o'clock in the afternoon. This was caused by a bucket of benzine igniting at the Motor Co.'s garage. The loss was trifling.

# NEW OFFICERS OF THE STATE PRISON IN CHARGE

Raleigh, April 7.—T. P. Sales was today elected by the state's prison board as warden to succeed himself.

Two weeks ago the board elected J. S. Mann superintendent and E. C. McCulloch bookkeeper and these officers assumed charge of prison affairs today, succeeding J. J. Laughlinhouse and Thomas W. Fenner as superintendent and bookkeeper respectively.

Chairman H. B. Varner and all members of the board of directors are here. They will go to the state farm tonight to inspect it.

# CONNECTICUT PRISONER ESCAPES IN A BOX.

Hartford, Conn., April 5.—Curtis Dewey, serving seven years for forgery, escaped from the Wetherfield State prison, making the second prisoner to escape in a week.

Dewey had himself nailed in a packing case supposed to contain the product of the prison shirt factory. The box was taken to a railroad freight car, where Dewey pried it open and escaped.

William Gardiner, a burglar, saved his way out of the prison on Sunday last.

# LONG HATPIN UNDER BAN IN THE BAY STATE.

Boston, Mass., April 7.—Those women of Massachusetts who do not cover the points of their hatpins with some device that will protect the public from injury are liable to a heavy fine, according to the provision of a State law that went into effect today. The fact does not restrict the length of pins, nor does it specify how they are to be rendered harmless. The method is left to the discretion of the wearer.

# FOR SALE.
