

LEWIS CURTLY DISMISSES GREEN'S WARNING AS TO INDUSTRIAL UNIONISM AND THE RESULTS

WASHINGTON, Nov. 25.—John L. Lewis curtly dismissed a warning tonight from William Green, president of the American Federation of Labor, that organization of a committee within the federation to promote industrial unionism might bring "grave consequences."

"It won't change our plans at all," Lewis, chief of the United Mine Workers, told reporters after Green had handed them copies of a letter he had sent to Lewis. The letter went also to the six other union presidents who have banded together to work for unionization of mass production by industry rather than by craft. That is, they would have a single union for workers in the steel industry, rather than several unions of different steel crafts.

achievement and realization of some declared purpose, no one can accurately prophesy or predict where such a movement will lead," Green said in the letter.

"It could and may be diverted from its original purpose. Experience has shown that organizations thus formed are productive of confusion and fraught with serious consequences."

"My conscience and my judgment lead me to advise against it and emphasize most vigorously the danger of division and of discord which may follow."

"When organizations within organizations are formed for the

Change In PWA Pay and Hours Is Demanded

SALISBURY, Nov. 25.—The executive council of the North Carolina Federation of Labor adopted a resolution here yesterday asking that the hours of work on WPA projects be reduced to conform with prevailing wages throughout the State with a minimum of \$1.10 an hour for skilled labor and 30 cents an hour for unskilled labor.

The resolution follows: "Whereas, we recognize the fact that the wage scales for WPA projects are set by the Federal government according to regions; and, "Whereas, authority has been given State administrators to adjust work-

ing hours in accordance with prevailing wages; and, "Whereas, present hours being worked at the present wages received are proving detrimental to the wage structure of private enterprises, threatening to wreck agreement and general accepted wages, "Therefore, be it resolved, That the executive board of the State Federation of Labor go on record demanding that the hours of work on WPA projects be reduced to conform with prevailing wages (in conformity with the Davis-Bacon prevailing wage act) throughout the State with a minimum of \$1.10 an hour for all skilled labor and 30 cents an hour for all unskilled labor."

EYE CARE

Do not neglect the importance of caring for your eyes. Without proper glasses millions of people would be helpless and dependent—Have your eyes examined yearly.
