

## KATE SMITH "BOB-SLEDS" AFTER A. & P. "COFFEE TIME," AS "MOON GOES OVER MOUNTAIN"

Bob-sledding, a fast and exciting pastime for those who enjoy speeding around dangerous curves at sixty miles an hour, is the newest addition to Kate Smith's list of winter sports. The popular radio songbird is an ardent winter sports fan. Immediately after her Thursday evening A. & P. "Coffee-Time" broadcasts, heard every Tuesday, Wednesday, and Thursday at 7:30 P.M. (E.S.T.), over a WABC-CBS network, she dashes off to Lake Placid in the Adirondacks, remaining at resort until it is time to return to New York.

BOB-SLEDDING ON LAKE PLACID

She enjoys sleigh-riding and tobogganing and recently began to ice-skate. Now that she has taken up bob-sledding, she contemplates mastering the intricacies of skiing. That, she confides, will be the next step. "I felt much encouraged when I finally succeeded in going around the skating rink five times myself," she declared in an interview. "I fell down a few times, though, before I reached that point in my progress. The instructor says I learned skating so easily that skiing should come next on the program. "Winter sports are all marvelous. The air is so clear and so cold. I come back to New York feeling like a new person. After a week-end at Lake Placid, I'm refreshed and full of pep. I attack my work with renewed vigor and enthusiasm." Kate not only participates actively in sports—she is also in great demand as judge of various contests and races. Recently she served as honorary

judge in the Adirondacks Bob Sled Club's annual intra-club race, in which forty-nine teams competed. The winners received the perpetual challenge trophy donated by Governor Herbert Lehman of New York. Miss Smith plans to donate her own trophy next year, either as prize for bob-sled racing or as a reward for general all-round excellence in the various winter sports. The week-end of Feb. 21-22 was a gala occasion at Lake Placid. The radio star was judge for the annual international sports events, with hundreds of teams and individuals from the United States and Canada competing. This is the fourth year of week-end visits to Lake Placid for Miss Smith. She started going there on recuperating from an attack of pneumonia, she was advised to spend several weeks in "either a very hot or a very cold climate." She chose the cold climate and spent nine weeks at the resort, taking her entire or-

chestra with her. Broadcasts were relayed from Albany, since there was no radio station at Lake Placid. Since that time, she has been a regular Lake Placid visitor, both winter and summer. Every week, the Thursday evening train from Grand Central station is held up ten minutes just for Miss Smith's benefit. The train is supposed to leave at 7:45 P. M., but departure is delayed until the songstress arrives from the CBS studios. Up in the Adirondacks, the temperature drops to 36 degrees below zero but this extreme cold is exhilarating, Miss Smith claims. And when the moon comes over the mountain, at Lake Placid—the view is extraordinarily beautiful.

Your own pocketbook will swell in the degree that you buy Union Label Goods

### NEIGHBORHOOD MOVIES CHISELING IN WAGES

KANSAS CITY, Mo.—Moving Picture Machine Operators No. 170, which has dealt with local theatres for 20 years, is finding considerable difficulty with what are termed "chiseling" tactics of neighborhood movie houses, where non-union operators are hired at the lowest possible rates. "The Labor Herald" is supporting a fight in behalf of the movie operators, endeavoring to point out to the public the necessity of maintaining wage standards and the employment of skilled workers for jobs requiring skill. Nineteen movie theatres are said to be indulging in the obnoxious "chiseling" tactics, which organized labor expects to reform.

The surest way to keep organized workers on their jobs is to purchase their Label goods. Demand the Union Label.

When you buy foreign-made goods, you are cutting your own pay. Don't chisel on yourself.

## North Belmont Textile Local To Stage Show

(Special to The Labor Journal)  
GASTONIA, Feb. 27.—Plans are being made by Textile Local Union No. 2019 of North Belmont to present a stage show in that community on Saturday night, April 4th, it was announced here this week by W. J. Edwards, president of the local. Mr. Edwards said that the plans are expected to be completed for announcement within the next few days. The cast will be composed of union members, he said.

**Britain's Water Supply**  
The water supply in Great Britain is publicly owned in practically all of the regular boroughs, in about two-thirds of the county boroughs, and in about half of the urban districts. The water system for Metropolitan London was transferred by act of parliament in 1902 from the private water companies of London to the Metropolitan Water board.

## Gastonia Central Labor Union to Elect Officers

(Special to The Labor Journal)  
GASTONIA, Feb. 27.—The annual election of officers is scheduled to be held by the Gastonia Central Labor Union on Monday night, March 2, in the Central hall here on East Franklin avenue. This meeting will be of vital importance to the labor movement in Gaston county and representatives at the weekly meeting of the Central body held last Monday night were instructed to urge their respective local unions to send the full quota of delegates to the meeting next week.

**Benefits of Education**  
It has been pointed out that a fundamental distinction between the educated and the uneducated mind is that the first or anyone with even a partly trained mind, tries to find out his faults and correct them. The un-schooled fellow usually tries to hide his. It is clear enough which of the two will go faster and farther.

### TRUSTEE'S SALE OF REAL ESTATE

North Carolina, Mecklenburg County. Under and by virtue of the power and authority contained in that certain Deed of Trust executed and delivered by Dolly Lane dated the 30th day of January, 1935, and recorded in the Office of the Register of Deeds for Mecklenburg County, North Carolina, in Book 864, at Page 242, and because of the default in the payment of the indebtedness thereby secured and failure to carry out and perform the stipulations and agreements therein contained and, pursuant to demand of the owners and holder of the indebtedness secured by said Deed of Trust, the undersigned Trustee will expose for sale at Public Auction to the highest bidder for cash at the usual place of sale, at the County Court House of Mecklenburg County, in the City of Charlotte, North Carolina, at 12 o'clock noon on Monday, the 14th day of March, 1936, all that certain lots or parcels of land situated, lying and being in the City of Charlotte, Mecklenburg County, State of North Carolina, known as Chantilly, map of which property is recorded in the Office of the Register of Deeds of Mecklenburg County, and more particularly being lots one and two in Block No. 3, as shown on the map of said property recorded in Book 230, Pages 248-249 of the Mecklenburg Registry and being a part of the land conveyed to T. T. Cole by Thomas P. Spratt, Trustee, by deed, dated March 15, 1920, and the same being recorded in Book 426, Page 215 of the Mecklenburg Registry to which deed and deeds therein referred to, reference is hereby made. Ten per cent deposit may be required by successful bidder on the discretion of the Trustee. Subject to unpaid taxes and assessments for paving, if any. This sale will be held open ten days for upset bid, as by law required. This the 12th day of February, 1936.

H. T. IRELAND, Trustee.  
Feb. 20, 27; March 5, 12.

## The Cost of Reddy Kilowatt's Services is a Small Item in Housekeeper's Budget

In terms of other necessary commodities which the householder buys the cost of Reddy Kilowatt's services is a small item. In these days, when the prices of food-stuffs and other things are rapidly increasing, the cost of electricity is even more striking in contrast because electric rates are constantly decreasing.

The average cost of electric service to the more than 20 million homes in America, that have service available to them, is less than nine cents per day.

Compared with other expenditures made by the average homekeeper, his electricity costs per day.

- Less than one large loaf of bread.
- About a pint of Grade A milk.
- Less than a cake of good toilet soap.
- Less than a dish of the best ice cream.
- Less than half the price of one ticket to the movies.
- Two-thirds the cost of a package of cigarettes.
- Less than half the price of one gallon of gasoline, or a quart of oil.

Reddy Kilowatt's wages play a relatively insignificant part in the average consumer's monthly budget and yet the householder probably receives more, in comfort and convenience, from his services than from any other expenditure he makes.
