

### Collective Bargaining Dominated By Companies Say Workers, Who Demand Recognition Of Union

PITTSBURGH, Aug. 26.—The Carnegie-Illinois Steel corporation, U. S. Steel's biggest subsidiary, received yesterday from employe representatives a demand to recognize the John L. Lewis "one big union" industrial organization plan of collective bargaining.

Five mill workers from the corporation's plants at Chicago and Gary, Ind., recently elected by employe representation groups, declared they found the present collective bargaining plan "utterly futile inasmuch as they are company dominated."

The five claimed to represent one-half of Carnegie-Illinois' 80,000 wage earners.

George Patterson, head of the committee, said in a statement the workers are demanding a 25 per cent wage increase effective immediately and a universal 40-hour week.

The statement also asked a national wage scale agreement and a wage scale committee "wholly independent and free from the influences and domination of the company", a vacation-with-pay plan that "does not work injustices upon large numbers of men as the 1936 vacation plan does;" weekly pay checks for all workers, and "more adequate" safety measures.

It was the first time since the inauguration of Lewis' drive to organize the nation's half million steel workers that an employe representative group has asked the corporation to treat with the Lewis organization.

### Homes For Old Men And Women Being Built In New Jersey

MILLVILLE, N. J.—A WPA-built haven for 21 aged men and women, where they can spend their last years in trim little cottages at a minimum of expense, are ready for opening in October.

Each house will be named for a flower which will predominate in the garden surrounding the house.

Thirteen cottages and a community house built by the works progress administration make up the old age colony—the first of its kind built in the United States, as far as the WPA can learn.

The colonists will come from river shanties and old shacks to houses 20 feet square with living room, bedroom, kitchen, bath and at least one porch.

Six single persons and seven married couples will move into the homes following dedication ceremonies. The cottages for married couples will rent for \$7 a month and those for single persons at \$ a month.

Sunshine warms winter's bleak earth and a kindly man warms the heart of the poor.

### Heads Of Steel Mills Are Coercing Labor Says David Lawrence

NEW YORK.—David L. Lawrence, Democratic state chairman of Pennsylvania, told national Chairman James A. Farley last week that heads of steel mills in and around Pittsburgh "make their employes register as Republicans under threat of dismissal."

He said this was particularly true in the cities of McKeesport, Duquesne and Clairton. He added that despite the alleged interference Democratic registration was gaining rapidly and that in Pittsburgh there are now nearly 10,000 more registered Democrats than Republicans. Until April of this year, he said, the Republicans were leading in registration.

"In Pittsburgh during the last 14 days," he declared, "we've gained 100 registrations on the Republicans every day."

He predicted President Roosevelt would carry the state by at least 200,000 votes.

All factions in the party, he told Farley, have agreed to submerge their differences and work for the reelection of the President and the party was never more harmonious than at the present time.

### STATEMENT OF NO FURTHER INCREASES IN TAXES STANDS SAYS SEC. MORGENTHAU

WASHINGTON, Aug. 25.—In response to press conference questions, Secretary Morgenthau said yesterday that there was no thought of a loophole in his recent letters to President Roosevelt saying that new or increased taxes would not be necessary at the next session of Congress.

### FURNITURE FACTORIES AT SEATTLE PICKETED

SEATTLE, Aug. 25.—Five Seattle furniture factories employing about 400 persons were closed by picket lines when the furniture workers union local went on strike today. Employers were called to confer with heads of five Tacoma plants similarly closed last Wednesday.

### Acclaim Taylor And Loretta Young As Perfect Film Team

What is being acclaimed the screen's "perfect love-team" comes to the New Criterion Theatre on Monday, Tuesday and Wednesday in the Fox picture, "Private Number." Handsome Robert Taylor and lovely Loretta Young are co-starred and the combination is said to be the outstanding film romantic union since Janet Gaynor and Charles Farrell were first cast together.

Romance, in fact, is the keynote of "Private Number," although comedy, drama and suspense are also interwoven in the plot.

Robert Taylor falls in love with his mother's personal maid while on a summer vacation in Maine. The girl is convinced that nothing permanent can possibly come of such a social mixture but she loves Taylor so much that she accedes to his wishes and marries him.

Taylor wants to inform his family immediately, but Loretta persuades him that it will be better to wait until he completes his college course. Loretta stays on in her position and Taylor returns to school.

His mother discovers that Loretta is going to have a baby. When Loretta refuses to reveal her husband's name, a Patsy Kelly blurts out the truth.

OF COURSE

She: "Am I the first girl you ever kissed?"

He: "Well, you're the last, and the last shall be first."
