Americanism is an unflinching love of country, loyalty to its institutions and ideals, eagerness to defend it against all enemies, undivided allegiance to the flag, and a desire to secure the blessings of liberty to ourselves and posterity.

**WITH THE ELECTION OVER, LET'S ORGANIZE**

With the election a thing of the past, organized labor can turn its full attention to strengthening of its position in the economic field.

Organization and more organization is the pressing duty before union men and women. The problem of making the machine serve mankind instead of profits has not yet been solved. Other menacing problems await solution. To cope with the dangers that lie ahead, there is no substitute for strong, intelligent unionism. To contribute to this every union member can:

1. Become a better member of his own union by keen interest in all its activities. This means attending meetings regularly, taking part in union discussions, voting at elections and referendums, buying union label goods and services.
2. By giving real support to your labor paper. Support that counts includes subscribing to local labor paper (and keeping the subscription paid up), getting subscriptions for the paper and consistent and continuous support of its advertisers. The editor of your labor paper can tell you other effective ways to help.
3. By giving real support to the labor paper. Support that counts includes subscribing to local labor paper (and keeping the subscription paid up), getting subscriptions for the paper and consistent and continuous support of its advertisers. The editor of your labor paper can tell you other effective ways to help.
4. By supporting workers' education activities. The more union members know about the labor movement, its history, achievements, aims and policies, the better the movement will be.

Attend your union meetings and then kick, don't stay away and complain of getting a "Raw Deal."

Labor is going to be more of a factor politically from now on than it has been, and fight as they may, Cliques and Rings are going to hate to reckon with it and recognize it.

Friday's headlines state "U. S. Chamber Commerce Seeks Harmony with Roosevelt," and on Saturday they "Demand That Federal Work Relief Be Brought to An End." Now those boys don't want harmony, and they know it, and they don't like Roosevelt or anything that he is doing.

Labor organizing activities will not be checked by pay increases. It is as necessary that the workers be bound together for their own benefit as it is for bankers, manufacturers, business and professional men. Unionism is as much entitled to recognition by law as professional men, bankers, etc.

Not every man in labor who hollers the loudest and loudest is a real labor man. Ask him is he wearing a union made suit, a union made hat, tie, shirt and socks, along with shoes, and does his wife wear union-made hosiery and other apparel she can secure? Let's take stock—and then shout.

**HOME HINTS**

White of eggs or vaseline added to a mustard plaster prevents blistering.

If fresh peas are hard no matter how carefully you have cooked them, press through a sieve and use the pulp for soup.

To protect paper when cleaning paint use a piece of heavy cardboard about twelve inches square, moving it along as you clean.

Beat eggs only slightly when they are to be used in custards, puddings, sauces, etc. Beat well when they are used to make food light, as in sponge cakes and puffy omelets.

Knitted and crocheted frocks should never be hung from clothes hooks or hangers if they are to keep their shape. Even eyelet cotton dresses will stretch less if folded and laid flat, or hung double across a wooden hanger.

An excellent liquid soap for shampooing may be made by accumulating all the little pieces of soap which are too small to use and keeping them in a pitcher or pan in which there is a little water. Each time you put another piece in be sure that there is some liquid in the bottom so the soap will dissolve. Keep the soap covered so no dust will collect.

The next time you make your child a dress, try this new method of solving the button problem. Make a row of buttonholes down either side of the opening of the frock, then make a pair of links for each pair of buttonholes by sewing a button on each end of a short piece of tape. The button links can then be easily removed for washing and the frock can go safely through the wringer.

**WISE SON**

Father: "I never kissed a girl until I met your mother. Will you be able to say the same to your son when you become a married man?"  
Son: "Not with such a straight face as you can, father."

If you had lived in the fourteenth century you could have bought horses at 72 cents each, and oxen at \$1.25.

**LET US GIVE THANKS**

Thanksgiving, 1936, finds America and its citizenship with more to be thankful for than probably on any previous occasion in recent years. Our people are finding their way back to gainful employment, capital is finding an outlet and our manufacturing enterprises are humming along at full speed, and when we look back three, four or five years, when jobless millions gave thanks on an empty stomach it can be easily seen that we Americans are real heroes and patriots. No citizen of our great country, no matter what may be his lot should fail to give thanks to God on this day for the innumerable blessings that have been bestowed and though his lot may not be what he would like, let him take stock and see how much worse it could be.

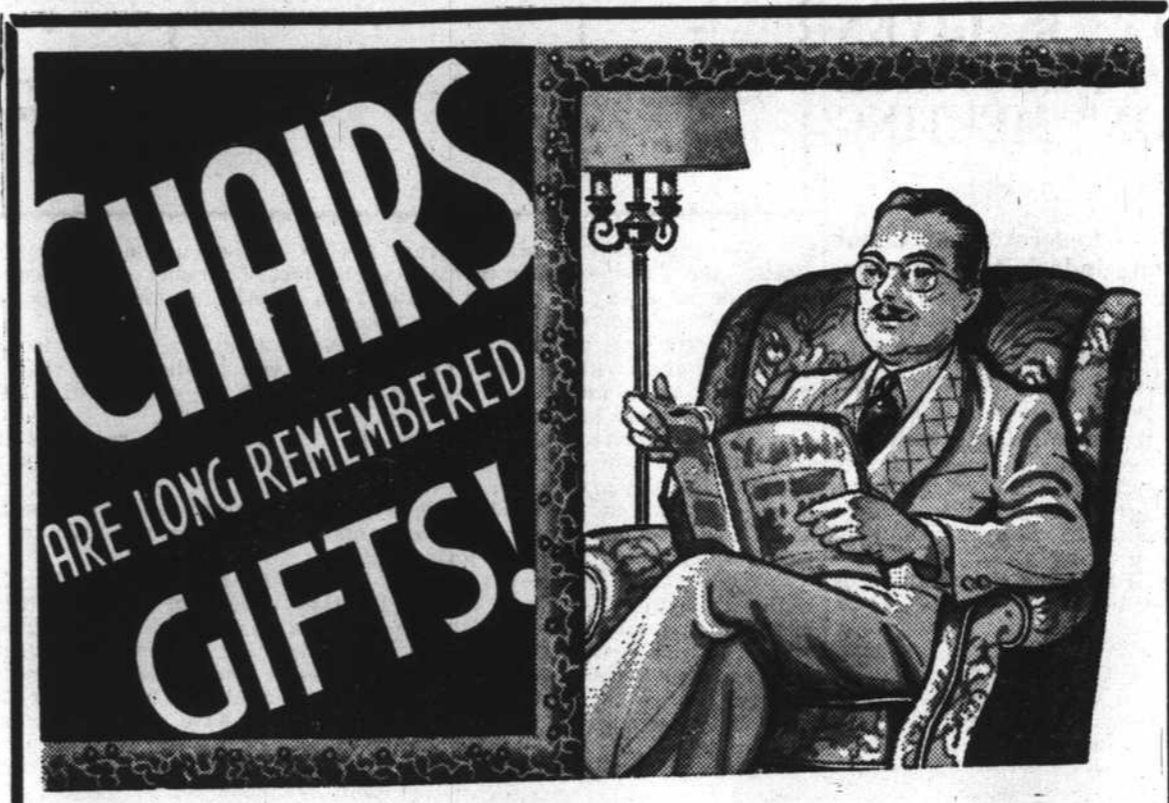

The appointments of Sheriff Riley's force is causing some speculation. The Observer a few days ago gave a problematical line-up, which was pleasing to some, but not enjoyed so greatly by others.

There is such a thing as talking too much for public print, and if some office holders would learn the lesson to do and then talk, they would find themselves in a more enviable position.

**Central Body Organizing Committee Is Making Headway**

The organization section of the Charlotte Labor Union reports progress and is working upon a policy that is expected to bring results. At the last meeting of the committee it was decided to ask each local for a committee of three members, not delegates to Central body, to serve with the steering committee in making the drive more effective. J. H. Fullerton is chairman of the main committee, and the meeting Tuesday night of this week was well attended.

Cigarette consumption is estimated to exceed 132,000,000,000 this year. Cigarette factories of the South produce more than 92 per cent of the cigarettes made in the United States.

**LET'S HOPE LAST SENTENCE IS TRUE, "WE'LL HEAR NO MORE ABOUT MRS. SIMPSON"**

KANSAS CITY, Nov. 22.—Hugh Walpole, English writer, said today he is not a gambling man, but he would "welcome a large wager" that King Edward will not marry Mrs. Wally Simpson. "Edward is as likely to marry her as I am," Walpole said, smiling broadly. "In a few more weeks we'll hear no more about Mrs. Simpson."

Contradictory Lines: "Haste makes waste"; "He who hesitates is lost."

Men in the United States marry at an average age of a little over 27 1/2 years.

**TRUSTEE'S SALE OF REAL ESTATE**

UNDER AND BY VIRTUE OF the power and authority contained in that certain deed of trust executed and delivered by Ed Reid and wife, Grace Reid, dated the 7th day of September, 1936, and recorded in the office of the Register of Deeds for Mecklenburg County, N. C., in Book 891, at page 277, and because of default in the payment of the indebtedness secured and failure to carry out and perform the stipulations and agreements therein contained and, pursuant to demand of the owner and holder of the indebtedness secured by said deed of trust, the undersigned trustee will expose for sale at public auction to the highest bidder for cash at the county court house door of Mecklenburg County, in the City of Charlotte, N. C., at 12 o'clock, noon, on Monday, the 7th day of December, 1936, all that certain lot or parcel of land, situate, lying and being in Charlotte Township, Mecklenburg County, State of North Carolina, and more particularly described as follows: Being Lot No. 15 in Block No. 9 of D. A. Johnston's suburb in the City of Charlotte, known as "Summit Heights," as shown on the revised map of same made by H. V. Biberstein, of the map of Blair & Drane, August, 1922, which will be found recorded in the office of the Register of Deeds for Mecklenburg County, North Carolina, in Book of Plats No. 3, at page 8, reference to which is hereby made for a more particular description of the above-described property.

The said lot will be sold subject to the following conditions and restrictions:

1. That all of said property shall be used for residential purposes.
2. That any residence erected on any of said property shall not be closer than twenty-five (25) feet to the street on which it fronts, and in case of frontage on more than one street, said lot must face the street on which it has the shortest frontage, as shown by the map of "Summit Heights" above referred to.
3. That no residence shall be erected on any of the lots embraced in Block No. 12 of said property or any of the lots fronting on Mecklenburg Avenue to cost less than \$3,500.00, and that no residence shall be erected on any of the balance of said property to cost less than \$2,500.00.

And said lot of land is a part of the land conveyed by D. A. Johnston and wife, Margaret R. Johnston, by deed to E. C. McManus dated January 1st, 1923, and duly recorded in the Public Registry of Mecklenburg County, North Carolina, to which reference is hereby made in Book 491, at page 307; and being the same property conveyed by C. E. Sayres and wife, Lalan Finch Sayres, by deed dated October 2, 1928, to I. G. Patterson in the Book 727, at page 234 of the Public Registry of Mecklenburg County, to which conveyances reference is likewise made.

This property will be sold subject to all unpaid taxes and street assessments, if any, which may be a lien against said property.

This sale will be held open ten days for upset bid as by law required.

This 23rd day of October, 1936.  
O. G. THOMAS, Trustee.
