

LATIMER, ELECTRICAL WORKERS' INT. BROTHERHOOD PRESIDENT, WRITES LOCALS CROSELY PRODUCTS FAIR

To All Affiliates of the American Federation of Labor.

Greetings:

The Crosley Corporation is one outstanding manufacturer in the radio and refrigeration industry that operates under a closed shop contract with our Brotherhood. Our wage scale is among the highest in the industry and working conditions are excellent. The Crosley Corporation has been very cooperative by participating in Union Label exhibits and advertising the Union Label extensively. All our radios and refrigerators bear the "Mark of Distinction," the I.B.E.W. Union Label. We feel that great material benefit will inure to labor generally if we are successful in making this appeal to labor for support, so that the label will be a definite selling point to the extent that our competitors will ask the right to use the Union Label.

We respectfully request your local to actively support us in helping to spread the gospel of "Buy Products with the Union Label." We believe

that each and every member of your local will be willing to ask his family and friends to look at a Crosley when thinking of a refrigerator or radio, knowing that when they buy a Crosley they are buying a quality product that proudly bears the Union Label.

This letter has the wholehearted approval of the Cincinnati Central Labor Council. Jack Hurst, its president and Regional Director of the American Federation of Labor, especially appeals to you as he aided our organization with our first contract and feels that the Crosley products should be in every American Federation of Labor home in appreciation of their cooperation. Will you do this local and the entire Brotherhood a favor by calling this message to the attention of your members and posting in on your bulletin board?

Fraternally yours,
Local B1-061, I.B.E.W.,
HAROLD R. LATIMER,
President.

SOUTHERN LABOR NOTES

NASHVILLE, Tenn., May 15.—The Volunteer State's hosts of labor will move in upon the city of Nashville the first of June, and on Monday the fifth will open the annual convention of the State Federation of Labor. President Gerald Foley and a strong committee from the Nashville Central Labor Union are busily engaged in making preparations for the important event. Secretary T. H. Cuthbert, of Chattanooga, reports that credentials already in hand give assurance that the convention will be the largest in the state's history.

Many important matters are on the program for discussion and ultimate action by the convention, it is reported, and there will be no dull moments during the three days' sessions, officials of the Federation declare.

LaGRANGE, Ga., May 15.—Officers and members of the newly reinstated Textile Labor Union No. 1899, are enthusiastic over the way members are coming back into the local. This local union at one time was one of the strongest locals in the United Textile Workers International. The re-organization and re-instatement of charter was under the direction of Elmer Estes, of the Textile Workers organizing staff.

MANCHESTER, Ga., May 15.—Elmer Estes, of the U. T. W. organizing staff, was a recent visitor here, and re-instated charter for the local

textile union here. Officers report splendid interest in the organization.

MONTEAGLE, Tenn., May 15.—Agreement has been entered into between the Gager Lime Company, of Sherwood, and the local A. F. of L. union whose membership is made up of employees of the lime company. The new agreement contains many features most satisfactory to the workers. Paul J. Aymon, associate director for the A. F. of L. in the South, assisted officers of the local union in the negotiations.

MEMPHIS, Tenn., May 15.—Following the meeting last Wednesday night at Carpenters Hall, an auxiliary for the Carpenters Union seems assured. A charter has been ordered from the Carpenters Union international headquarters, and temporary officers were elected.

JACKSONVILLE, Fla., May 15.—Atlantic & Pacific Tea Company bakery products all carry the union label of the Bakery and Confectionery Workers' Union and may be secured in the stores of the A&P Tea Company in Jacksonville and other cities in Florida and South Georgia, where the Jacksonville plant supplies these stores. Members of organized labor will look for this label on each and every package containing a loaf of bread or rolls and will demand the union label wherever they can.

Florida Senate Kills Townsend Old-Age Pension

TALLAHASSEE, Fla., May 17.—The Florida Senate last night overwhelmingly defeated a state \$100-a-month Townsend old age pension plan.

The vote on the bill was 28 to 8. The bill would have levied a 2 per cent transaction tax on every type of business to pay as nearly \$200 a month to all persons over 60 years of age as the tax would produce.

It was debated for more than three hours before a chamber packed with elderly persons.

Senator S. L. Holland, of Bartow, said four senators had word from Dr. Francis E. Townsend, creator of the nation-wide Townsend plan, that he opposed the bill.

"Utterly opposed to any scheme for pension for aged by single state," the telegram from Townsend read. "These efforts inevitably doomed to failure. Pensions to be effective and adequate to restore prosperity must be national in scope."

Printers Urged To Use Watermarked Union Products

The International Brotherhood of Paper Makers, this week, announced that Union Label watermarked papers of various kinds and grades can now be obtained at the same prices that are charged for equivalent kinds and grades in the non-union field.

Through cooperation with the Majestic Paper Corporation of New York, a wide and extensive variety of papers, all Union-made and Union Label watermarked, have been placed on the market to meet the competition of non-union papers. Now papers of every quality will be delivered without delay at the current market prices.

For many years the Paper Makers' Union has made every effort to induce the mills that manufacture union paper to carry the Union Label watermark in order to meet the demand of Labor Union organizations and publications. In this effort the Union was partially successful, but the lack of interest in Union Label paper on account of its limited demand made the manufacturing and merchandising unattractive.

Often the difficulty of obtaining Union-made paper on immediate demand lost sales for the product because the printer did not have the stock on hand.

Southern Textile Federation Now Permanent Under United Tex. Work

ATLANTA, Ga., May 15.—Permanent organization of the Southern Cotton Textile Federation was perfected in Washington last week, during the sessions of the convention of the United Textile Workers of America. The Federation was admitted to the U. T. W. of A. as a permanent department of the textile organization. Permanent officers were elected, as follows:

Gordon L. Chastain, Spartanburg, S. C., president; L. James Johnson, Bath, S. C., first vice president; V. F. O'Flynn, McComb, Miss., second vice president; J. T. Lott, Augusta, Ga., third vice president.

P. J. Stevens, of Spartanburg, S. C., was elected general secretary-treasurer.

Executive Board Members elected are as follows: J. B. Mason, Henriette, N. C.; C. C. Muir, Stoneville, Miss.; W. T. Johns, Bath, S. C.; R. W. Donnahoo, Martinsville, Va.; W. H. Bourland, Florence, Ala.

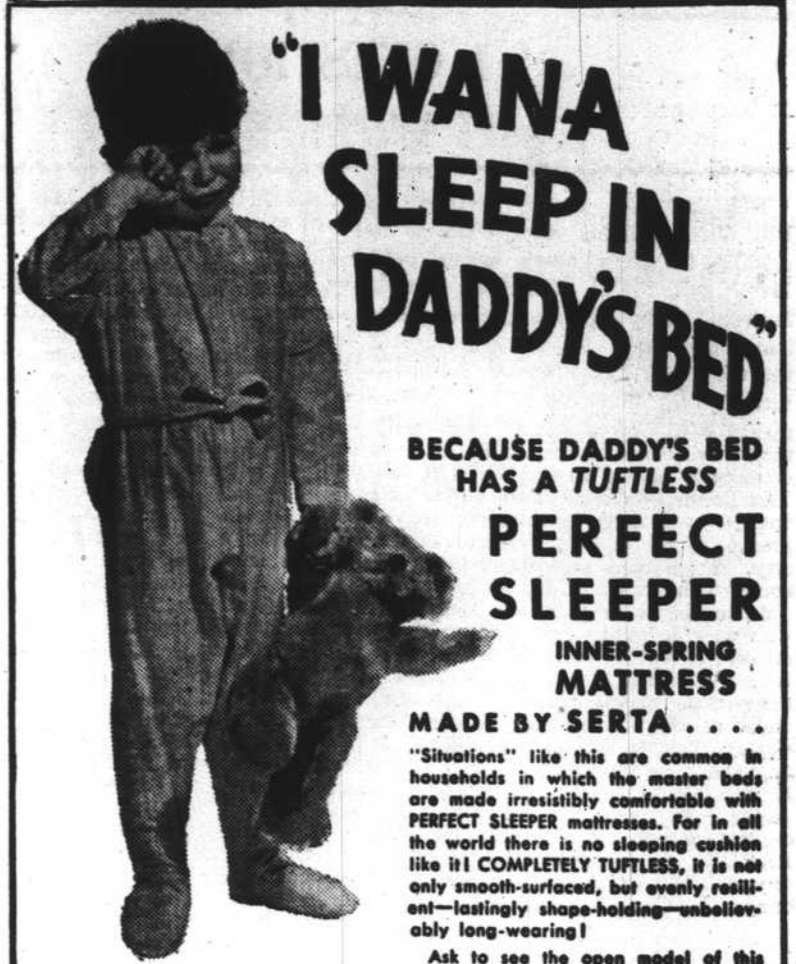

The Southern Cotton Textile Federation will give strong influence to the organization campaign of the United Textile Workers, as much of the cotton textile industry is located in the South. This marks the first time that the cotton textile industry has been given a department in the national organization of textile workers.

'Cinderella Town'

Changes Its Name SEAFORD, DEL.—This little southern Delaware community was dubbed the "Cinderella Town" when it first was learned that a \$7,000,000 duPont company plant would be built here. But with the anticipated boom revolving around construction of the plant—residents of neighboring communities called Seaford "The Million Dollar Town," "The Magic City," and "The Hot Spot of the Peninsula."

"I WANNA SLEEP IN DADDY'S BED"

BECAUSE DADDY'S BED HAS A TUFFLESS PERFECT SLEEPER INNER-SPRING MATTRESS

MADE BY SERTA

"Sertas" like this are common in households in which the master beds are made irresistibly comfortable with PERFECT SLEEPER mattresses. For in all the world there is no sleeping cushion like it! COMPLETELY TUFFLESS, it is not only smooth-surfaced, but evenly resilient—lastingly shape-holding—unbelievably long-wearing!

Ask to see the open model of this mattress—let us tell you the "inside story" which explains the outward SMOOTH comfort of this fine mattress.
