

I QUESTION

BY WM. S. GREENE

AMERICANISM? Arguing about whether a 7-8" brass or a straw hat is too wide, or the color too loud, or the band too wide; compared with England talking about its bomb proof shelters for London, and Gas Masks for children; compared with other countries now boasting about the proficiency of their bombing planes in Spain where they were tried out on women and children, and now are being received in their own countries as heroes.

OBSERVATION? The libraries in the county and city are closed. Before the key was in the front door for the last time, the head of the library, Mr. Gourley, had announced he had a new job in Tulsa, Oklahoma. If a Charlotte person had been chosen for that job, and we have some 100,000 population to pick from, that person would not have given up, even though the library were closed. He or she would be doing everything in their power to get it going again, as soon as possible. So, for sending out of town for a better librarian, it is possible we lose the facilities of the library for some time to come. And,

5-DAY WEEK

A "decided tendency" to apply the 5-day week in industry, long demanded by the A. F. of L. is reported by the Merchants' association of New York in announcing the compilation of the answers to a questionnaire recently circulated among 111 employers. The 5-day week, the association said, covers some of the employees of 86 per cent of the employers included in the questionnaire. Of this group 61 per cent apply the 5-day week to all employees throughout the year.

if every A. F. of L. man in Charlotte would sign a petition to vote again, or some other technical legal point overlooked, like was done in the case of the Police Commissioner, surely 44 locals of the A. F. of L. could muster many thousands of votes for same. We helped on the slum clearance; we should help on the library. There is not much difference in burning books, as compared with fixing them so that they can't be read.

GROWING? Orchids go to the new City Employees local 242-1 who have elected delegates to the Charlotte Central Labor Union. There are many things the A. F. of L. can do for hard working employees of a city, whose job is dependant on what they produce in work rather than votes. The employees, if they pursue conservative policies, can fix it in time so that they are not dependant upon the right men getting in every two years, as long as they do their work well.

FREEDOM? We have heard a great deal of what constitutes Freedom of speech, in the last year or two, since the dictator nations elimi-

nated it. All this constitutional guarantee seeks to protect, is the right for anyone to say or write, or film or broadcast (any means of communication) whatever he or she may think of anything, so long as it does not offer to overthrow by violence our government. Our forefathers knew that if a crackbrain gets an idea, which differs from what we already have, the best way to get rid of the idea and crack-pot is to give it the air. Don't force it behind closed doors. Let it be discussed. When it becomes serious enough, then the natural thought of self-preservation, will take care of the fool idea. When censorship of political ideas begins anywhere, then it is the beginning of the end of democracy, because you won't be able to stop it.

IMMIGRATION? We hear statements about, "We must stop immigration," from certain un-American sources, who are today yelling, we are going to save our Democratic form

THE AMERICAN FEDERATION OF LABOR

The leading shapes of this wheat food, — macaroni, spaghetti and egg noodles are popularly called THE ENERGY TRIO.

Housewives plan to change the ways of serving popular foods in keeping with seasons. So let's not forget our friends, The Macaroni Family, now that warm weather is here. Macaroni, spaghetti, egg noodles and the other members of this popular family that are such favorites in other seasons can be turned into dozens of excellent summer dishes.

This wheat food being bland will blend naturally and tastily with vegetables, with fruits and with meats to make a well-balanced main course dish that is easy to prepare, healthful and filled with the elements needed for body sustenance in every season. Any way this food is served, will prove a pleasing change in the menu. What more can one ask for?

As a change for the popular potato salad, why not serve a Macaroni Daisy Salad? Have you tried egg noodles as a cereal or as a dessert; or luscious spaghetti with butter? The folks will like them all.

Here are three summer recipes that you will find particularly pleasing. The manufacturer of your favorite brand of The Macaroni Family will gladly supply you with additional recipes on request:

Noodles with Fresh Fruit
1/2 lb. egg noodles
Fresh fruits in season
1 cup cream

Cook egg noodles in boiling, salted water, till tender and drain. Chop slightly with edge of a saucer. Mix with fruit cut in small pieces. Serve hot or cold, as a cereal, with cream.

This is particularly good for children and relished as a dessert by your most fastidious dinner guests.

Spaghetti al Burro
All housewives plan at least one hot dish daily. Here's one that is easy to prepare and a family favorite for luncheon.

1/2 lb. spaghetti
1/2 cup butter
1/2 cup grated cheese
Salt and pepper

Cook spaghetti in boiling salted water till tender and turn onto a hot platter. Add seasoning and butter. Stir till all strands are well buttered and sprinkle grated cheese over all. Excellent with roasts, chicken or fish.

Macaroni Daisy Salad
Inasmuch as the average American family seems to have a growing mania for salads, try this one as a change from the popular potato salad.

1/2 lb. elbow macaroni
1 green sweet pepper
1 dill or sweet pickle
Salt and pepper
4 hard-boiled eggs
1 large ripe tomato
1 medium onion, chopped fine
1/2 cup French dressing or mayonnaise

Cook elbow macaroni in boiling, salted water till tender, then drain. Mix with green pepper, cut into small pieces, with tomato, sliced or chopped, with pickle, chopped fine, with 2 hard-boiled eggs, diced, and with onion. Season with salt and pepper, then mix all well with French dressing or mayonnaise.

Serve on four crisp lettuce leaves, with an egg daisy on top and garnished with parsley. The egg daisy is made by cutting each of the two remaining boiled eggs in half, using one half of the yolk for center of the daisy. Cut the white halves into strips making a rosette representing the petals of the daisy.

of government. Those same sources, if you will investigate them closely, are not tied up with the real bulwark of Democracy today, which is the American Legion, Veterans of Foreign Wars, D. A. V., and other people who thought enough of our country to fight for it, when the time came. Lookout for the fellow selling you snake oil that is guaranteed to cure cancer. The cancer will kill you just the same. Go to the right people to get your patriotism, just like you do the right doctors. Don't let any fool appeal about saving your jobs from immigration get you, when the truth is that there is no immigration today that amounts to a row of pins, if anyone will show you the statistics in the last 8 years. We got more men from other countries before this depression, in one year, than we have in all the years since. This is A. F. of L. statistics from the Monthly Survey. And you can thank the present New Deal set up for this sensible restriction, not some one who is noted as being the New Deal enemy today.

GENEVA LABOR PARLEY SHELVES MINERS HOURS

GENEVA, Switzerland.—Proposals to reduce the hours of work in coal mines were temporarily shelved by the International Labor Conference in session here. The question will be referred back to the Governing Body of the International Labor Organization with the suggestion that it be placed on the agenda of a future conference as soon as the international situation warrants such action.
