Metal Trades Union Holds Embargo On Arms To Be Unfair

CINCINNATI, Sept. 27.—The A. F. of L.'s metal trades union in a strongly worded report terming the neutrality arms embargo act unfair to "democratic nations" Tuesday asked Congress to revise the measure to permit free sale of American goods to all nations.

The report as adopted said the neutrality law's operations gave "negative aid to the dictatorships" of Russia and Italy while barring Great Britain and France from buying American arms because they were at war.

The report made no mention of the "cash and carry" plan favored by President Roosevelt in the sale of munitions to foreign nations, and left to Congress the determination how the free sale of the Americans merchandise could be carried on without involving this nation in war.

The resolution committee which drafted the report said maintenance of the arms embargo against belligerents made the neutrality act "definitely unfair and unneutral."

LAST RESORT

How are your kids, Mac?
Fine, Jim. Tony wants to be a gangster, and Molly wants to be a girl.
What happened to Joe?
Oh, we had to shoot him. He wanted to go to college.

American Jews since 1914 have raised 85 million dollars for relief of European Jews.
