

Lorillard Tobacco Co. Signs Contract With 7,000 Workers

WASHINGTON, D. C.—A tremendous forward stride in the organization under the A. F. of L. banner of all workers in the cigarette industry was achieved with the signing of union contracts with the P. Lorillard Company, makers of "Old Golds" and other tobacco products.

More than 7,000 workers are covered in the contracts, the first union agreement ever negotiated with this company. Its plants in Jersey City, Richmond and Louisville are all included.

Wide benefits were gained by the workers under the new contracts. Outstanding are provisions for a 40-hour week, a flat 5 per cent wage increase, a week's annual vacation with pay, the granting of seniority rights, union recognition and adjustment of shop disputes.

The unions which already have signed contracts with the P. Lorillard Company are the Tobacco Workers, International Union, Cigar Makers' International Union and the Interna-

tional Association of Machinists. Federal Labor Union 19897 is expected to sign a contract in a few days for its members, the warehousemen.

All unions are covered in a single master agreement covering general conditions of employment, while wage rates are fixed in separate contracts with each union.

Francis P. Fenton, National Director of Organization for the American Federation of Labor, who played an active role in the contract negotiations, was jubilant at the successful outcome. He said:

"Nothing can stop us now from organizing the entire American cigarette and tobacco industry. We already have organized some of the largest plants in the country. The addition of the P. Lorillard Company is a great achievement for the A. F. of L. unions and will spur the drive for complete unionization of the industry."

State Treasurer of Pa. Says Lindbergh Is No. 1 5th Columnist

YORK, Pa., June 21.—F. Clair Ross, Treasurer of the Commonwealth of Pennsylvania, told Pennsylvania Veterans of Foreign Wars yesterday that "time and history will show Colonel Charles A. Lindbergh to be a No. 1 fifth columnist of the nation."

Colonel Lindbergh has been both applauded and criticized for views he expressed in recent radio speeches. In one he called for an end to "hysterical chatter of calamity and invasion," and said the course the government had been following "leads to neither friendship nor peace."

Following Mr. Ross's speech, he delivered at the State Department's annual encampment, the veterans adopted a resolution saying "the sentiments expressed by speakers at our convention do not necessarily convey the sentiments of this encampment."
