BIBLE THOUGHT

"If my people, which are called by my name, shall humble themselves, and pray, and seek my face, and turn from their wicked ways; then will I hear from heaven, and will forgive their sin, and will heal their land."—2 Chronicles 7:14.

MANY THINGS TO BE THANKFUL FOR

With President Roosevelt in the saddle; with ill-will and animosities caused by the recent campaign dying down; with patriotism at high ebb; with war profiteers being curbed; with labor's co-operation in every effort, as far as the A. F. of L. is concerned; with good men of the C. I. O. helping pave the way for peace in a war that has been verily an ill-wind, but which did have the effect to wake up a sleeping A. F. of L. and place it at its highest membership peak; with a congress that will line up with our President; with a citizenship 100 per cent American (if Dies can get the leaders of unAmerican activities herded together, deported or jailed); with preparedness for "eventualitis" going forward on a 24-hour basis—Thanksgiving Day next Thursday (that is in N. C.) will give us all something to be thankful for—even if John Lewis STILL CONTROLS THE C. I. O., and is vitriolic in his attacks on Pres. Wm. Greene and the A. F. of L. Late reports from Atlantic City C. I. O. meeting gives no hope of peace, even though there is an element in its make-up that desires peace. As we go to press the A. F. of L. is biding its time as Lewis raves on.

The "big parade," a pre-holiday event in Charlotte, when the Yule lights are turned on, will feature the opening of the holiday shopping season, and Charlotte merchants are prepared with adequate stocks of suitable merchandise.

President Greene at the A. F. of L. Convention in New Orleans says he is "deeply skeptical" whether Lewis' resignation will bring the C. I. O. and the A. F. of L. any closer together if Mr. Lewis remains as head of the United Mine Workers.

**Silk Stockings
Boycotted By
Queens Girls**

Japanese actions in China, as described by Dr. Charles Judd, Chinese medical missionary, have caused Queens girls to make plans to do what they can to express their disapproval. Probably the greatest sacrifice they will make, according to action taken at chapel exercises last week will be to boycott silk hose. Since silk bought from Japan is a most necessary part of these hose, the girls voted to do without buying silk hose for three months.

While wearing cotton anklets and cotton stockings, they will not only be expressing their attitude toward Japan but will at the same time be helping their own section where the welfare of the cotton farmer is a matter of much importance.

The students also voted to, as far as possible, refuse to buy any articles made in Japan. They will also take other steps to help the Chinese. The boarding students will go without dessert two dinners each week and will give the cost of these desserts to the maintenance of Gingling university in China. Day students and boarding students will contribute one cent of every five-cent purchase in the "Y" store to the cause of Chinese relief.

In addition, letters formally protesting Japanese invasion of China will be written by all students to President Franklin D. Roosevelt.

A pledge setting forth these plans has been prepared and placed in Burwell Hall and students were busy yesterday signing it.—Charlotte Observer.

(One of the students present when this action was taken asked what was the use of boycotting the stockings and still buy the silk underwear, which was a very sensible suggestion.—Ed.)

NOW, BOYS!

Two druggists were discussing another druggist.

First: "Say what you will about Jones, he's a great druggist."

Second: "He is, indeed. But don't you think the chicken salad he serves is a little salty?"

**IT TOOK HIM TWO YEARS TO
BE A CORPORAL, BUT HE
MADE IT.**

We sort of laid off Monday to celebrate Armistice Day and to remind ourselves of a pause the world took so it could raise a new crop of soldiers and make enough bugles to notify them when it's time to quit sleeping. Trouble is, they didn't let us finish that last war. However, the sooner we train men the later we'll have to fight, as men and guns are the best peace insurance. Army life's a lot of fun, as most boys in camp will tell you, and there's always chance of advancement. Why, I wasn't in the last army two years till they up and promoted me to corporal.—Brown Turner in Nashville Trades and Labor News.
