"This Nation is beginning to produce  
as no other nation in the world has ever  
produced. The soldiers of production,  
just as truly as the boys at the fronts,  
are helping to lick the enemies of  
Democracy."

## ALL NORTH CAROLINA SALUTES LABOR'S EPIC PART IN HELPING TO WIN THE WAR

North Carolina workers know that this war is their war. They are all out to win it. They know that their homes and families and their futures are all threatened by the most ruthless foes this country has ever faced. That's why they are putting their hearts into the war production effort—fighting in the armed forces abroad—helping in Civilian Defense here on the home front—AND DOING A GRAND JOB OF BUYING WAR BONDS EVERY PAY DAY.

The gratitude and praise of (name of city) and the entire Nation goes whole-heartedly to labor for the job it is doing.

September is Payroll Savings Month—Do Your Part!
