

Buy a Share in America!

LAND... Thousands of acres of the finest land in the world... black earth, rich loam, green pastures and hills where trees reach to the clouds and their boughs touch... Wide, flat, well-drained land on which corn, wheat, and other crops grow thick and fast.

Also upland farms, stock farms, ranches, and citrus groves as well as truck farms, tobacco farms, and cotton plantations. This land described above is America... not 20 acres, not 50 or 100 acres, but all of it that lies between the Atlantic and the Pacific.

How can you buy all that land? What would it cost you?

A dime will buy a share of all of it... a 10-cent War Savings Stamp. Every War Bond that you buy gives you a bigger share of this land and it is the finest land buy in the world today!

Your government needs money to win this war, and is offering you good interest and a "money-back" guarantee for it. War Bonds offer the soundest investment in the world. With each Bond purchase you are buying a share of this great, fertile country of ours... and protecting your own investment in it, too!

What is a War Bond? It is a written promise by the United States Government to pay you the amount of money stated on the Bond.

What interest does my money earn? When held 10 years, Bonds yield 2.9 percent on your investment, compounded semiannually. You get back \$4 for every \$3.

When can I get my money back? Any time after 60 days from the date the Bond was issued. Naturally, the longer you hold the Bond, up to 10 years, the more money you'll get back. But you'll never get back less than you put in.

Can anyone cash the bond? Only the person or persons whose names appear on the Bond as owners.
