Job Plan for School Youth Curbed

WASHINGTON, D. C.—Three Government agencies joined in a declaration against inclusion of school youth "in any employment plan until other sources of labor have been exhausted."

The declaration was part of a statement of policies and standards issued to guide urban communities in establishing part-time school and work program.

Signed by Paul V. McNutt, chairman of the War Manpower Commission; Katharine F. Lenroot, chief of the Children's Bureau of the Labor Department, and Dr. John W. Studebaker, Commissioner of Education, the statement said:

"The first obligation of school youth is to take advantage of their educational opportunities in order that they may be better prepared for citizenship and for service to the nation."

THE FOUR FREEDOMS

1. Freedom of speech and expression everywhere in the world.
2. Freedom of every person to worship God in his own way—everywhere in the world.
3. Freedom from want—economic understanding which will secure for every nation a healthy peacetime economy for its people everywhere in the world.
4. Freedom from fear—World-wide decisions to take such steps as may be necessary to prevent any nation from committing an act of aggression against another—anywhere in the world.

Three War Planes Bear Dressmakers Union Name

NEW YORK CITY.—For the first time in this country there are three war planes flying bearing the name of a labor union. These three planes are a pursuit ship, a medium bomber and a heavy bomber, and the name they bear is "New York Dressmakers' Union ILGWU." They are named after Dressmakers' Union Local 22 of the International Ladies' Garment Workers' Union, A. F. of L.

The dressmakers' organization was granted the honor of having the three planes named after itself in recognition of its successful effort to raise \$550,000 in war bonds earlier this year in the course of the Second War Loan.

Veterans Foreign Wars Will Stage Festival Week October 11th-16th

Charlotte's 96-acre Southern States Fair grounds, hailed as the South's finest but unused since the 1941 event, is being groomed for a gala October "Victory Festival Week" that will return to Charlotte many of the top flight entertainment features formerly seen at the annual exposition.

Profiting from an open week on the Eastern State Fairs circuit, Veterans of Foreign Wars officials here disclosed today they have scheduled a five-days, six-nights festival for Oct. 11 to 16, with assurance that a colorful array of ranking fair attractions, moving southward from leading northern events, will be on hand for the celebration.

From rocketing riding devices to dancing Roxettes, from sideshow barkers to Ferrell Jacobs and his famed wild animal circus, a complete day and night program of stand-out features will be presented under arrangements made by the veterans' organization with George A. Hamid and Max Linderman, nationally known outdoor showmen.

Prof. G. P. Fedotov, formerly of the University of Petrograd, and now of Yale University, says, "In Russia the non-existence of Christ is a state dogma, and it is forbidden even to print Christ's name with a capital letter."

Curve pitching in baseball was introduced by William Arthur Cummings, of Brooklyn, N. Y., in 1867.
