

LAST CALL TO PATRIOTS!

NEVER before in their history have the American people shown their patriotism as they did in the 7 great War Loan Drives.

Now the war is over. And the question might possibly come to your mind: "Why a Victory Loan?" Well, we all want a sound, prosperous country. We want to build a sound future. Reconversion costs money. We are getting our men into ships and trains and bringing them home, and that costs money. We are nursing and healing our over 300,000 wounded, and that will take money for many months to come.

Remember, this is your last chance to help your country by investing in extra bonds.* The bonds you've bought and the Victory Bonds you buy today, are your savings, your bulwark, a nest egg that you can turn into cash in any time of need. And they are the best insurance you can have that America will be a strong and prosperous nation.

PARLEY TO REVIEW SHIPYARD WAGE RATES

Washington, D. C. — A national conference to review wages in the shipbuilding industry, affecting nearly a half million workers, was voted by the Shipbuilding Stabilization Committee.

The committee set December 4 as the date for the parley. Over 400 representatives of labor and management, as well as of government agencies, are expected to participate.

Demands of unions for higher wages to compensate for increased living costs and for reduction of the workweek will be considered at the conference.

Also, on November 19, AFL Metal Trades unions on the West Coast will meet with management and government representatives in Spokane, Wash., to discuss proposed amendments to the Pacific Coast master agreement for the shipbuilding industry.

RETAIL CLERK LOCAL IS ORGANIZED AT ASHEVILLE

Asheville, N. C. — Charter has been installed and officers obligated here for the newly organized local union of Retail Clerks, Robert Leister, organizer, assisted by the Central Labor Union, organized the Local. James F. Barrett, of the AFL organizing staff presented the charter and obligated the officers.

AFL 172 VOTES: CIO 27 IN MONTGOMERY ELECTION

Montgomery, Ala. — In an NLRB election here last week between Local Union No. 80, UTW of A, AFL, and the CIO, the result was 172 votes for the AFL union, 27 for the CIO, 10 not voting and three votes were voided. R. O. Ross, regional director for the AFL, assisted the UTW or A officials and members of the election.

Dewey Pleads For Rule Of Reason

ITHACA, N. Y. — Governor Dewey called on Labor and management to substitute a rule of reason in employe-management controversies for the old rule of tooth and claw, and demanded that both sides recognize in all disputes that the interest of the public was paramount. He did not suggest legislation or machinery to solve the labor-industry difficulties.

Speaking at a convocation called to dedicate and formally open the New York School of Industrial and Labor Relations at Cornell university, which is supported by State funds, Mr. Dewey urged recognition of the fundamental proposition that "no one piece of our economy can be happy or prosperous if it attempts to profit at the expense of the rest."

In his address, Governor Dewey declared that one of the best features of the new school was that no one in labor, management or government regarded it as a cure-all even though it was a trail-blazing effort.

Explaining the purposes and aspirations of the school, Governor Dewey said:

"Recurrent outbreaks of strikes underline the fact that labor relations are never static and that no formula can be devised within the democratic framework which will wholly wipe out disputes. Nor does anyone who values our way of life wish to end the continuing effort by both labor and management to advance their own interests. But the old rule of the tooth and claw is out of date and should come to an end.

"We are growing up. We must now attain the age of reason. One of the things of which I have been proudest during my three years in Albany is our splendid record in the relationship between Capital and Labor in the State of New York.

COURT UPHOLDS RYAN AGAINST CIO RAIDERS

New York City. — Joseph P. Ryan, president of the International Longshoremen's Association, won the second and presumably final round of a court action brought by "insurgent" longshoremen to force a formal hearing on internal union affairs before any new dock contract is signed with the New York Shipping Association.

In a unanimous decision the Appellate Division of the Supreme Court reversed an injunction issued October 26 by Judge Carroll G. Walter which ordered Mr. Ryan not to sign a contract until a hearing was held. The Appellate Court ruled that John Berg, cochairman of the "insurgent" group in whose name the action was filed, had "failed to establish any right to the relief granted."

Louis Waldman, attorney for Mr. Ryan, said the decision had cleared the way "for arbitration without any strings," while Mr. Ryan said it would "hearten every longshoreman and member of the I.L.A." Mr. Ryan charged that the insurgents were the "fifth column for the pro-Communists in the CIO who are trying to create trouble on our waterfront."

AFL ALUMINUM WORKERS GET HALF MILLION RAISE

Louisville, Ky., Local Union No. 19388, Aluminum Workers of America has completed negotiations for a new contract, raising the minimum, or starting pay from 66 cents an hour to 81 cents minimum. Maximum pay which is to be obtained upon completion of eleven months with the company is \$1.20 an hour. This is an increase of 15 cents an hour. The contract was made with the Reynolds Metal Corporation, and covers 6,000 members in the Louisville, Glendale, N. Y., Richmond, Va., and St. Louis plants.

A greatly improved vacation plan, starting with three days paid for vacation for employes having six months service; one additional day for each additional year up to five years service, when the paid vacation will be two weeks for each employe. Other improved conditions are included in the agreement.

The Jews of Palestine have made it clear that "they will stand firm in their decision that every Jew who knocks at the door of Palestine will be given entrance," declared Judge Bernard A. Rosenblatt, President of the Palestine Foundation Fund on his return from a six week tour of Palestine. Speaking of Arab-Jewish relations, Judge Rosenblatt said that he saw "groups of Jews and Arabs in friendly concourse from Haifa to Jerusalem, doing business as friends and neighbors."

Educational Campaign

Atlanta, Ga. — Marking the most forward step in the history of the International Brotherhood of Pulp, Sulphite and Papermill Workers in the South, announcement was made at a South-wide meeting held in Atlanta of the creation of a Research and Education Office and adopted an educational program for the Southern states. George W. Brooks, of Washington, D. C., has been named director of research and education, with Miss Sara Gramm as assistant director.

The Atlanta conference was in session two days, giving serious thought to all phases of the industry, from which considerations it was decided to hold zone conferences at the following points, Jacksonville, Florida, Georgetown, S. C., Richmond, Va., Mobile, Ala. and Monroe, La. These zone centers will be within easy access to the workers on the clusters of paper and pulp mills in each section. It is the hope of the International that all workers in all Southern mills may be reached in the zone meetings, and an intensive educational program among these workers made possible.

Those attending the Atlanta conference were: Frank C. Barnes, r., International treasurer; James S. Killen, 8th Int. Vice President, John Malin, William Riggs, A. B. Hoff, Milton Beaver and Isaiah Luke, International representatives; Director Brooks and Assistant Director Sara Cramm. Other International Unions will watch with interest the progress made by the educational program of this International Union.

IS THIS MAN WORTH RECONVERTING?

Today he is still a soldier. Yesterday he was a kid in school. What will he be tomorrow? That depends on us, the folks back home. He fought "over there" and that is where he kept the fighting, right up to Victory Day. He has done his job.

Now he deserves a chance to finish his education. Our Victory Bonds will help him. The Government is willing to bet on him, when he goes into business, and lend him some money. Our Victory Bonds will help finance the loan. He dug a foxhole in the dirt and lived in it. Now it is our turn to dig down, and show him by our Victory Bond purchases that we want him to have a chance to reconvert for peace.

A Victory Bond is the world's smartest investment.
