UNION INDUSTRIES SHOW TO BE GALA EVENT IN '49
 (Continued from Page 1)
 have collective bargaining agreements with AFL unions.
 "Union manufacturers and other business firms which employ members of AFL unions are eligible to participate in the exhibition and display their union-made goods. Other business establishments that employ members of unions for services are also eligible to demonstrate them. Several departments and many national and international unions of the American Federation of Labor have separate booths or display their products jointly with management.
 "With the aid and co-operation of management, highly skilled union workers take great pride in exhibiting their high-quality goods. The beautiful pottery, glassware and other products are works of art. Electrical devices,

U. S. FARM WAGE RATES INCREASED 3% IN 1948
 Washington.—Farm wage rates increased 3 per cent in 1948, continuing a rise that started early in the war, the Department of Agriculture reported. Rates averaged 60 cents an hour January 1 compared with 58 cents a year ago. The department said, however, that declining farm product prices are expected to limit further wage increases.
 The number of hired workers on farms at the start of the year was reported at 7,155,000, or about 352,000 fewer than a year ago. Some of this decline in employment reflected less favorable working conditions than a year ago. Heavy snows hampered farm work in many areas.

WHIPS CIO IN POLL TEST
 Buffalo.—The AFL's International Ladies Garment Workers Union whipped the CIO's Textile Workers Union in a collective bargaining election held among employees of the Seneca Knitting Mills Company at Seneca Falls and Auburn, according to an announcement by the National Labor Relations Board here.
 The AFL union received 172 votes of the company's workers against 64 ballots cast for the CIO affiliate.

hibitions to sustain the interest of the overflow crowds at each performance. The army will display some of its radar anti-aircraft equipment, some of which will be shown for the first time."

Magic of the Telephone

Your telephone can do more tricks than a vaudeville magician. It can't sit on its hind legs, but it can stop a corporation's board meeting dead. It can't whistle Dixie, but it can bring news faster than press or radio. It can't balance a ball on its dial, but it can tell you where to buy your flowers and clothes.
 How? Time Service does it. Time Service puts clever advertising messages in 10,000 ears every day . . . right here in Charlotte, where it counts. Cost? Less than a penny a call.
