### 2 ILGWU Stations Win Radio Awards

New York.—When the results of The Billboard's 12th Annual Radio Promotion Competition was made known, 2 of the 3 ILGWU stations were on the list of FM winners.

WFDR, only 8 months old, was awarded 3d place. KFMV, the ILGWU station in Los Angeles, was 2d place. Only WVUN, Chattanooga outlet was missing.

The awards were given to KFMV and WFDR for the kind of programming and promotion that has already made these stations the leaders in their markets and the proof that FM is here to stay and grow.

"With a deep bow to WIZZ, Wilkes-Barre, the first place winner, and a tear for WVUN, we want to think The Billboard and its judges for thinking so highly of us," said Hartley L. Samuels, WFDR sales director. "Next year, we hope all 3 ILGWU stations will be present and accounted for."

### SMOKING LESS?

Washington.—U. S. smokers used 3 1/2 billion more cigarettes in 1949 than in 1948 but there was a decrease of about one package of cigarettes per capita. The Department of Agriculture suggested that the demand for cigarettes may be leveling off after a series of record-breaking years.

## AMERICA

is the one place where they have ever existed in combination . . .

When we talk about our American system, we're talking about something more productive, more promising, more thrilling than any system the world has ever seen.

And we're strong because we enjoy the unique combination of qualities that make our nation the most productive of any country on earth. Why? First, because we've built our whole system on a solid faith and belief in the dignity of the individual.

Out of our belief in the dignity of the individual has evolved the wonderful pattern of America. Our policy of free markets and free collective bargaining. Our belief in competition. Our adherence

to the principle of constantly better quality at consistently lower cost.

Our emphasis on research—on invention—on new and better methods.

Our faith in the future and our desire ever to advance—ever to improve the lot of everybody, regardless of race, creed or color.

These—in combination—are America. And nowhere else in the world is there such a combination—that's your U. S. A. Let's keep it this way. Sure our system has its faults such as sharp ups and down in prices and jobs but we are trying to correct those faults—and with even better teamwork, the future is unlimited.

"Know-how—and inventiveness."

"Free government—of the people—by the people—for the people."

"Sound use of machine power."
