Now you don't need
 fishhooks
 lining your pockets!

If you've always needed a sharp reminder not to squander your dough, borrow your wife's scissors right now. You're not going to need fishhooks in your pockets any more after—

You sign up for U. S. Savings Bonds under your firm's Payroll Savings Plan or your bank's Bond-A-Month Plan. Then, the temptation to blow a buck on something you don't need won't mean a thing. Your savings will be taken care of automatically and regularly.

And thanks to the magic of compound interest, every \$3 you put into this investment grows into a whopping \$4 in 10 years.

So start using those fishhooks for fishing and have yourself some fun. They're biting good!

Automatic saving is sure saving—
