

**NEW NBC RADIO SHOW  
WILL DRAMATIZE LABOR-  
INDUSTRY DEMOCRACY**

NEW YORK.—Three stories of successful union-management relationships have been selected for

dramatization on "The People Act," a new radio series to be heard over the NBC network on Saturday evenings, 7-7:30 p. m. Eastern Standard Time, beginning December 9.

Each episode in this new nationally significant 13-week radio series tells the story of how a group of Americans, using democratic methods, acted together to solve some of the economic and social problems confronting them.

It is produced jointly by the Twentieth Century Fund and the "Living 1950" program unit of the National Broadcasting Company. A guest speaker, an authority in his particular field, uses factual findings from the Twentieth Century Fund to point out how the stories apply to other communities and to the nation.

The program employs a new technique which is inspirational, highly dramatic, and full of meaning—recording, on-the-scene voices of the actual people who lived the story. It is done in documentary style with NBC's Ben Grauer, the only professional on most of the programs, as commentator, and Elmer McKee, who originated the series' idea, as field reporter.

Each story is a dramatic example of how a labor group and

**Budget Helper Recipes**

By BETTY BARCLAY

Those who have experienced a World War or two, know only too well what a "Budget Helper Recipe" is.

For the younger woman who for the first time hears war drums in the distance, may I say that such a recipe shows the housewife how to make excellent dishes from cheaper cuts of meat, or by using smaller quantities of expensive foods. It's a recipe that helps relieve an over-taxed budget.

Be prepared for an emergency even though one never comes. Start a file of "thrifty" recipes. Most of us find it necessary to economize occasionally, even during a period of plenty—and such recipes are excellent assistants.

Here are a couple to start your file. Note how Lea & Perrins Sauce is used to give a zestful flavor. This sauce, by the way, should be on hand at all times, for meats, fish, soups and vegetables.

**Chipped Beef in Savory Sauce**  
(They'll ask for this again!)  
1 tablespoon butter  
1/4 lb. chipped beef, shredded  
1/2 teaspoon mustard  
2 tablespoons flour  
1/2 cup milk  
1/2 cup cream  
2 teaspoons Worcestershire Sauce

Put butter in frying pan and when hot, add beef. Stir until it frizzles crisp. Add mustard and flour. When mixed, add the milk, stirring until smooth and thick. Add cream and Worcestershire Sauce. When well blended, pour into patty shells or croustades. Garnish with parsley. Serves 4. Chopped tongue may be used in place of beef.

**Fish Fritters**  
(Welcome Friday or any day)  
2 cups cooked fish  
3 eggs  
3 tablespoons flour  
Salt  
1 tablespoon onion juice  
1 tablespoon minced parsley  
1 tablespoon Worcestershire Sauce

Free the fish from skin and bone and mash to a paste. Beat the egg yolks until thick and lemon colored and add to them the flour, salt, onion and parsley. Stir in the fish and the Worcestershire Sauce and fold in the stiffly beaten egg whites. Fry spoonfuls of this mixture in hot fat, (360-400° F.).

for the good of all concerned, to be more efficient, contending that if labor and management worked together they could make New York City the dress capital of the world.

You'll vote every day for American living standards when you patronize firms which display the Union Label, Shop Card and Union Button.

The wise consumer buys Union Label merchandise.

critical problems affecting an industry and, in Toledo, the city as well. They aptly demonstrate one of the series' major premises that the spirit of American democracy is best expressed when a group of people gets together to solve common problems.

Entitled, "Cloth of Many Colors," the New York City dress industry story to be broadcast on February 3, involves a union affiliated with the AFL. It traces the evolution of sound and mature collective bargaining from the industry's turbulent beginnings early in this century when strikes and sweatshops prevailed, through the tragic Triangle fire in 1911, into the last decade, when in 1941, the union threatened a strike to force employers,
