

**POLIO—A GROWING SHADOW**

CASES REPORTED SINCE 1936  
SHOWN IN 3-YEAR PERIODS

\*Including 1950 estimate of 30,000 cases.

During the three-year period 1948-1950 patient care alone cost more than \$58,000,000 in March of Dimes funds.

The chart above reveals polio's ever-increasing threat to the American people and the enormous cost of patient care borne by the National Foundation for Infantile Paralysis. This year, the forward march of polio presents an especially urgent problem to the March of Dimes as the purchasing value of the dollar has shrunk to 58 cents in comparison with pre-war days, while polio cases have nearly quadrupled.

**What is it worth to You . . .**

**WHEN YOU WANT TO:**

Call a doctor  
Chat with friends  
Reach someone in a hurry

The true value of your telephone can be measured only in the many different ways it serves you—in the convenience and pleasure it adds to daily life.

Your telephone service is increasing in value day by day as the number of friends and relatives you can call keeps growing larger, and service becomes faster and better.

Yet the cost is low. Low in comparison to most other things you buy. Low in comparison to our costs of supplying service. Your telephone is at your service twenty-four hours every day—for only a few cents a day.

When you think how much it does for you, at the price you pay, telephone service stands out as one of today's biggest bargains.

EXECUTIVE OFFICES

TARBORO, NORTH CAROLINA

"The bonds William and I bought for our country's defense helped build a house for us!"

HOW U. S. SAVINGS BONDS PAID OFF FOR MRS. ROSE NY SSE OF BRISTOL, PA.

"There's nothing more wonderful than a house and garden of your own," says Mrs. Nysse, "and no surer way to own one than to save for it through U. S. Savings Bonds and the safe, sure Payroll Savings Plan!"

Mrs. Rose Nysse says, "In 1942 William and I started making U. S. Savings Bonds a part of our plan for financial security. I joined the Payroll Savings Plan at the Sweetheart Soap Co. where I work, and began buying a \$100 bond a month, knowing my money was safe and working for me. U. S. Savings Bonds certainly make saving easier!"

"Savings Bonds alone made a \$5,000 down payment on our house!" says Mrs. Nysse. "Altogether, we've saved \$8,000 just in bonds bought through Payroll Savings, and we are keeping right on. When we retire, our bonds will make the difference between comfort and just getting by. Bonds offer a patriotic and practical way to security."

You can do what the Nyssees are doing —the time to start is now!

Maybe you can't save quite as much as William and Rose Nysse, maybe you can save more. But the important thing is to start now! It only takes three simple steps.

1. Make the big decision—to put saving first—before you even draw your pay.
2. Decide to save a regular amount systematically, week after week, or month after month. Even small sums, saved on a systematic basis, become a large sum in an amazingly short time!
3. Start saving by signing up today in the Payroll Savings Plan where you work or the Bond-A-Month Plan where you bank.

You'll be providing security not only for yourself and your family, but for the blessed free way of life that's so very important to every American.

**FOR YOUR SECURITY, AND YOUR COUNTRY'S TOO, SAVE NOW—THROUGH REGULAR PURCHASE OF U. S. SAVINGS BONDS!**

**AID HOUSING**

More Than One Vets Loan

Washington.—Republican Rep.

Jacob K. Javits, New York, introduced new legislation which would enable veterans to obtain more than one home loan within the prevailing loan guaranty limits of the GI bill.

Shipyards will expand their forces 15 per cent by February and another 4 per cent during March.

Under the Housing Act of 1950 the law enables a veteran to obtain a home loan guaranty up to 80 per cent of the amount borrowed up to a maximum amount of \$7,500.

Under the Javits bill the veteran can again exercise his benefits under the GI bill for a new loan of the difference between the amount previously guaranteed and \$7,500 without being limited to the single loan already made.

**PLENTY OF SHIP BUILDING**

Wash.—Ship building employed 1,722,000 workers at peak of World War II, but slumped to 150,000 at outbreak of the Korean War. Today the trend of shipyard employment is upward, Robert C. Goodwin, ex. dir., Office of Defense Manpower, reported to Labor Secretary Tobin.

**Letter-Press  
Printing**

Letter press printing in the graphic arts means the direct application of inked type and engravings or other type material to paper.

It is the simplest of all graphic methods of reproduction and at the same time the most lasting. It was the method employed by the medieval craftsmen who first applied type to paper and it has persisted throughout the centuries over all innovations, until today, when the best of craftsmanship is sought in a job, there is no alternative to letter press printing, along with high grade paper and typographic good taste.

We suggest that if you have some printing in view that you want well done, you consult us. Simply telephone 5-1776 or else call at the office, 118 East Sixth St., Charlotte, N. C.
