Tax Committee Back Pay-As-You-Go Taxation

"People in low-income groups are bearing a larger share of the tax burden than is fair." That's what Arthur Elder of the AFL Tax Committee told the National Legislative Council of the AFL at its meeting January 15th.

Backs Pay-as-You-Go
 "The American Federation of Labor," Elder said, "has maintained that a pay-as-you-go tax policy is essential in a time of high employment, high prices and high profits. Deficits that stimulate inflation will mean still higher prices and a lower standard of living for wage earners, pensioners and the millions on fixed incomes in all parts of the nation."

Elder pointed out that Congress last year not only failed to close loopholes in the tax laws which allow billions of dollars to escape taxation. It also opened up new loopholes. "A tax policy under which mil-

lions of the wealthier," he said, "are paying considerably less in taxes to the Federal government than they paid during World War II while those in the lower income groups are paying more makes a mockery of equality of sacrifice."

"Any suggestion of a general increase in taxes until major loopholes in existing tax laws are closed would be both inequitable and un-economic."

There is Nothing Finer than to Live in North Carolina

January opens with a bang in North Carolina. You can hunt quail, grouse and turkey through the 31st. Early in the month at Pinehurst, January 4-10, will be held the 34th Annual Field Trials.

And to get an early start on the new year's business the big Furniture and Rug Market opens in High Point, January 21—for 2 weeks. Farmers can take it relatively easy making plans, securing seed and getting ready for the kitchen garden.

And around the cozy hearth fires most of us can relax in the evening with a temperate glass of beer—sold under our State ABC system of legal control that is working so well.
