For Dyspepsia. Costiveness. Sick Headache Chronic Diarrhœa, Jaundice, Impurity of the Blood, Fever and Ague, Malaria,

a caused by Derangement of Liver, Bowels and Kidneys. SYMPTOMS OF A DISEASED LIVER.

Bad Breath; Pain in the Side, sometimes the pain is felt under the Shoulder-blade, mistaken for Rheumatism; general loss of appetite; Bowels generally costive, sometimes alternating with lax; the head is troubled with pain, is dull and heavy, with considerable loss of memory, accompanied with a painful sensation of leaving undone something which ought to have been done; a slight, dry cough and flushed face is sometimes an attendant, often mistaken for consumption; the patient complains of weariness and debility; nervous, easily startled; feet cold or burning, sometimes a prickly sensation of the skin exists; spirits are low and despondent, and, although satisfied that exercise would be beneficial, yet one can hardly summon up fortitude to try it—in fact, distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred when but few of them existed, yet examination after death has shown the Liver to have been extensively deranged.

It should be used by all persons, old and young, whenever any of the above

symptoms appear. Persons Traveling or Living in Un-healthy Localities, by taking a dose occasion-ally to keep the Liver in healthy action, will avoid all Malaria, Bilious attacks, Dizziness, Nau-sca, Drowsiness, Depression of Spirits, etc. It will invigorate like a glass of wine, but is no in-toxicating beverage.

If You have eaten anything hard of digestion, or feel heavy after meals, or sleep-less at night, take a dose and you will be relieved.

Time and Doctors' Bills will be saved by always keeping the Regulator

IT IS PURELY VEGETABLE,
