Miss Meta Stagg has a few well rooted Cape Jaspines for sale.

A READING.

I have placed in my hands for sale a valuable house and lot on Main Street—the building now occupied by R. W. Harris as a bar room. The lot is 50 feet front on Main Street by 116 feet deep. It is centrally located and can be bought at a bargain. If you want to purchase apply at once to

Briefs.

The editor of the Salisbury Watchman has been at his post, in the management of the same paper, for fifty years. There are few parallel cases in any business in the State. THE DEMOCRAT feels encouraged at the intelligence. Stick to us, patrons, and we'll be here awhile longer, nothing else preventing.

The Durham Globe has made its appearance and a neat one it is. It is the out-growth of the daily Pilot. The Globe will be one of the liveliest dailies in the state, and the fact that Mr. Edward A. Oldham is its editor is sufficient guarantee for the expectation. It is metropolitan in appearance, and takes rank as a first class daily.

The Orphan's Friend is 14 years old. It enters its 15th volume under flattering prospects. It is one of the brightest of our exchanges under the management of the sharpest editor in the State. Miss Hatchet knows as well how to hit as George Washington did to tell about the work of his little hatchet. May she always hit as true, and may the Friend still flourish.

The telegraphic invention by Rev. Bayliss Cade has proved very successful. Several gentleman in Raleigh are interested in it, and it will soon be tested on a large scale in New York. It has been reported that Mr. Cade has sold one thirty-second interest for \$10,000. This does pretty well as the remuneration for recreation from hard work.

Mr. Cade says he took up the study of electricity as a recreation from hard work, and has been interested twelve years. North Carolina ahead!!

RUMINATIONS ON THE CARS.—We learn that Mr. D. A. Lawrence who recently left for Texas, was robbed on the cars before he reached his destination. Fortunately he had purchased his ticket through, and so was not greatly inconvenienced.

Mr. James Powers, car inspector at Weldon, can tell you all you want to know about Weldon. He has been there acting in the capacity of car inspector for 35 years; and he says that during the 35 years there have not fallen 35 showers of rain day nor night, a part of which he was not in.

One of the county Commissioners for Halifax county—and he does not live in Scotland Neck—said to the editor this week that Scotland Neck owes a great deal to THE DEMOCRAT. We bow thank for the compliment and hope to continue in good works.

ONE OF THE MOST INTELLIGENT MEN OF THIS TOWN SAW THE EDITOR THIS WEEK:

"I realize the importance of a good paper, and take occasion as often as possible to say a good word for THE DEMOCRAT."

Why can't all do the same? We do our best for the town, will the town be moved to do the same?

PEOPLE EVERYWHERE

Confirm our statement when we say that Ackers English Remedy is in every way superior to any and all other preparations for the Tumor and Lungs. In Whipple's College and Croup it is magic and removes at once. We offer you a sample bottle free. Remember a positive guarantee. E. T. Whitehead & Co.

A SOUND LEGAL OPINION.

E. L. Bridgeman, Munday, Esq., County Atty., City Co., Tex., says: "Have used Electric Bitters with most happy results. My brother also was very low with Malaria fever and Jaundice, but was cured by timely use of this medicine. An satisfied Electric Bitters saved his life."

Mr. D. J. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: He positively believes he would have died, had he not been for Electric Bitters.

This great remedy will ward off, as well as cure all Malaria Diseases, and for all Kidney, Liver and Stomach Diseases stands unequalled. Price 50c. and \$1. at E. T. Whitehead & Co.
