Wilson, N. C. SOME INDUSTRIAL INDICATIONS IN THE SOUTH.

(Cor. to The Democrat.)

All through the South, and more especially in those sections where business is most active, there is one word that is uppermost in the Practices wherever his services are thoughts of the people. It is "boom," feb13 ly. To the wealthy and influential capitalists, the shrewd business men of more limited means, the superin tendents of mines and mills, the mechanics, the speculators in mineral Office: Corner Main and Tenth lands and town lots, and to all the is because it is a real condition, a present part of southern industrial populous section.

ing, manufacturing and commercial transformers and increasers of wealth because he didn't have a friend there. result of forty thousand Democratic scaled it for mailing, he can bring it section. These new industries as and depend in turn on the farms and Whatever may be the condition of majority. the centers of wealth will be the mines, these latter two being the affairs in Kansas, the denunciation centres of influence, and those who ultimate sources of all products of of the President by the press and are identified with them will be the industry. So soon then as the South leaders of the Democratic party in prominent and influential citizens of produces in abundance the farm pro- North Carolina is most cruel and (N. Y.
