ABOUT PASSING EVENTS.

AS THEY APPEAR TO THE EDITOR THROUGH HIS OWN GLASSES AND OTHER PEOPLE'S.

Will Wynne announces from Raleigh that he will run a twenty-five mile race with horses at the State fair. He will use a common size bicycle on Thursday, Oct. 16th,

Congress adjourned on Wednesday of last week to meet again in December. It has been the longest session perhaps in a half century. Its influence will live long and the oppression heaped upon the country by its acts is but another turn on ATTORNEY and Counselor AT LAW, the screw against the laboring classes in favor of the fortunate few.

Tom Reed's record will go down as a part of American history, and his memory will be dispised by those who have had the good of the great masses at heart.

It is reported that there will be a break among the negroes of this State some time in November to leave for Alabama, Arkansas, Louisiana, Mississippi and perhaps other places. If they are going, let them go before contracts are made for the coming year.

The Raleigh correspondent of the Richmond Disputch said Oct. 1st "Mrs. Alma Avera has presented to Trinity College, at Durham, 643 Practices in Halifax and adjoining acres of valuable land in Johnston munties, and the Federal and Supreme county, with the proceeds of the sale of which the Avera-memorial building is to be erected in memory of her late husband, Willia H. Avera. This is the fifth building thus given, and in it a divinity school is to be established. The other four buildings given are the main building, technological building, science building, and library?

SUCCESS. SOME SILVER THOUGHTS.

WHY SOME MEN DO NOT STOCKED.

The St. Louis Miller,) Two of the most successful men on the North American continent were recently asked the question, "What are the causes of poverty?" One replied, "Ignorance and incapacity." The other said that the prevalent cause is "The number of young men who are wanting in decision and fixity of purpose. If they get into a good place at the start, they should stick to it, knowing that by perseverance, industry, and ability, they win promotion in due course as vacancies occur. But they see or hear of some one making a fortune in Wall Street, or in mining, and away they go to try their luck. When they lose, as they do in ninety nine cases out of a hundred, that is the end of them; they can never settle down to ordinary ways of earning a living after that, and their descent is rapid." This reason hits the nail square on the head. Go where we will, we will find men who commenced life under the most favorable circumstances, but who are such complete financial wrecks that there is but little hope for their reformation. They may be honest and temperate; 1 A Check is not Cash Payment. | they may even possess natural ability of a high order, but lacking in steadiness of purpose, they will The Supreme court of Minnesota never succeed.
