INDIAN SEEDS.

E. L. Hines,

Some seeds are like the Indians-best when dead; as long as

life lasts, they are dangerous Don't get in the habit of judging seeds solely by the percentage of germination. Nobedy want to buy a dozen seeds in order to get one plant but that isn't by any means the worst thing that can happen to the serd-buyer.

Suppose the seeds grow, but, after the season is gone and a

bundred times their cost has been spent on labor and fertilizers, fail to make a salable crop. "There's the rub." An honest me chant will be a you seeds of good vitality but he must have something besides himesty to make buying from
