NAMES MR. KITCHIN.

The time is fast approaching when the democratic party will be called resent the second Congressional platform. We do not want I venture the assertion that you may search the district over and you will not find a man that will fill the bill as well as W. H. Kitchin, of Scothis time, his talent and money to the democratic party of North Carolina nature can be fully realized. and for his constituents to send him to Congress from his district is but a feeble reward for the valuable service he has rendered his party. Mr. Kitchin is of the people and for the people and the interest of the democratic party will be well represented if left in his hands.

Let all the democrats unite upon Mr. Kitchin and he will proudly and tryumphantly carry our banner to victory next November.
