

PARAGRAPHS OF PASSING EVENTS.

**Rev. Thos. Dixon** has purchased a site at Nags Head and will build a summer home there.

**Chairman Simmons** has issued a call for a special meeting of the Democratic State Executive Committee at Raleigh next Tuesday, 6th.

The *Gastonian Gazette* said: "Ax 'em who's Exam?"

**ANSWER.**—The most unpopular man in Wayne county.

Governor Holt last week appointed Judge James C. McKee to the vacancy on the Supreme Court bench of North Carolina, caused by the death of Justice J. J. Davis.

Hon. Adlai E. Stevenson, Democratic candidate for vice-President, is billed to speak at Goldsboro on Tuesday, Sept. 22nd. Thousands of North Carolinians will hear him.

The *Sampson Democrat* says that "there are one hundred boys in Sampson county whose chances are just as good for becoming President of the United States as those of James B. Weaver."

NEWSY GRAPHS. HERE AND ELSEWHERE—WISE AND OTHERWISE.

**Hancock Brothers** have a new sign now up painted by G. J. Y. Savage.

At **DAWSON'S**—Revs. W. S. Ballard and R. T. Vann are holding a meeting at Dawson's this week.

**GRAND RALLY.**—There will be a grand Democratic rally at Bi-co Peatman's store in Edgecombe county, Saturday Sept. 3rd.

Sandelin, Beddingfield and Daughton will speak. It will be a big day and every body is invited.

THE STREETS.—The town authorities have had the streets worked well and the people of the town are glad.

**MR. J. T. BRINKLEY** presented THE DEMOCRAT with a 40 pound mutton a few days ago that was very fine and much enjoyed.

**MEETING AT CROWELLS.**—Revs. R. T. Vann and W. S. Ballard closed a very successful meeting at Crowells last week. A dozen persons were baptized and the church was greatly revived.

**FIRE IN HOBGOOD.**—A fire in Hobgood last week destroyed a store occupied by two Jews. The building was the property of Mr. W. A. Duan and was partially covered by insurance.

The Merry-go-round left Monday for Clinton where it will furnish amusement for the small folks and large ones too. The managers are clever gentlemen and will be obliging to the public.

**PIC-NIC.**—There will be a basket picnic and dance at Mr. D. A. Madry's September 2nd. The managers are: R. J. Madry, D. A. Madry, M. C. Fleming, Misses Nellie White, Ida Allbrook, and Nannie Dell. C. H. Bell floor manager.

**DEMOCRATIC SPEAKING.**—Elsewhere we print appointments for democratic speakers as sent us by Dr. L. E. Green, chairman of the county Democratic Executive Committee, and Dr. J. A. Collins, chairman of the Democratic Executive Committee for this Congressional district.

**BOLD INTERLUDE.**—One night last week Mr. E. N. Nelson's front door happened to be left unhooked. About 11 o'clock some one in the house was aroused by a noise. It was found that some robbler had gone through the parlor into another room and had packed a valise full of clothes, and was leaving the house. The robber dropped the valise on the front porch and it frightened him so he fled without taking it up and before any one could see him. The thief had the front door key but dropped it with the valise.

**DEATH OF COL. J. W. JOHNSTON.**—Mr. F. S. Johnston, chief clerk in the post office here was called home near Weldon last Friday by the sudden death of his father, Col. J. W. Johnston. Col. Johnston retired Thursday night August 25th and was found dead in his bed next morning. It was thought that he died of apoplexy.

Col. Johnston was a well known farmer in the county and his many friends will regret to learn of his death. THE DEMOCRAT loses a personal friend and extends sympathy to the bereaved family.

**NEW CHURCH ORGANIZED.**—At Cherry's school house in Edgecombe county last Sunday night with a presbytery consisting of Revs. D. J. Huffman of Tarboro, J. R. Pace of Bethel and Q. C. Davis of Elm City, a Baptist church was organized with eight members.

Rev. Mr. Pace, assisted by Dr. Huffman held a meeting there last week and baptized a number of persons.

Visitors from Tarboro, Scotland Neck and other churches were present at the organization of the church. Arrangements have been made to build a house of worship at once.

**A SMALL ENGINE.**—The *Ranoke News* of last week says:

"Engineer George Smith of the Scotland Neck branch road besides being a good locomotive engineer is a mechanical genius. We saw once an infinitesimal engine made by him which was run by electricity supplied from the telegraph wire. He now has in his shop here an engine which can be held up by two fingers, which is powerful enough to run a sewing machine. He has another also, not so small, which he uses in his work."

**THAT SHOP TALK.**—This paper two weeks ago made some statements that it took no pleasure in making. The statements were concerning the advertising patronage of this paper.

The *Ranoke News* makes some observations on the matter that are too true to pass over. It says:

"The paper is expected to give all the home news, to write up the marriages and entertainments, the movements of the people, and keep the world informed of everything concerning the town and its people, and have a word of appreciation in their joys and express kindly sympathy in their sorrows and troubles, but after that it is expected to get its support from elsewhere. The home paper is always expected to 'blow' every new enterprise for the benefit of the town abroad but it is expected to do it without assistance from the very people who are to be most benefited by it. This state of affairs often makes the hearts of newspaper men sad."

ENGLISCH the Photographer will locate in Scotland Neck as early in September as possible. Get the babies ready.

Hood's Sarsaparilla accomplished the greatest cure. Is it not the medicine for you?

Constipation is caused by loss of the peristaltic action of the bowels. Hood's Pills restore this action and invigorate the liver.

The Crops

We have had some opportunity recently to observe the condition of the crops in some parts of Edgecombe and Halifax and while there is not a full crop, we believe that there will be a fair return crop of good quantity and also a fair corn crop. There will be more grain made in this community than in years before.

Schools Open.

The Military School opened Thursday last week. Superintendent Allen says that his prospects are good for a full session. The enrollment for the first day was 50. This is a good opening for a school of only one year's record and the prospects are good for building here in Scotland Neck a large male school and one which will compare favorably with any school in the State.

The Female Academy opened Monday with 50 pupils which is the largest opening it has ever had.

The new buildings have been completed and the arrangement is admirable. There is more than twice as much room for class work than the school has ever had before. The main study room is admirably arranged and adds much to the convenience of the school. Several new recitation rooms and an office in front make the building about all that is needed for a first class school.

THE DEMOCRAT congratulates the schools and the town and community on these evidences of educational progress.
