### ANY BOY MAY LEARN.

ONE WAY OF BECOMING A VALUABLE NEWSPAPER WRITER.

Henry R. Miller, in Youth's Companion. Let me point out a way in which the lad on a farm or in a country village, who does not see his way elear to a college education, can

to do newspaper work. Remember that education has notes, credits, insurance, transport dipped in catmeal. generally two purposes-to train tation by rail and water and quite the mind and to store it with knowl likely something about the tariff. boy does both. Here it is:

side of an imaginary line; and the | field of research broadens out surgreat world, with all its men and prisingly Your mind will broaden women and governments and institutions, on the other. Cross the line and find out in what way and edge you will acquire a fund of inthrough what things you come it formation that will be constantly contact with the world. Then useful to you in future years of study those ways and those things newspaper work. until you know all about them or uutil you know as much as you can find out about them. This lis what OFFICE HOURS-9 to 1 o'clock; 2 to a sociologist would call determining the relation of the individual to the aggregate or the relation of man to society. Let us explain the process a little.

You will be pretty sure to discover that you have relations with the in some trout, but the great bulk lining. great wor'd through the school, the church, the government, through your triends and companions. That tected in all parts of the State. 381y. is not all, but that will do very well to begin with.

can about the school system of your the Ocean-View grounds at this seasstate. Ask the teacher all the questions you can think of. If you are a country boy, there is probably a prudential committeeman in vour district. Ask him what he has to do Theo get at the superintend-ATTORNEY and Counselor at Law, ing committeeman and ask him

Find out where the money comes from to build schoolhouses and pay the teacher If you live in a village large enough to have graded schools find out now the system is organized; from the primary grade up to the high school. Let nothing escape you that you can possibly

Then the churches in your town -study them. You may not find it easy to get at the differences of belief that seaparate the Methodists from the Baptists and the Congres cationalists from the Presbyterians. but your minister or any other minister will probably lend you books that will tell something about creeds and faiths.

Then make yourself a master of WATCH-MAKER & JEWELER. the system of government or control in the various churches, Inquire what churches have bishops, what ones elders, what ones deacons, and what the powers and duties of these church officers are. In short, learn in how many ways, and go as far as you can, why one church organization is different from another.

Next comes government It is a Your father is a county commissionat or a selectman of a town clerk. Furto, Ital; . It is a boat of a single That is a capital opportunity. Get him to tell you all ne knows about the duties of town and county offi- perfect. It has a sail beaten from cers - who lays out new roads and solid gold, and is studded with diacloses old ones, who sees to it that monds. The binnacle-light is a ruby W. H. Johnston, who determines how large a sum rudder it has an emerald. The stand 10 6 6m shall be raised by taxes in the town, upon which it is mounted is made of Norfolk & Carolina R. R. has much each taxpayer's share the purest of ivory; and the whole shall be and what shall be done toy-stand, boat and all-weighs with the money
