SOUND DOCTRINE.

The Democratic party is charged with responsible duties which can not be disregarded without peril to itself and injury to the country. What constitutes the party? It is not the president nor is it the Congress. It is the people who through their delegates assemble in national conventions and proclaim in their platforms the principles of government which they believe to be essential to the interests of the people under the constitution adopted by our fathers.

The Chicago platform is the law of Wilmington Star. the party, and the President and the Congress are but the agents to execute the law.

position, and if its agents have been dereliet it is the duty of the party to hold them to a strict and unswerving responsibility. If the Democratic party has failed to carry out the Chicago platform the injury may not be irreparable, since its agents may be changed or brought to the proper discharge of their duties; but if, because of the failure of any agent to stand by the law of party and allow it to disintegrate, there's no hope for constitutional government on this continent .- New Berne Journ-

VANCE'S SUCCESSOR.

The papers are now beginning to speculate as to Senator Vance's success or. The Raleigh correspondent to the Richmond Times says that of course whether by appointment or election his successor will be a western county man. Perhaps the three most promi nently spoken of in this connection are Hon. John S. Henderson, Mr. A. Leazar, superintendent of the penitentiary, and Congressman S. B. Alexander. It the News might be allowed to come in with its little remark, it would say that Senator Vance is not dead yet, and he may live to hear of some of these wouldbe prophets turning up their toes. -Charlotte News.

____ LESS CLOTH-MORE JEANS.

A little less profound statesmanship and a little more common sense, a little less broadcloth and a little more jeans a little less exalted incomprehensibility and a little more Jeffersonian simplicity, are sadly needed at the national capital. They must get there before this country is ever prosperous again. They must get there through the Democratic Chill and Fever Tonic party, and thorough a union of the re form element. It is suicidal for men who desire a bettering of the condition of their country to leave the Democrat- Chills and Fever, ic party and enlist under the flag of a forlorn hope. It is better for every friend of reform to lock shields with the loyal Democracy, regenerate the party and redeem its pledges.-Samp- Fover and son Democrat.

PLEA FOR CONCILIATION.

We believe in the policy of conciliation, and during the coming campaign we shall endeavor to heal the differences now existing rather than to broaden them. Consistency is a rare virtue, and consistency in politics is the rarest kind, but we believe so earnestly in what we have been saying that we know we shall be consistent in this at any rate.

We shall go into the contest with gloves off, but we propose for our arguments to be legitimate and fair. No opponent need fear any abuse at our hands. We don't believe in it. No Populist need think that we are going to jump at him to tear his eyes out or to throttle him. We wouldn't if we could. No Democrat need think, either, that we are going to run a milk and water sheet. We couldn't if we would. Our convictions would not allow us to do that.

But we shall treat all fairly. We shall respect the opinions of our opponents. We shall utter no harsh words. We shall give equal rights to all. We shall give special favors to none.-Wilson Advance.

Georgia Farmers on a Boom.

Col. J. O. Waddell, President of the Georgia Agricultural Society, is quoted as saying that in spite of the panic of The party has not receded from its last summer the farmers of Georgia are "on a boom;" that many car-loads of hogs have been shipped from Southwest Georgia to Chicago in the past year, Armour & Co. having bought thousands of hogs in Georgia. The farmers of that State, it will be thus seen, have not only raised meat enough to supply themselves but enough to ship thousands of hogs to Chicago, from which they had in previous years been buying pork to meet their home wants He adds that the farmers of Northwest the party, Democrats abandon their Georgia made more money from poultry and eggs than from cotton. And good many of them, too, realized large returns from their fruit orchards.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children.

DR. G. C. OSGOOD, Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves.'

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."
