

The Commonwealth

E. E. HILLIARD, Editor. Published Every Thursday.

Entered at the Post-Office at Scotland Neck, N. C., as Second Class Matter.

THURSDAY, NOVEMBER 9, 1900.

TUESDAY'S ELECTIONS.

Elections were held in twelve States Tuesday, as follows:

Ohio, Iowa, Kentucky, Mississippi, Maryland and Massachusetts elected a Governor and other State officers; Nebraska a Judge of the Supreme Court and two Regents of the State University; Pennsylvania a Treasurer and a Judge of the Supreme and Superior Courts; Dakota three Justices of the Supreme Court, and New York, New Jersey and Virginia a Legislature.

There were five tickets in Ohio, five in Iowa, six in Kentucky, two in Mississippi, three in Nebraska, two in South Dakota, three in Maryland, five in Pennsylvania, and five in Massachusetts.

In Kansas and Colorado county officers were elected and municipal elections were held in San Francisco, Salt Lake, New Orleans and Detroit.

In New York State members of the lower branch of the Legislature were chosen. County and judicial officers were elected in the four counties of Greater New York.

The latest news is that the vote in Ohio is close with the chances in favor of the Republicans. Democrats win in Nebraska, and Kentucky in doubt, while Maryland is conceded to the Democrats.

The News and Observer to-day says editorially:

"At one o'clock Wednesday morning, the hour at which we go to press, the news from the close States—Ohio, Kentucky, Maryland and Nebraska, shows big Democratic gains.

"The Republicans concede that the Democrats have carried Maryland by ten thousand majority.

"In Lincoln and Omaha the Democrats have made gains, and the indications are that Bryan's State is true to the principles for which he stands by not less than 10,000 majority.

"In Ohio, McLean carries Hamilton county (Cincinnati), Jones carries Haan's county, and the result is in doubt.

"The news from Kentucky is meagre. Goebel carries Kenton, his home county, by 2,500, but the Republicans made gains in most large cities. The Democrats expect to make their greatest gains in the country districts. If these expectations are realized, Goebel is elected.

THE FOUNDATION STONES.

Virginia Pilot. The foundation of public opinion, the educators of the people, that is of the great mass of people, are the country papers. It is wonderful and surprising to contemplate the influence of these sheets.

The big city paper is taken to a limited extent only beyond its own municipal borders, and quickly accessible railroad points. There are thousands living beyond these points who cannot be reached for at least a day, or two days, after publication of the daily.

It is amongst these people that the county paper gets in its work in the country districts. Just as the vote of the State—the farmer's vote, governs the politics of New York, so does the farmer's vote control Virginia. Into the homes of these people the county paper goes as a welcome visitor. It brings all the news in condensed form and what it says editorially is read and makes an impression. The paper is preciously guarded and cared for and reread until, may be, twelve months after, it helps make a cover for a fruit or preserve jar.

It is impossible for editorials not to make an impression under these circumstances and good or bad, every county man will swear by his paper. Generally the county paper and the "Court House Ring" (for there is one in every county) work harmoniously and all goes well, office holders succeeding themselves sometimes for twenty years. But when a break comes it never fails to be disastrous to the office holder. Politics in the country are not corrupt, with few exceptions, and no "leadership" or "managing" is allowed. Organization means for the benefit of the party, of all Democrats, and no unfair treatment is allowed.

SPAIN'S GREATEST NEED.

Mr. R. P. Olliva, of Barcelona, Spain spends his winters at Aiken, S. C. Weak nerves had caused severe pains in the back of his head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what his country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by E. T. Whitehead & Co. Druggist.

HAVE THEY FORGOTTEN?

When the new well on the court yard was completed more than a month ago, it was suggested by some one that inasmuch as the county had put a good well there the town of Halifax ought to put a nice platform and shelter to it. Some of the citizens of the town said they would do it, but nothing has been done towards it. The well is just as it was a month ago.

Have the Halifax citizens forgotten their promise?

BECAME INSANE ON THE SUBJECT OF RELIGION.

Statesville Landmark.

Our Taylorsville correspondent mentioned, in the last issue of The Landmark, that two daughters of Mr. Ston Watts, who were employed in the Moore Cotton Mill, near Taylorsville, had become demented and had to be taken home.

The Landmark learns that these young girls became insane on the subject of religion. They had been attending a meeting conducted by a sanctification preacher and had become so wrought up on the subject that they decided that they could pass through fire without damage—even as Shadrach, Meshach and Abednego in days of old. They therefore divested themselves of their clothing and saturated their bodies, the room and the furniture with kerosene, and were about to apply the match and try the actual experiment when they were discovered and prevented from endangering their lives.

At last accounts one of the girls was slightly improved but application had been made to send the other to the State Hospital. It is a pitiable case.

DEATH OF EX-STATE AUDITOR SALDERLIN.

Raleigh Post.

The thousands of friends of the late Rev. Dr. George W. Sanderlin will hear of his death with sincere sorrow. It occurred in Washington City Sunday.

Dr. Sanderlin had been ill for three years, and receiving treatment in a hospital for a greater portion of that time. Some days ago he had the misfortune to fall, injuring himself seriously, and this shock to his system no doubt hastened his death.

Dr. Sanderlin was a most kindly amiable gentleman, and was warmly esteemed by all who knew him well. He possessed many elements of the orator, and his work, both in the pulpit, when actively in the ministry, and on the hustings when in later years he participated in political affairs won for him a high reputation and much popularity.

He leaves a widow, several daughters and a large circle of loving friends and relatives throughout the State, who mourn his death. The Post begs to unite its sincere sorrow with those who are so sadly afflicted.

A NORTH CAROLINIAN'S MYSTERIOUS DEATH AT MACON GA.

Macon, Ga., Nov. 3d.—A. A. Powell, a well known oil merchant of this city, was found early this morning unconscious with his skull crushed into a jelly. He died shortly after he was found without having gained consciousness. Mr. Powell lived by himself in a room over his store and had been murdered apparently while he slept. The cause of the killing is shrouded in mystery. The victim was a quiet, inoffensive man, with no known enemy. The fact that a considerable amount of money was found in his pocket tends to discredit the theory of robbery. The police up to this time appear to be completely baffled. Mr. Powell came to Georgia several years ago from North Carolina. He has a sister and several brothers in Texas.

DE. BULL'S COUGH SYRUP IS NOT A COMMON EVERY DAY COUGH MIXTURE.

It is a marvelous remedy for all the troublesome and dangerous complications resulting from a cold in the head, throat chest or lungs. Sold for 25 cts.

CAROLINA'S IMMIGRATION COMMISSIONER.

Norfolk Landmark.

The State of North Carolina is reaching out after the best class of European immigration. She has already had great success in securing Western immigration. The Hon. J. W. Thompson, Commissioner of Immigration and Assistant Commissioner of Agriculture for the State of North Carolina, is in the city, stopping at the Atlantic Hotel. He is on his way to New York on business connected with the immigration movement. While here he was in consultation with Messrs. Jeffers and Darst, industrial and immigration agents of this city and section, and yesterday in company with Mr. Darst visited points of interest around the harbor. He is greatly interested and pleased with the business outlook of this port.

DEAFNESS CANNOT BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are cured by catarrh which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O. Sold by Druggists. 75c. Hall's Family Pills are the best.

OUR WAR EXPENSES.

WASHINGTON, D. C. Nov. 6, '99.

The annual report of the Adjutant General shows the total casualties in action, and deaths in the regular and volunteers since the beginning of the Spanish war, to have been 10,076. The casualty list alone aggregates 3,454, of whom 33 officers and 458 enlisted men were killed, and 197 officers and 2,764 enlisted men were wounded. The death list numbers 6,619, and is made up of 224 officers and 6,395 enlisted men. The great majority of these died from disease. A total 5,344 enlisted men going down from this cause. These figures indicate the enormous cost of warfare in unhealthful climates, regardless of the actual loss of men in engagements. It will be remembered that active hostilities have been waged but little in the ten months since the Filipino insurrection. Nothing has been done in the Philippines for three months past, owing to the wet season, and yet the deaths of the Americans have been going along steadily and rapidly.

The report states, also, that by December 1st there will be in the Philippines an aggregate of 65,725 men, or more than double the number now there. The condition which will be stated in the next annual report can be estimated. There will be, necessarily, more than twice as many deaths from disease. It is many difficult to take care of the sick, because the hospital accommodations can not be increased proportionately.

When to this is added a cash expense of not less than \$15,000,000 a month, an idea can be had of the burden imposed upon the American people by President McKinley's policy of holding all the Philippines. The most discouraging feature of this situation is the belief, now growing steadily in the War Department circles, that the end is not at all in sight. Officers assigned to the Philippines are told that they "will be kept there not more than a year or so," and their places then filled by others; that the policy will be to relieve them after about one year's service. In other words, the Department has considered and outlined a policy looking to a long, and indefinite campaign in these islands.

Much comment has been caused in Washington by the receipt of a dispatch from London showing that the State Department of Washington has recently asked France, Germany and Russia to give written assurances regarding the preservation of the "open door" in China. It is claimed that the Administration is not satisfied with oral assurances that have been given, and it is even hinted that a proposal on the part of the Powers that the United States should seize a port in China and establish a sphere of influence has been rejected. It is no small wonder that the London papers have taken up the subject and commented upon this "new departure" in the American policy. It need hardly be added that it finds full approval in England, because it is strictly in line with the English government's plan to preserve the Chinese government intact, for if China is split up into parts, and parcelled around to the different powers, each country will necessarily monopolize the trade in the particular section assigned to it.

The Englishman is too much of a trader to consent to any such scheme, and it would seem to be playing into England's hands for this government to adopt a policy which would involve an interference in the Chinese question and the prospect of incurring the displeasure of Germany, France and Russia. That this is the intention of the Administration is gathered from the fact that the squadron in the Philippines has been increased far out of proportion to the actual needs, and it is accepted in diplomatic circles as a threat on the part of this Administration to intervene should any further partitioning of China take place. Though the State Department denies that there is any sort of alliance with England, the fact remains that our government is shaping its policy to accord with the aims and purposes of the English government, and we are actually being used by England as a tool to menace the European countries.

One of the sensations of Washington is Admiral Crowninshield's peevish and impertinent criticism of Congress and his attempt to belittle Dewey's victory, as contained in his official report. He is the chief of the Bureau of Navigation of the Navy Department and is well known to beyond Dewey's bitter enemies.

DEAFNESS CANNOT BE CURED.

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. Sold by Druggists. 75c. Hall's Family Pills are the best.

BRILLIANT HOME WEDDING.

CHARLOTTE, N. C. Nov. 6th, '99.

Mr. R. H. Bryan of Norfolk, Va., spent Sunday here.

Mr. R. K. Hines of Edenton, is here this week in the interest of the Brantling Manufacturing Co.

The Brantling Manufacturing Co. will double the capacity of their saw mill here. Will then cut eighty thousand feet daily.

On October 31st. Mr. M. O. Geroch and Miss India Copland were married at the home of the bride's parents.

The popularity of the bride and groom was attested to by the large number of their friends and relatives who were present to witness the ceremony.

The parlors and halls were brilliantly lighted and decorated with flowers. The wedding march was played by Mrs. W. D. Downs. The bride and groom were recipients of many costly and useful presents, among them were: Suit of Irish Point lace, Miss Juent Copland; China Toilet set, Mr. & Mrs. Ed Geroch; Water set, Master Rob J. Copland; Set china cups and saucers, Mr. Oia Parker; Set dessert plates, Mr. and Mrs. F. Powell; Set glass tumblers & goblets, Mr. S. L. Baddom; Set silver spoons with engraving, M. J. Feltsmith; Silver butter dish with engraving, Mr. and Mrs. Whit Bell; Madonna, Miss Zephia Brown; China clock, Mr. R. C. Campbell; China fruit stand hand painted, Mrs. W. D. Downs; China card receiver hand painted, Mrs. J. A. Speight; Handsome standard album, Mr. and Mrs. W. J. Harrell; Center table, Mr. Henry Stokes; Large rocker, Mr. J. L. Ball; Large rocker, Mr. E. H. Haldison; Large parlor lamp, Miss T. H. Todd; Large parlor lamp, Mr. & Mrs. E. C. Harrell; Picture with easel, Mr. H. Hays; Cut glass pickle dishes, Misses Sue Copland and Mattie Hall; Pair silver ornamental scissors, Mr. M. L. Parker; Silver salt and pepper stand, Mr. and Mrs. A. E. Garrett; Photograph frames, Master Herbert Copland; Milk pitcher, Master Lee Copland; \$20 in gold, unknown friend; linen towel that belonged to the bride's great grand mother.

COMMISSIONERS' MEETING.

The county commissioners were in regular session Monday and Tuesday. The following accounts were allowed: Jno. Fenner, work at Cit. House 75; J. A. House, holding Oct. court 68 00; J. H. House, conveying prisoners 3 50; E. E. Norman, repair bridges 10 00; Jno. Whitehead, hauling coal 12 00; J. H. Fenner, tobacco for jail 1 00; Calvin Jones, paper coffin, 2 00; S. M. Hale, goods for county 64; B. H. Hale, goods for jail 10 40; J. A. House, jail account 300 00; B. H. Hale, goods for county 90; W. R. Shaw, work at crt. house 1 50; J. H. Norman, recording clerical work 105 20; J. H. Allsbrook, repair bridges 74 00; H. Burgess, burying pauper 2 00; Jno. Carroll, repairing bridges 10 00; J. B. Hunter, prisoner to jail 4 00; Wilcox Bros., coal for crt. house 145 20; Emry & Pierce, goods for county 33 48; J. N. Brown, drugs for county 9 57; G. P. Williams, building bridges 62 00; L. Vinson, laying off road 3 00; E. W. Hamill, repairing bridges 12 00; W. T. Williams, laying off road 3 00; R. Terry, feeding prisoner 90; W. R. Shaw, waiting on court 5 70; W. B. Drewery, court house acct 43 21; J. A. Perry, letting and receiving bridges 4 00; Froelich Trading Co., goods 68; Peter Odum, work on road 9 00; B. V. Butts, letting three bridges 6 00; J. M. Pearce, work at co. home 6 30; Geo. Hardy, repairing bridges 15 00; Hackney Bros., cart wheels 22 00; D. R. Anderson, goods for county 62 67; T. R. Hendricks, conv's prisoners 6 60; T. R. Hendricks, sum, witnesses 7 80; B. E. Bobbitt, repairing bridge 3 00; J. F. Peel, conveying prisoner 1 50; P. A. Rasberry, feeding prisoners 91 00; J. F. Peel, conveying prisoners 3 25; Dock Shearin, pauper coffin 2 00; Mack Drew, repairing fence 2 25; W. M. Cohen, drugs for county 26 50; Small-pox guard for Palmyra 22 00.

FREE BLOOD CURE.

AN OFFER PROVING FAITH. Bad Blood causes Blood and Skin Diseases, Eruptions, Pimples, Scrofula, Eating Sores, Ulcers, Cancer, Eczema, Skin Scabs, Eruptions and Sores on Children, Rheumatism, Catarrh, Itching Humors, etc. For these troubles a positive specific cure is found in B. B. B. (Bottled Blood Balm), the most wonderful blood purifier of the age. It has been thoroughly tested for the past thirty years and has always cured even the most deep-seated, persistent cases, after doctors and patent medicines had failed. B. B. B. cures by drawing out of the blood the poisons and humors which cause all these troubles, and a cure is thus made that is permanent. Contagious Blood Poison, producing Eruptions, Swollen Glands, Ulcerated Throat and Mouth, etc., cured by B. B. B., the only remedy that can actually cure this trouble. At druggists, \$1 per large bottle; six bottles (full treatment) \$5. We have faith in B. B. B., hence sufferers may test it. We will send a sample bottle free and prepaid. Write for it. Medical advice FREE. Address, BLOOD BALM CO., Atlanta, Ga.

WHY THIS COURSE?

Charity and Children.

A gentleman who lives on the Atlantic Coast Line told us the other day, that unlike the sections penetrated by the two other great railway systems in North Carolina, the country, and especially the towns, along the Coastal Line, are going backward instead of forward. And as an illustration he pointed to the fact that as soon as the trucking industry on the line absorbed the attention of the farmers, and they were in it so deep they could not get out, the Coastal Line began to squeeze them, and each year increased the freight rate until now the railroad swallows all the profits and leaves the farmers with nothing to show for their labor. Instead of encouraging the people they are systematically robbed of all their profits, and are powerless to help themselves. As a further proof this gentleman declared that not a single public institution in the State is on the Coastal Line, and because of the foolish policy adopted by this company business in every line is leaving this road and going toward the Seaboard and Southern. We had not had our attention called to this matter before, and publish it for what it is worth.

Have You Heard Of It?

You may have heard about SCOTT'S EMULSION and have a vague notion that it is cod-liver oil with all its bad taste and smell and all its other repulsive features. It is cod-liver oil, the purest and the best in the world, but made so palatable that almost everybody can take it. Nearly all children like it and ask for more.

SCOTT'S EMULSION

looks like cream; it nourishes the wasted body of the baby, child or adult better than cream or any other food in existence. It bears about the same relation to other emulsions that cream does to milk. If you have had any experience with other so-called "just as good" preparations, you will find that this is a fact. The hypophosphites that are combined with the cod-liver oil give additional value to it because they tone up the nervous system and impart strength to the whole body.

SCOTT & BOWNE, Chemists, New York.

CURED OF RHEUMATISM.

Coxville, Pitt Co., N. C. April 27, 1897.

Mrs. Joe Person: When you were here in July, 1893, I was suffering with Rheumatism. I had to walk with a stick. You advised me to try your Remedy. I took five bottles. It made a cure of me.

Yours truly, MRS. W. S. ROACH.

MORFOLK & CAROLINA R. R. CONDENSED SCHEDULE.

Dated Jan. 19th, 1898.

Table with columns: No. 1103, No. 49, STATIONS, No. 48, No. 1102. Rows: P. M., A. M., P. M., A. M.
