### Delightful Reception at Littleton.

Correspondence to The Commonwealth.

LITTLETON, N. C., Jan. 4, 1902. On the evening of New Year's day the sophomore class of Littleton Female College gave a most delightful reception complimentary to the faculty an I seniors. The college parlors were beautifully and artistically decorated with cut flowers, potted plants, and many crimson and gold-the class colors-flags.

Quite an entertaining programme, consisting of songs, instrumental solos and charades, was exceptionally well rendered. This class is composed of about twenty five young ladies, representatives of some of the finest students in the college.

Delicious and dainty refreshments were served in the spaclous dining hall which had been transformed into a scene of brilliancy and the same elegance and refinement of taste were there discernible in its decorations.

Conundrums and many amusing games of a literary character, consumed the remainder of an evening of unalloyed pleasure.

### Little Miss Brinkley Entertains.

On Friday evening, January 3, 1902 little Miss Mamie Fowle Brinkiey gave a delightful entertainment to her little friends. The parlor, halls and dining room were festooned with holly, cedar and foliage. The table was lovely, having a large pyramid of green and covered with a handsome lace cover. From it was dispensed all the season's dainties. It was an enjoyable time for the little folks, and they all wish their little friend much joy through the year and indeed for all time.

SICK BABIES

Having received your sample of Laxakola, was very much pleased with it, and have purchased a bottle for my baby. The Laxakola did wonders for my boy in case of bowel troubles. I have given up Castoria and give my baby nothing but Laxakola, and find it cheaper and a great deal better. I got it from C. H. & H. A. Lawton, cor. Union and Purchase Sts., New Bedford, Mass.

MRS. CLARENCE CASWELL,
North Dartmouth, Smith Mills, Mass,

Enclosed please find 50 cents in stamps for a bottle of Laxakola. I used your sample bottle and it gid all you claim for it, as it helped my baby wonderfully.

MRS. JOHN FASNACHT, Deposit, Dauphin Co., Pa. I wish to thank you very much for the good Laxakola has done my little nicee, Marion Lurline Bass. She is only two and one-half years old, and has suffered something awful from constitution. She has never had what you would call a natural movement. Sometimes we were almost afraid of convulsions, it hurt her so much, and she would be so frightened.

hart her so now, and she will take Laxakola without a fuss. We are pleased to think it helped her so much. Mrs. Ora Moffatt, Gorham, N. H. "My baby is four months old and is teething. He was sick and I tried a good many things, but nothing seemed to relieve him. I had a doctor, who said it was inflammation of the bowels, and that I would never pull him through, perhaps, if he were under his care. When I saw he was getting worse I stopped giving him his medicine, as he could keep nothing on his stomach. He was troubled with colic very much, and used to scream when he had a touch of it. I did not know what it was to close my eyes day or when he had a touch of it. I did not know what it was to close my eyes day or night. I gave him a few drops of Laxakola and it relieved him. I gave it to him a few times, and it worked like a charm, and he now rests pretty fair all night. He is a great deal better looking baby since I gave him Laxakola, and I think if all mothers knew how good it was, they would give nothing else to their sick babies. Mas. Mary Dalky, 507 First St., South Boston, Maec.

LAXAKOLA is a pure, gentle and painless liquid laxative, and contains valuable tonic properties, which not only act upon the bowels, but tone up the entire system and purify the blood. A few drops can be given with safety to very young babies, which will often relieve colic by expelling the wind and gas that cause it. Creat relief is experienced when administered to young children suffering from diarrhea, accompanied with white or oreen evacuations, as it neutralizes the acidity of the lowels and carries out the cause of the fermentation. LANAKOLA will aid digestion, relieve restlessness, assist nature and induce sleep. For constipation, simple fevers, coated tongues or any infantile troubles arising from a disordered condition

of the stomach, it is invaluable. as Try it Today. Send for a Free Sample. It may Save your Baby's Life or Prevent a Long and Serious Illness. It Costs Nothing; Send For It and mention Your Druggist's Name.
