MR. H. W. BLAKE DEAD—News has come from Charleston S. C., that Mr. H. W. Blake, a former resident of Scotland Neck, died there some days ago of fever.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles.

Remember the Opening.

The Scotland Neck tobacco market will open Thursday, August 6th.

Every preparation will be made by the proprietors of the warehouses to give a lively turn to the opening and to keep it so throughout the season.

While Scotland Neck's market has been comparatively small ever since its first opening, its record shows that prices have ranged here as high as on any market in Eastern Carolina.

Let all the farmers who have any tobacco ready put it on the market here the opening day.

The Graded School Building.

Work is progressing on the graded school building. It is being moved to the center of the school property from north to south, and will be placed well back toward Church street from east to west, leaving most of the grounds in front towards Main street.

The moving of the building will greatly improve the property and will make much better convenience for the school. Had the building not been moved, it would have been difficult to arrange play grounds for the large number of children that will attend the school, but with the building located as it now is the grounds can be arranged easily and there will be better opportunity for beautifying them.

Utah Groom and Kelford Bride.

The following item was sent from Kelford July 25th: "On Thursday there was a beautiful event here when Mr. W. A. Rowles, of Lewis county, Utah, was married to Miss Josy Evans, of Kelford. The bridegroom had journeyed nearly 2,000 miles to claim as his bride the woman he had never seen. The ceremony was performed in the Baptist church by Rev. John Wood, of Aulander, in the presence of a large audience.

"The bride is thirty-four years of age and the daughter of Mr. Samuel Evans, a respected farmer. The bridegroom is forty-four years of age, a native of Virginia, and went to Utah twenty-two years ago. They leave on Monday for Utah."

A SURGICAL OPERATION is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of them since.—H. A. Tidale, Summerton, S. C. For Blind, Bleeding, Itching and Protruding Piles no remedy equals DeWitt's Witch Hazel Salve. Sold by E. T. Whitehead & Co.

Mailed by Pictures.

The Rocky Mount Mortar says: "We learn that the Norfolk colored excursionists were badly disappointed in Rocky Mount, as they had been led to believe that we were situated in the western part of the State, and that great mountains loomed up all about us. They claimed that the circulars advertising the excursion had two or three mountain scenes on them. They were consoled by taking a look at the Falls and Hills adjoining."

VERY REMARKABLE CURE OF DIARRHOEA.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with the testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by E. T. Whitehead & Co., Scotland Neck, and

Temperance Meeting.

There will be a temperance meeting at the Methodist church tonight (Thursday) for the purpose of taking steps for some active work against the open saloon.

Every one who feels an interest in the matter is invited to attend the meeting.

Now don't say you are right on the temperance question any way, and so it will do no good for you to go. Your presence is needed to show your loyalty to the cause, and your absence might be a stumbling block in the way of some one else who otherwise might see his duty clear to give the cause his support.

Hon. R. B. White, of Franklinton, and State Senator from Franklin county, is expected to be present and address the meeting.

Let all turn out, ladies and gentlemen.

Rev. B. W. Spillman, whom every child knows as the great Sunday-school man, will be at the Teachers' Institute here Thursday. Everybody is invited to hear him. Of course a treat is in store for us all.

William Worthington, of Ayden, N. C., says, speaking of A. G. Cox Mfg Co.'s make of goods: "I have a pair of wheels that was made by Cox (father of A. G. Cox) in the year 1868 that I have used every year and have very nearly done all the hauling for a two horse farm with but little exception. They are still good and the tires have never been loose, and this dry weather they are still all right and are, I think, worthy of the name 'Tar Heel' Cart Wheels." Now don't you think they ought to come off the tax books? I have none of your new work, would say if there are improvements from the old they cannot be beat."

A dish of "Force", a bowl of cream, Is just the food to fit our whim, And keeps us cool," laughed "Sunny Jim." "Force" is an ideal summer food because it contains elements for nourishing every organ of the body, is easily digested, and the cream which we know is vigor, and at the same time does not make a river of fire out of the blood.
