There was a quiet marriage in the office of register of deeds in Halifax Monday. The bride was Miss Florence Mayo and the groom was Mr. Chas. Loving, both of Richmond, Va.

Soon after the arrival of the Southbound train a few minutes after 12 o'clock, with nimble steps the youthful lovers stepped into Mr. Fenner's office and applied for a marriage license. Upon being questioned as to their ages the young lady answered to 19 and the young gentleman to 21. They said their love affair was no new thing, but that it was of long standing,

Dr. J. E. Shield, of Scotland Neck happened to be at the court house, and as a Justice of the Peace, was called upon to perform the ceremony. With dignity, precision and brevity he took their marriage vows, which were three 'veses" apiece, and then gracefully congratulated them and sent them on their road of new happiness together. They spent the hours of the midday and afternoon in wandering about the historic old town, taking a stroll "by Quankey's stream," and returned to Richmond on the afternoon train

Gray-Taylor.

In the Methodist church at Atlantic, Va., at noon Wednesday, Feb. 14. 1906, Miss Carrie Taylor, daughter c! Mr. and Mrs. E. W. Taylor, was married to Mr. B. F. Gray, of Scotland Neck, Rev. A. A. Harriman, performing the ceremony.

Mess. John B. Gray and Robert H Gray, brothers of the groom, accom-

panied him from Scotland Neck. After the marriage an elaborate noon day breakfast was served at the home of the bride's parents, at which a large number of guests were present.

Immediately after the repast Mr. and Mrs. Gray boarded the train for Norfolk where they spent the night at the Monticello hotel and came to Scotland Neck the following day.

The bride is well known in Scotland Neck, having been head milliner with Morrisett Brothers for four seasons, and her many friends extend a warm welcome as she returns to make her home in Scotland Neck. She is richly endowed with many traits of noble Christian womanhood, is quite accomplished and is post-seed of rare charms in graceful may ers and personal beauty.

A Piea For Pedestrians.

Editor THE COMMONWEALTH: I hear much complaint among the walking people who cross the creek between Scotland Neck and the Joyner Elder A. J. Moore, of Whitaker's place. Just think of such a thing within two miles of

Consumption

There is no specific for consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come pretty near curing it, if there is anything to build on. Millions of people throughout the world are living and in good health on one lung.

Trom time immemorial the doctors prescribed cod liver oil for consumption. Of course the patient could not take it in its old form, hence it did very little good. They

ELLWOOD FENCE and let us show you for how little money you

can get absolute satisfaction.

The Ellwood has no welds to break and no twist of wires to slip, but is made with a diamond mesh, everyone being woven into its neighbor, thereby making it impossible for small stock to go through it when it contracts and and becomes slack as all wire

fences do more or less. If you will take the time to examine into the MERITS and DEMERITS of all the wire fencing sold on our market, you will find that the ELLWOOD LEADS THEM ALL in point of construction, and is equal if

not lower in price. OUR SECOND CAR LOAD FOR THIS YEAR will be in in a few days.

Yours for Wire Fencing.
